## UPSC To Implement Facial Recognition And AI Surveillance For Exams

The Union Public Service Commission (UPSC) of India is set to introduce facial recognition and artificial intelligence (AI) surveillance technologies to enhance the security and integrity of its examination process. This move aims to prevent impersonation and other forms of malpractice by accurately identifying candidates at exam centers.

Facial recognition technology operates by capturing and analyzing the unique features of a person's face, then matching these against a pre-existing database to verify identity.

Alongside this, AI surveillance will monitor exam centers through cameras, providing real-time alerts on any suspicious activities. This integration is expected to significantly bolster the credibility of the examination process. Despite the anticipated benefits, there are notable concerns regarding privacy and potential biases. Critics point out that facial recognition systems can produce false positives and negatives, potentially impacting innocent individuals. Furthermore, the extensive data collection involved in such technologies raises significant privacy issues. Advocates emphasize the need for clear regulatory frameworks and robust privacy protections to balance the use of these technologies with the rights of individuals. This initiative by the UPSC reflects a broader trend in India where various governmental and security agencies are increasingly adopting facial recognition and AI technologies for enhanced surveillance and security.

## Centre Ousts Exam Body Chief, CBI To Investigate NEET-UG Irregularities

-VidyarthiMitra News Desk

Amid Protests Nationwide And Criticism From The Opposition, The Centre Has Removed Subodh Kumar Singh, The Chief Of The National Testing Agency (NTA), Following Allegations Of Irregularities In NEET-UG And The Cancellation Of The UGC-NET Exam. The Ministry Of Personnel Announced On Saturday That Retired Indian Administrative Service (IAS) Officer Pradeep Singh Kharola Will Take Over As The Director General Of The NTA. Kharola, Currently The Chairman And Managing Director Of The India Trade Promotion Organisation, Will Hold This Position Until A Permanent Appointment Is Made. This Decision Coincides With The Establishment Of A Committee Tasked With Recommending Improvements For The Agency. It Also Precedes The Retesting Of Approximately 1,500 NEET-UG Students Who Received Grace Marks. The CSIR UGC NET Exam, Initially Set For June 25-27, Was Postponed Due To "Logistical Reasons," And The NEET-PG Exam Scheduled For Sunday Was Rescheduled At The Last Minute On Saturday.

Additionally, The Government Has Handed Over The Investigation Into The Alleged NEET-UG Paper Leaks And Other Irregularities To The CBI. This Includes The Leaks That Caused The UGC NET Exam Cancellation. Sources Indicate That Continuous Allegations Of Exam Leaks, Student Inconvenience, And Growing Dissatisfaction Had Undermined Singh's Position. Pressure From The Opposition And Critical Remarks From The Supreme Court Regarding The NTA Also Contributed To His Removal. Education Minister Dharmendra Pradhan Has Hinted At A Comprehensive Overhaul Of The NTA, A Directive Reportedly Endorsed By Prime Minister Narendra Modi During A Recent Cabinet Meeting.

## Maharashtra State to Conduct Additional Entrance Test Round for BMS, BBA, BCA, and BBM Programs

-VidyarthiMitra News Desk

Maharashtra state is set to conduct an additional round of entrance tests for Bachelor of Management Studies (BMS), Bachelor of Computer Application (BCA), Bachelor of Business Management (BBM), and Bachelor of Business Administration (BBA) programs due to requests from students and parents. This decision follows the initial test on June 29, which many missed due to lack of awareness. Previously, admission to these undergraduate courses relied solely on Class 12 results. However, this year, the state introduced an entrance test and centralized admission process (CAP) for these programs categorized as 'professional'

by the All India Council for Technical Education (AICTE). Many students, unaware of the new process, found themselves unable to secure admission based on Class 12 results alone. Consequently, they appealed for another opportunity to take the entrance test. The state CET Cell agreed to the additional session after consulting with the government, although the new test schedule is yet to be announced. This move aims to fill approximately 1.08 lakh seats available across state colleges for these programs. Despite 53,748 registrations, only 48,135 students appeared for the exam, indicating potential vacancies.

## Savitribai Phule Pune University Announces New B.Tech Data Science Program

-VidyarthiMitra News Desk

Pune, India - June 24, 2024 - Savitribai Phule Pune University (SPPU) is pleased to announce the admission details for its new Bachelor of Technology (B.Tech) program in Data Science, set to begin in the academic year 2024-25. This innovative program is designed to prepare students for the rapidly evolving fields of data science, machine learning, and artificial intelligence (AI).

**Program Highlights**

Degree: B.Tech in Data Science

Duration: Eight semesters (Four years)

Intake Capacity: 60 students

Annual Fees: Approximately ₹1,60,000

Eligibility Criteria

Candidates seeking admission to the B.Tech Data Science program must have completed their 12th grade with a science background, including Mathematics.

**Key Features of the Program**

SPPU's Department of Technology has developed a curriculum aimed at producing "knowledge workers" equipped with the critical skills needed to excel in the data-driven world.

The program focuses on:

**Dedicated Placement Assistance:** Helping students transition smoothly into the job market.

**Highly Qualified Faculty:** Ensuring top-

notch education and mentorship. **Project-Based Learning:** Emphasizing hands-on, practical experience. **Industrial Expert Webinars:** Providing insights from leading industry professionals. **Practical Laboratories:** Offering state-of-the-art facilities for experiential learning. **Mini Projects/Internships:** Giving students real-world exposure in manufacturing and IT domains. **Exposure to Industrial Challenges:** Preparing students to tackle real-world problems effectively. The B.Tech Data Science program is tailored to address the needs of the manufacturing and IT sectors, which together account for nearly 70% of global employment in data science and AI. Graduates will be well-positioned to make significant contributions to their fields, driving innovation and operational efficiency.

## NIOS 2024: Class 12 Results Released; Check at results.nios.ac.in

-VidyarthiMitra News Desk

**Key Points:**

- Result Declaration: The National Institute of Open Schooling (NIOS) has announced the Class 12 results for the April 2024 session.
- Availability: Results can be checked on the official websites [results.nios.ac.in](https://results.nios.ac.in) and [results.nios.ac.in](https://results.nios.ac.in).
- Exam Dates: Exams were conducted from April 6 to May 22, 2024, with practical exams held from March 11 to March 27, 2024.

**Steps to Check NIOS Class 12 Results 2024:**

- Visit the Official Website: Go to [results.nios.ac.in](https://results.nios.ac.in).
- Navigate to Results Section: Click on 'Exams/Result' on the homepage.
- Select Result Link: Click on 'Public Exam Result April Session 2024'.
- Log In: Enter your enrollment number and the captcha code.
- View Results: Click the 'Submit' button to view your results.
- Download and Print: Download the result and take a printout for future reference.

**Additional Information:**

- Documents: Students can collect their migration-cum-transfer certificates and marks sheet-cum-certificates from their respective Accredited Institutes (AIs). The online result is provisional.
- Correction Requests: If there are discrepancies, students can request corrections within 30 days of result declaration.
- Passing Criteria: A minimum of 33% is required in each subject's theory and practical papers, as well as overall in the main subjects.
- Rechecking and Revaluation: Students dissatisfied with their results can apply for rechecking or revaluation within 15 days of the result announcement. The fee is Rs. 300 per subject for rechecking and Rs. 800 per subject for revaluation.

**Alternate Ways to Access Results:**

• Via SMS: Type and send an SMS to 567650 with your enrollment number. The result will be sent to your phone.

• Using DigiLocker: Create an account on DigiLocker to access your provisional certificates and other documents.

## Education Minister Dharmendra Pradhan Takes Responsibility for NEET Errors, Establishes High-Level Panel

-VidyaarathiMitra News Desk

Education Minister Dharmendra Pradhan has acknowledged irregularities in this year's NEET undergraduate exam, specifically in Bihar, and announced the formation of a high-level committee to address these issues within the National Testing Agency (NTA). This marks a shift from his earlier stance denying evidence of a paper leak.

Pradhan accepted "moral responsibility" for the situation, noting that preliminary evidence from Bihar Police indicates the irregularities were confined to certain areas and may not require a nationwide retest. One option being considered is a retest for affected test centers only.

He emphasized the need to maintain quality and transparency, assuring strict action against those responsible, including NTA officials if necessary. Pradhan ruled out a nationwide cancellation of NEET, arguing that it would unfairly impact many students, especially those from rural areas.

Approximately 24 lakh students took the NEET exam this year. The government is awaiting further information from Bihar Police before deciding on NEET-UG 2024 and potential retests. Pradhan explained the difference in handling the NEET-UG and UGC-NET cases, stating that the latter's cancellation was based on concrete evidence of a paper leak on the dark web. The government promptly canceled UGC-NET and initiated a CBI inquiry upon confirming the leak. On the high-level committee, Pradhan said it would include experts from various fields and would be announced soon. He also mentioned that the Law Ministry is working on framing rules for the Public Examinations (Prevention of Unfair Means) Act.

Finally, Pradhan clarified that ongoing developments would not affect the NEET-UG retest scheduled for June 23 for 1,563 candidates impacted by errors at six centers in Haryana.

## BITSAT 2024 Session 2 Admit Card Now Available for Download

-VidyaarathiMitra News Desk

**BITSAT 2024 Session 2 Admit Card:** The Birla Institute of Technology and Science (BITS) Pilani has released the admit card for the second session of the Birla Institute of Technology and Science Admission Test (BITSAT) 2024 on June 21. Candidates who have registered for the exam can download their admit cards from the official BITSAT website at bitsadmission.com.

**Exam Schedule:** The second session of BITSAT 2024 is scheduled to take place from June 24 to June 28.

**Admit Card Details:**

**Accessing the Admit Card:** To download the BITSAT 2024 admit card, candidates need to enter their application number and password.

**Required Documents:** Candidates must bring their BITSAT 2024 session 2 admit card along with a valid photo ID (such as a driver's license, passport, voter ID card, or Aadhar card) for verification.

**Admit Card Information:**

The admit card includes the application number, test centre name and address, candidate's name, signature, and exam date and time.

**Correction Requests:** If any discrepancies are found, applicants should immediately contact the exam authority to request corrections.

**BITSAT 2024 Session 2 Exam Pattern:**

**Format:** The BITSAT 2024 exam is a computer-based online test conducted in English.

**Duration:** The exam duration is three hours.

**Sections and Questions:**

Part 1: Physics (30 questions)

Part 2: Chemistry (30 questions)

Part 3: English Language Skills (10 questions) and Logical Reasoning (20 questions)

Part 4: Mathematics (40 questions)

**Scoring:** Each correct answer awards three points, while one point is deducted for each incorrect answer.

**Steps to Download BITSAT 2024 Session 2 Admit Card:**

**Visit the Website:** Go to bitsadmission.com.

**Access the Admit Card Link:** Click on the link for the BITSAT 2024 session 2 admit card on the homepage.

**Enter Credentials:** Provide the necessary login credentials.

**Download and Print:** Download the admit card and print it for future reference.

For further details and updates, candidates should visit the official BITSAT website.

## Maharashtra Government Forms Panel to Develop Comprehensive Skill Education Policy

-VidyaarathiMitra News Desk

For the first time, the Maharashtra government has established a committee to devise a skill education policy for the state, aiming to streamline various skill development initiatives.

The 10-member committee, comprising academicians, skill education and entrepreneurship experts, industry professionals, and government representatives, was formed by the Skill Development and Entrepreneurship Department to draft the skill policy.

A department official stated, "To enhance manpower capacity and foster entrepreneurship among young people, there are various projects, initiatives, and programs throughout the state. Multiple educational

institutions offer various skill-oriented courses. Coordination among these is necessary to effectively create quality manpower and incubate enterprises, which this policy aims to achieve."

Industrial Training Institutes (ITI) across Maharashtra offer a range of skill-oriented courses. Additionally, many universities and autonomous colleges have begun offering degree-level courses focused on specific skills, particularly those that meet local industry needs. Universities have been instructed to encourage entrepreneurship, leading many state universities to establish incubation centers or start-up clinics.

## CBSE launches NEP 2020-aligned online capacity building programmes for educators

-VidyaarathiMitra News Desk

The Central Board of Secondary Education (CBSE) has launched Online Capacity Building Programmes for educators, aligning with NEP 2020. These programs aim to enhance career counselling and psychosocial support skills.

The Central Board of Secondary Education (CBSE) has introduced a series of Online Capacity Building Programmes (CBPs) for counsellors and teachers. These initiatives align with the National Education Policy (NEP) 2020, emphasising the importance of comprehensive counselling in fostering students' academic and personal development.

The CBPs aim to enhance educators' knowledge and skills in critical areas such as career counselling and psychosocial support. Participants will learn to assist students in exploring career options, setting realistic goals, and planning for future success.

**SCHEDULE OF ONLINE SESSIONS**

The CBPs will be conducted online, with each

session lasting for 2 hours:

June 25: Career assessment in counselling  
June 26: Importance of psychometric assessments by school counsellors

June 27: Identifying talent and goal setting at a young age

**Live session access:** Links to live sessions will be available on the registration page 10 minutes before the start.

**Interactive participation:** Principals, counsellors, and teachers will have the chance to interact directly with mentors and resource persons, ask questions, and share insights.

**Recommended attendance:** All school teachers interested in these topics are encouraged to attend.

**Certification:** To receive a certificate of participation, attendees must complete the entire session and fill out an assessment and feedback form, which will be available immediately after each session on the registration page. This form must be completed on the same day as the session.

## Government Introduces Tough New Law to Combat Exam Fraud

-VidyaarathiMitra News Desk

In a decisive step to tackle the issue of exam paper leaks and cheating during public examinations, the government unveiled the Public Examinations (Prevention of Unfair Means) Act, 2024 on Friday. This legislation is enacted amidst ongoing controversies surrounding exams like NEET and UGC-NET, plagued by accusations of paper leaks and other irregularities.

The Act aims to prevent unfair practices in public exams conducted by major bodies such as UPSC, SSC, railways, banking recruitment exams, and NTA.

**Key Highlights of the Act:**

1. **Harsher Penalties:** Individuals involved in leaking exam papers or manipulating answer sheets face a minimum three-year prison term, extendable to five years, and fines up to Rs 10 lakh.

2. **Serious Offences:** All offences under the Act are deemed cognisable and non-bailable, allowing authorities to arrest suspects without a warrant, and barring them from automatic bail.

3. **Accountability for Providers:** Service providers aware of potential

malpractice but failing to report it can be fined up to Rs 1 crore.

4. **Targeting Organized Crime:** The law takes a tougher stance against organised cheating. Senior officials within service providers implicated in such activities face a prison term of three to 10 years and a fine of Rs 1 crore.

5. **Protection for Innocents:** The Act offers safeguards to individuals who can prove they were unaware of the offence and took steps to prevent it.

The NEET and UGC-NET exams, crucial for medical and academic careers, have been particularly affected. NEET, conducted with about 24 lakh candidates, faced allegations of paper leaks, notably in Bihar. Meanwhile, UGC-NET was entirely cancelled due to suspected compromises in exam integrity.

Against this backdrop, the NTA announced the postponement of the June edition of Joint CSIR-UGC-NET, citing logistical issues and unavoidable circumstances. This exam is pivotal for determining eligibility in junior research fellowships, assistant professorships, and PhD admissions in science disciplines.

## FYJC round 1 list on June 27

-VidyaarathiMitra News Desk

In Pune, the window for students to submit grievances regarding the provisional merit list for First Year Junior College (FYJC) admissions ended on Friday. The final general allotment list is expected on June 27, and students can confirm their admissions in the first round between June 27 and July 1. The first round of quota admissions (in-house and management) also concluded on Friday. Colleges have been instructed to display their quota vacancies and submit any remaining vacant seats to

the centralised admission rounds if they are not participating in the second round of quota admissions.

"The first round of quota admissions is complete. Colleges were directed to prepare a merit list, and students were asked to confirm their admissions between June 18 and 21," said Rajendra Ahire, Deputy Director of Education, Pune Division. No grievances or corrections were reported during the June 18 to 21 period for checking the status of applications in the provisional merit list.

## NEET UG 2024 Re-Exam Announced for 1,563 Affected Candidates

-VidyaarathiMitra News Desk

The National Testing Agency (NTA) has announced that it will hold a re-examination for 1,563 candidates who received compensatory marks during the NEET UG 2024 exam conducted on May 5, 2024.

According to an official notice, the NTA has decided to reconduct the NEET UG 2024 exam on June 23, 2024, for these candidates who experienced time loss during the original examination.

The re-exam is scheduled from 2:00 pm to 5:20 pm, with the results expected to be declared by June 30, 2024. The scorecards issued

to the affected candidates on June 4, 2024, will be canceled and withdrawn. The NTA has clarified that the re-examination is only for the 1,563 candidates who received compensatory marks. Candidates who choose not to participate in the re-exam will have their results declared based on the actual marks obtained in the May 5 exam, without any compensation. For those who opt to take the re-test, the new marks obtained will be considered, and the marks from the May 5 examination will be disregarded.

## MHT CET 2024 (State Level)

-VidyaarathiMitra News Desk

MHT CET (Maharashtra Common Entrance Test) paves the way for aspirants seeking admission to engineering, pharmacy, and agricultural programs in Maharashtra. The exam for the PCM (Physics, Chemistry, and Mathematics) group is scheduled from June 20th to 24th, 2024.

Eligibility: Ensure you've completed your 10+2 exams with subjects as per the course you're applying for (e.g., Physics, Chemistry, and Biology for Pharmacy).

Exam Structure: The exam format involves multiple-choice questions focusing on Physics, Chemistry, and Mathematics for engineering aspirants. Hone your test-taking skills and revise core scientific concepts.

Important Points to Remember:

The application process usually starts in January and ends in March. Don't miss out on crucial deadlines! Check the official website for confirmation.

Since it's an online exam, practising online test-taking strategies can be beneficial.

Website: <https://cetcell.mahacet.org/>

## Karnataka TET Exam Scheduled for June 29, 2024

-VidyaarathiMitra News Desk

The Karnataka School Education Department has announced the date for the upcoming Karnataka Teacher Eligibility Test (KARTET) 2024 examination. The KARTET 2024 exam will be conducted on June 29, 2024, marking a crucial milestone for aspiring teachers in the state. According to the official notification,

the KARTET 2024 will be an offline, objective-type examination consisting of multiple-choice questions (MCQs). The exam will be divided into two papers - Paper I for teaching Classes 1 to 5, and Paper II for teaching Classes 6 to 8. Each paper will have a duration of 150 minutes and a total of 150 questions.

## MPPSC Exam Dates Rescheduled for 138 Posts

-VidyaarathiMitra News Desk

The Madhya Pradesh Public Service Commission (MPPSC) has announced the official notification for the recruitment of 138 posts. The preliminary examination for the State Services (Rajya Sewa Pariksha) & Forest Services posts has been rescheduled to 23rd June 2024. The preliminary examination was initially scheduled for 28th April 2024 but was postponed due to the Lok Sabha Elections.

Key Details of the MPPSC Exam 2024:

- Prelims Exam Date: 23rd June 2024
- Mains Exam Date: To be announced
- Interview Date: To be announced
- Result Date: To be announced

Eligibility Criteria:

- Age Limit: 21 years to 40 years for non-uniformed posts and 21 years to 33 years for uniformed posts
- Education: Graduate degree for various posts

Vacancies:

- State Services (Rajya Sewa Pariksha): 60 posts
- Forest Services: 28 posts

## COMEDK UGET 2024 (State Level)

-VidyaarathiMitra News Desk

COMEDK UGET serves as the key to pursuing undergraduate engineering courses at various universities in Karnataka. Mark June 25th, 2024, on your calendar if you aspire to study engineering in this state.

Eligibility: Have you completed your 10+2 or equivalent exams with Physics, Chemistry, and Mathematics? If yes, you might be eligible to take COMEDK UGET.

Exam Structure: Get ready for a computer-based online exam consisting of 180 multiple-choice questions (MCQs) divided equally among Physics, Chemistry, and Mathematics. Sharpen your problem-solving skills and brush up on important concepts from these subjects.

Important Points to Remember:

Online registration typically starts in January and closes in April. Double-check the official website for confirmation to avoid missing deadlines.

Practice solving MCQs efficiently to manage your time effectively during the exam.

Website: While the provided website (<https://collegedunia.com/exams/comedk-uget/news>) might not be the official one, use it to find the official COMEDK UGET website.

## CUET (UG) 2024 (National Level)

-VidyaarathiMitra News Desk

CUET (UG) 2024 (National Level)

Exam Dates: Typically held in July/August. However, confirm the exact dates on the official website closer to the exam.

Purpose: The Central Universities Entrance Test (CUET) serves as a single entrance exam for undergraduate admissions to various Central Universities across India, including some universities in Maharashtra.

Eligibility: Eligibility criteria might vary depending on the university and program you're applying to. Generally, you'll need to have passed your 10+2 exams with a minimum percentage requirement. Check the specific university's website for details.

Structure: The exam format is modular, meaning you'll take multiple sections based on the program you're applying for. These sections can cover subjects like:

Language

(English, Hindi, and other regional languages)

Domain-specific subjects relevant to your chosen program (e.g., Physics, Chemistry, Biology for science courses; History, Political Science, Economics for social science courses) General Knowledge and Awareness

Important Points to Remember:

The specific subjects you need to take will depend entirely on the program you're applying for. Carefully review the program details and exam syllabus on the university's website.

Applications typically open in March/April. Don't miss the deadline!

Since the exam covers multiple subjects, a well-structured study plan considering all sections is crucial.

Website: While an official website isn't available yet, you can find updates on University Grants Commission (UGC) India

## SSC CPO 2024

-VidyaarathiMitra News Desk

The Staff Selection Commission (SSC) conducts the SSC CPO Exam annually to recruit candidates for the positions of Sub Inspector in Delhi Police and Sub Inspector in CAPFs. The official SSC CPO 2024 Notification was published on March 4, 2024, on the SSC website (<https://ssc.gov.in/>), announcing 4,187 vacancies for Sub Inspector roles. According to the official announcement, the SSC CPO 2024 Computer Based Examination (CBE) will take place on June 27th, 28th, and 29th, 2024.

The Staff Selection Commission (SSC) will recruit 4,187 Sub-Inspectors (SI) for CAPFs and Delhi Police through the SSC CPO 2024 exam. Key details:

Overview

- Posts: Sub Inspector (Executive) in Delhi Police, Sub Inspector (General Duty) in CAPFs
- Vacancies: 4187
- Exam Dates: 27th, 28th, 29th June 2024
- Official Website: [ssc.gov.in](https://ssc.gov.in)

Important Dates

- Notification Release: 4th March 2024
- Application Deadline: 28th March 2024
- Exam Dates: 27th, 28th, 29th June 2024

Eligibility

- Nationality: Indian citizen or subject of Nepal/Bhutan
- Education: Bachelor's Degree
- Age: 20-25 years (as of 01.08.2024)

Application Fee

- General/OBC Male: Rs. 100/-
- Women/SC/ST/ESM: Exempted
- Payment: Online

Selection Process

1. Paper 1 - Computer Based Test
2. Physical Standard Test (PST) and Physical Efficiency Test (PET)
3. Paper 2 - Computer Based Test
4. Detailed Medical Examination (DME)

Exam Pattern

- Paper 1: General Intelligence & Reasoning, General Knowledge, Quantitative Aptitude, English Comprehension (50 questions each, 200 marks total, 2 hours)
- Paper 2: English Language & Comprehension (200 questions, 200 marks, 2 hours)
- Negative Marking: 0.25 marks per wrong answer

Admit Card and Results

- Admit Card: Available on SSC website
- Results: Published on SSC website after each stage

For detailed information, visit the [official SSC website](https://ssc.gov.in).

## Maharashtra FYJC Admission 2024 Merit List

-VidyaarthiMitra News Desk

Maharashtra FYJC Admission 2024 Merit List

The School Education and Sports Department of Maharashtra has announced the first merit list for First Year Junior College (FYJC) admissions for 2024. The merit list is accessible on the official website: [11thadmission.org.in](http://11thadmission.org.in). This list is essential for students aspiring to join Class 11 across Maharashtra.

According to the official notification, the provisional merit list is now available in the student login section. Students should check their merit numbers and verify other details. If any discrepancies are found, students can submit their grievances through the grievance module.

Steps to Check Maharashtra FYJC First Merit List 2024:

1. Visit the Official Website: Go to [11thadmission.org.in](http://11thadmission.org.in).
2. Select Your Region: Choose the region where you applied.
3. Access the Merit List: Click on the link for "FYJC Merit List (2024-25)".
4. Verify Your Details: Check the merit list using your roll number and name.

5. Download and Print: Save a copy of the merit list for future reference.

Post Merit List Procedures:

After the release of the merit list, candidates must:

- Undergo online document verification.
- Submit fees.

- Fill out undertaking forms.

Candidates allotted a seat in their first preferred college must confirm their admission. Failure to do so will exclude them from consideration in subsequent rounds.

Schedule for Further Admission Rounds:

After the completion of the first round, additional Centralized Admission Process (CAP) rounds will follow:

- Round 2: Tentatively scheduled for release on July 2 and conclude on July 8.
- Round 3: Scheduled for release on July 9.
- Round 4: Scheduled for release on July 19.

Candidates are advised to stay updated with further announcements and adhere to the admission schedule to secure their preferred college for Class 11 in Maharashtra.

## Direct Admission To Board Toppers In Integrated First Degree (B.E., M.Sc., and B.Pharm.) Programmes

-VidyaarthiMitra News Desk

The institute offers direct admission to top-ranking students from all central and state boards in India, regardless of their BITSAT-2024 scores. This initiative aims to attract highly meritorious students nationwide.

Top students from the Physics, Chemistry, Mathematics (PCM) stream can choose any first-degree program, while those from the Physics, Chemistry, Biology (PCB) stream are eligible only for the B. Pharm program.

Applicants must meet the minimum required marks in their PCM/PCB subjects in the 12th class examination.

Eligibility: Topper from science stream with Physics, Chemistry, Mathematics (PCM) or Physics, Chemistry, Biology (PCB) in 12th grade.

Program Admission: PCM toppers can choose

any first-degree program; PCB toppers eligible for B. Pharm only.

Topper Criteria: Must have taken Physics, Chemistry, and Mathematics/Biology in 12th grade and achieved the highest aggregate percentage in these subjects.

Inclusion of Marks: Physics, Chemistry, and Mathematics/Biology marks are included in the aggregate regardless of their designation as main/optional/elective.

First Rank Declaration: Only the student announced as the first rank holder by the board is eligible; a maximum of 4 candidates if multiple first rank holders.

Tie-breaking: Scores in 12th grade Mathematics, Physics, Chemistry, then 10th grade Mathematics, Science, and potentially additional criteria like a written test.

## ITI – Industrial Training Institute Admission Process 2024

-VidyaarthiMitra News Desk

Mumbai: The Directorate of Vocational Training and Education under the Department of Skill, Employment, Entrepreneurship and Innovation, Government of Maharashtra has started the admission process for the August 2024 session in Government and Private Industrial Training Institutes (ITI). For this Centralized Online Admission Process will be adopted.

Admission process

1. Last date of application submission is 30 June 2024.
2. Completion of Application: Candidates have to fill the basic information, edit the information in the application, and pay the application fee while filling the application. Registration of primary mobile number is mandatory.
3. Application Verification: After filling the application form candidates have to submit their required documents to government or private ITI institutes for verification.
4. Admission Fee: For reserved category Rs. 100, for unreserved category Rs. 150, for candidates outside Maharashtra Rs. 300, and for NRI candidates Rs. 500

Schedule

Online Application: 3rd June 2024 to 30th June 2024

Application Verification: 5 June 2024 to 1 July 2024

Preliminary Merit List: 4 July 2024

Registration of Objections: 4 July 2024 to 5 July 2024

Final Merit List: 7 July 2024

First Admission Round: 15 July 2024 to 19 July 2024

Second Admission Round: From 15 July 2024

Guidance session

A free guidance session has been organized from 3rd June 2024 daily from 10.00 am to 11.00 am in every government and private ITI institutes to guide the admission process. Interested candidates should avail this facility. get in touch

For more information and technical assistance, candidates may contact the nearest ITI institute or helpline of the concerned department between 10 AM to 6 PM.

Official Websites

## Mumbai University Admission Process for 2024

-VidyaarthiMitra News Desk

Mumbai University has announced its 2024 admission process, which is based on merit and entrance exams for various UG, PG, and doctoral programs. The application process, conducted online, includes the release of merit lists in June and July. The university offers over 200 programs through its 50+ departments, 12 specialized centers, and 781 affiliated colleges. Applications are shortlisted based on entrance exam scores and qualifying exam aggregates. For some PG courses, personal interviews and group discussions are conducted.

### Steps for Mumbai University Admission Process 2024

STEP 1: Mumbai University Application Process 2024

Applications are accepted online. Eligible candidates can apply on the official website (<https://mu.ac.in/>)(<https://mu.ac.in/>). The application form must be accurately completed and submitted by the due date, with all details matching official documentation.

STEP 2: Shortlisting of Students

Applications are shortlisted based on entrance exam scores. For UG courses, admissions are granted based on aggregate scores in the last qualifying examination. A cutoff list may be released for some courses.

STEP 3: Personal Interview & Group Discussion

For certain PG courses, shortlisted candidates are invited for personal interviews and group discussions. Final selection is based on overall performance in these selection rounds.

STEP 4: Seat Allotment & Admission Confirmation

Selected candidates must pay the admission fee to confirm their seat. They may need to visit the university or respective college campus to submit necessary documents and finalize admission.

## JNU Opens Admissions for MSc in Biotechnology and Computational Sciences

-VidyaarthiMitra News Desk

Jawaharlal Nehru University (JNU) in Delhi has begun the application process for its MSc programs in Biotechnology and Computational and Integrative Sciences for the upcoming academic year. Admission to these courses will be based on Graduate Aptitude Test-Biotechnology (GAT-B) scores. The deadline for submitting applications is June 27, with the first merit list to be published on July 8. The final date for admission and registration is August 14. JNU has allocated 30 seats for Biotechnology and 15 seats for Computational and Integrative Sciences. Prospective students must submit their applications online through the JNU website, including their GAT-B registration number, score, and rank. The university will use these scores to compile a category-wise merit list for admissions.

### Eligibility Criteria:

- MSc in Biotechnology: Bachelor's degree under the 10+2+3 system in relevant fields such as physical, biological, agricultural, veterinary, and fishery sciences, pharmacy, engineering/technology, or a 4-year BSc (Physician Assistant Course), MBBS, or BDS, with at least 55% marks.
- MSc in Computational and Integrative Sciences: Minimum of 55% marks in a Bachelor's degree in any branch of basic and applied science or technology.

### Steps for Online Registration Process:

1. Fill in Personal Details:
  - Access the online application form on the JNU website.
  - Enter your personal information as required.
2. Fill in Qualification Details:
  - Provide details about your educational background, including your GAT-B registration number, score, and rank.
3. Upload Scanned Images:
  - Upload a scanned image of your photograph (size between 10 kb to 200 kb, in jpg/jpeg format).
  - Upload a scanned image of your signature (size between 4 kb to 30 kb, in jpg/jpeg format).
4. Pay the Application Fee:
  - Complete the payment of the application fee through the online payment mode provided on the application portal.

For more information and to apply, visit [JNU Admissions](<https://jnuee.jnu.ac.in/jnumscreg20ex24/Regprocess.aspx>).

## SSC GD Constable Recruitment 2024

-VidyaarathiMitra News Desk

The Staff Selection Commission (SSC) has released an updated vacancy list for the highly anticipated GD Constable Recruitment 2024. The number of vacancies has significantly increased from the initially announced 26,000 to 46,617.

This expansion offers more opportunities for young individuals aiming for careers in the Central Armed Police Force (CAPF), Sashastra Seema Force (SSF), and Assam Rifles.

A detailed breakdown reveals that the majority of vacancies (46,617) are allocated for male candidates, with 5,150 reserved for female candidates. The comprehensive list includes state-wise, category-wise, force-wise, and gender-wise segmentation, ensuring transparency and helping candidates evaluate their chances.

SSC GD Constable Recruitment 2024: Direct Link to Check Vacancy Details  
Those interested in applying can find the revised vacancy list on the SSC official website [here](#). This update follows the SSC exams for GD Constable posts conducted in February and March 2024.

The increased vacancies suggest a potential expansion of the security forces. With the application process expected to start soon, eligible candidates should begin their preparations and regularly check the SSC official website for further updates.

## 59 Vacancies at the Centre for Development of Advanced Computing (CDAC)

-VidyarthiMitra News Desk

The Centre for Development of Advanced Computing (CDAC) has announced a recruitment drive to fill a total of 59 vacancies for various positions. This is an excellent opportunity for qualified candidates to join a premier R&D organization in the field of advanced computing and information technology.

Details of Vacancies:

The 59 vacancies are for the following positions:

1. Program Manager:

- Responsible for overseeing and managing multiple projects, ensuring that they align with the organization's strategic goals. The role includes coordinating between different teams, managing resources, and ensuring that project timelines and budgets are adhered to.

2. Project Engineer:

- Engaged in the technical aspects of projects, including designing, developing, and testing software and hardware solutions. Project Engineers are also involved in troubleshooting and providing technical support throughout the project lifecycle.

3. Project Manager:

- Overseeing the planning, implementation, and tracking of specific short-term projects. Responsibilities include defining project scope, goals, and deliverables, developing project plans, and managing project staff.

4. Senior Project Engineer:

- Taking on advanced technical tasks within projects, often leading junior engineers. Senior Project Engineers are expected to have a deeper expertise and experience in their field, contributing to complex problem-solving and innovation.

Educational Qualifications:

Candidates must meet specific educational qualifications for each position. These typically include advanced degrees in relevant fields such as computer science, information technology, electronics, and communication engineering. Work experience and certifications relevant to the position may also be required. For detailed information on educational qualifications, please download and refer to the original advertisement provided by CDAC.

Application Process:

- Application Deadline: Interested candidates must submit their applications online by June 19, 2024.
- How to Apply: Applicants should visit the official CDAC website and follow the instructions for submitting their application. Ensure that all required documents, such as educational certificates, work experience certificates, and identification proofs, are uploaded accurately.

Interview and Selection Process:

The selection process typically includes multiple stages:

- Screening of Applications: Initial screening based on the candidate's qualifications and experience.
- Written Test/Technical Interview: Depending on the position, candidates may be required to take a written test or attend a technical interview.
- HR Interview: Candidates who pass the technical round may be invited for an HR interview to assess their fit within the organization.

Additional Information:

For more details, including job descriptions, eligibility criteria, and application procedures, candidates are advised to download and read the original advertisement carefully. This document will provide comprehensive information about the roles, responsibilities, and expectations for each position.

By joining CDAC, candidates will have the opportunity to work on cutting-edge projects and contribute to advancements in technology that have a significant impact on society. CDAC is known for its innovation and excellence, and this recruitment drive is a chance to be part of this prestigious organization.

## Vacancies for Various Positions in the Indian Coast Guard

-VidyarthiMitra News Desk

A total of 320 vacancies for various positions in the Indian Coast Guard are open for online applications from eligible candidates.

- Positions available for Navik (General Duty) and Yantrik.

## Australian University Invites Applications For Scholarship Programme

-VidarthiMitra News Desk

Deakin University in Australia is accepting applications for the Vice-Chancellor's Meritorious Scholarship Programme (VSMSP) 2024. This program provides 10 full-fee scholarships, each worth over Rs 60 lakh, for undergraduate and postgraduate studies across any discipline at Deakin's campuses in Victoria. One scholarship is specifically for sports studies.

As part of the 'Changing Lives' initiative, these scholarships recognize Indian students with exceptional academic performance and global impact potential. The selection process, managed by Deakin's South Asia office in New Delhi, includes application reviews, referee recommendations, online interviews, and in-person panel interviews.

Eligibility Criteria:

Undergraduate Courses:

Must reside in India.

- Predicted Year 12 scores can be submitted; final selection based on actual results.

- Must meet English proficiency requirements.

- Significant co-curricular achievements required.

Postgraduate Courses:

- Must reside in India.

- 85% or above in Year 12 (CBSE/ICSE/State Board) or 80% or above in undergraduate degree.

- Must meet English proficiency requirements.

- Significant co-curricular achievements required.

Candidates should review the requirements and submit documentation via Deakin University's website. Additional scholarships and grants covering up to 25% of tuition fees are also available. For more details and to apply, visit the Deakin University website, <https://deakinuniversity.in/vcscholars>

## Canada: Work limit set to 24 hours a week for Indian students from September

-VidarthiMitra News Desk

Starting in September, a new regulation will restrict international students, including those from India, studying in Canada, to a maximum of 24 hours per week for off-campus work. This policy change was announced by Marc Miller, Minister of Immigration, Refugees and Citizenship, who stated that the temporary allowance for students to work more than 20 hours per week will conclude on April 30, 2024, and will not be extended. The Canadian government is tightening regulations in response to a surge in international student enrollments across the country.

Canada remains a highly sought-after destination for Indian students, as highlighted in a 2022 report by the Canadian Bureau for International Education (CBIE), which underscores the substantial presence of 319,130 Indian students in Canada. Indians constitute the majority among international students enrolled in Canadian colleges and universities.

**Benefits of the new policy** in Canada limiting international students, including those from India, to 24 hours per week for off-campus work:

1. The policy ensures students prioritize their studies, potentially leading to improved academic performance.
2. It promotes better compliance with visa regulations, aiding in students' integration into Canadian society.
3. By reducing work-related stress, it mitigates the risk of academic challenges and dropouts among international students.

## Going Global: How NEP 2020 Encourages International Partnerships in Indian Education

-VidarthiMitra News Desk

Indian higher education is undergoing a transformation! The University Grants Commission (UGC) recently announced two key changes aligning with the National Education Policy (NEP) 2020: biannual admissions and a flexible credit framework for postgraduate programs.

**Twice the Chance: Biannual Admissions**

Universities can now admit students twice a year, similar to many international institutions. This provides greater flexibility for students to plan their education and aligns Indian academic calendars with those abroad. This is particularly beneficial for the growing number of Indian students pursuing overseas education, eliminating the wait for admission cycles.

**Flexibility on the Move: New Credit Framework**

The new credit framework for postgraduate programs allows students to enter and exit programs at different stages. This caters to those who might need breaks for work or other pursuits. More importantly, a credit transfer system enables seamless movement between institutions, both within India and internationally. Students can now start their studies in one country and complete them in another without losing academic progress.

**Benefits for Students and Institutions**

These reforms offer a win-win situation. Students gain more control over their education and smoother transitions for international aspirations. Universities can potentially enhance their global competitiveness through increased student mobility and international collaborations.

**Preparing for the Global Workforce**

These changes promote a more dynamic and adaptable educational environment. By equipping students with flexibility and the ability to develop in-demand skills, the UGC aims to prepare them for the ever-changing global job market. This aligns with the emphasis on critical thinking, problem-solving, and self-management skills highlighted by the World Economic Forum's Future of Jobs Report.

## Philippines Amends Medical Act to Benefit Indian and Foreign Medical Students

-VidarthiMitra News Desk

The Philippines has approved an amendment to the Philippine Medical Act of 1959, making it easier for foreign students, including Indians, to register and practice medicine in the country. This amendment, passed by the House of Representatives, aims to streamline the transition for international medical graduates.

**Key Points of the Amendment:**

- Eligibility: Indian students who complete their Doctor of Medicine degree from a Philippine College of Medicine recognized by the Commission on Higher Education (CHED) and a 12-month internship can register and practice medicine in the Philippines.
- Certification: CHED will issue the necessary certification for graduates to facilitate this process.

**Impact on Medical Education:**

- The amendment updates "Republic Act No. 2382, or 'The Medical Act of 1959,'" to meet modern demands and global standards in medical education.
- It recognizes the high standards of medical education in the Philippines and provides a clear pathway for graduates to practice medicine locally or internationally.

**The new changes include:**

- Accepting NEET scores for admission.
- Integrating the BS and MD programs into a six-year course with a 12-month internship.
- Removing the reciprocity clause to enable graduates to take the Physician Licensure Examination (PLE).

These updates reaffirm the Philippines' commitment to high-quality medical education, making it a premier destination for international medical students.

## Why is Ireland gaining popularity among international students?

-VidarthiMitra News Desk

In recent years, Ireland has become increasingly popular among Indian students seeking international education, alongside traditional destinations like the US, UK, Australia, Canada, and New Zealand.

Known as the Emerald Isle, Ireland boasts a top-tier education system renowned for its prestigious universities, vibrant cultural experiences, and extensive post-study opportunities. Irish institutions offer global career prospects, particularly appealing to Indian students.

**1. World-Class Education:**

Ireland offers exceptional education across seven renowned universities, emphasizing research and global collaboration, regulated by the National Framework of Qualifications.

**2. Career Opportunities:**

Irish education opens

doors to diverse career opportunities globally, supported by over 1,000 multinational corporations spanning various industries.

**3. Financial Support:**

Irish universities permit part-time work during studies (up to 20 hours/week), increasing to 40 hours/week during breaks, underpinning financial independence.

**4. Safe and Welcoming Environment:**

Ireland ranks among the top 20 countries for quality of life, peace, and human development, providing a secure and supportive environment for students. Ireland promises a comprehensive educational experience, combining academic excellence, cultural immersion, and personal growth opportunities, making it a premier choice for Indian students pursuing higher education abroad.

## Stricter Criteria for Rajarshi Shahu Maharaj Scholarship Impact Marginalised Students

-VidarthiMitra News Desk

The Maharashtra government recently implemented stricter eligibility criteria for the Rajarshi Shahu Maharaj Scholarship, which aims to support students from Scheduled Caste (SC) and Other Backward Class (OBC) communities pursuing education abroad.

The revised guidelines now require applicants to achieve over 75% in their Secondary School Certificate, Higher Secondary Certificate, bachelor's, and master's degrees. This marks a significant increase from previous thresholds. Additionally, the government has introduced an income cap of Rs 8 lakh per family and set annual funding limits at Rs 30 lakh for master's degrees and Rs 40 lakh for PhD programs.

**Key Points:**

1. Eligibility criteria demand attainment of over 75% across

various academic levels.

2. Introduction of an income cap of Rs 8 lakh per family.

3. Annual funding limits set at Rs 30 lakh for master's degrees and Rs 40 lakh for PhD programs.

4. Selection process includes choosing 75 students annually from SC and OBC categories out of approximately 500 applicants.

The new, stringent criteria for the Rajarshi Shahu Maharaj Scholarship pose significant hurdles for SC and OBC students, potentially blocking access to opportunities for higher education abroad. The policy changes have sparked concerns about fairness and the actual purpose of the scholarship, with calls for the government to consider the broader impact on marginalized communities and invest in their future potential.

## 'Indian students to become largest group of international students in US': Consular Team India

-VidarthiMitra News Desk

The number of Indian students in the US is expected to increase or remain stable in the upcoming academic session. Russel Brown, Minister-Counselor for Consular Affairs, noted that Indian students are set to become the largest group of international students in the US. The Department of State and EducationUSA are enthusiastic about welcoming student visa applicants.

The US Embassy recently held its 8th annual Student Visa Day, where the Consular Team India interviewed 3,900 student visa applicants from New Delhi, Chennai, Hyderabad, Kolkata, and

Mumbai.

The US Embassy in India reported a significant rise in the number of Indian students choosing to study in the US over the past three years. In 2023, the US Mission to India issued more student visas than in 2018, 2019, and 2020 combined, reflecting the US Government's commitment to prioritizing students and facilitating their travel amidst a 400% rise in demand for other visas between 2021 and 2023. In 2023, the US issued over 140,000 student visas to Indians, more than any other country, marking a record for the third consecutive year.

## Queen's University introduces racial equity programme to address cultural disparities

-VidarthiMitra News Desk

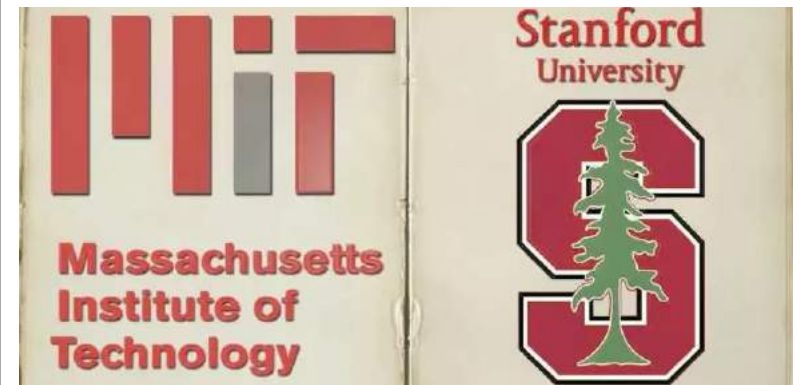

Queen's University Belfast, a leading research university in the UK, has launched a Racial Equity Programme led by the Racial Equity Champions Network to promote ethnic and cultural parity. This initiative was highlighted at a recent Race Equality in Higher Education conference, featuring panel discussions with students, academics, researchers, and practitioners, focusing on advancing race equality in education, research, and societal engagement.

The Ethnic Representation Index 2023 revealed significant racial disparities in UK universities, showing a need for action. About 25% of universities report a BAME (Black, Asian, and Minority Ethnic) student population of 50% or more, with a third exceeding 40%. Queen's University, along with 77 other universities, has committed to Advance HE's Race Equality Charter (REC) to address barriers faced by BAME staff and students. Professor Karen McCloskey, academic lead for the Race Equality Charter at Queen's University, emphasized the university's commitment to racial equality, aligning with the Advance HE REC, Queen's Strategy 2030, and the UN Sustainable Development Goals. This commitment aims to enhance the comfort and sense of belonging for students from diverse ethnic backgrounds.

## Engineering from MIT or Stanford — what should you choose?

-VidarthiMitra News Desk

In the Marvel universe, Tony Stark (Iron Man) graduated from MIT at 17 with a double major in physics and engineering. Google CEO Sundar Pichai began his journey at Stanford School of Engineering. According to US News 2024, MIT is ranked #2, and Stanford is #3 among national universities.

Location: MIT is in Cambridge, Massachusetts, near Boston. Stanford is in Palo Alto, California, near San Francisco.

Course Structure: MIT: Offers flexible degree options across eight departments, emphasizing holistic education. Stanford: Provides 16 majors and personalized study options with diverse departments.

Scholarships: MIT: Need-based scholarships with 58% of undergraduates receiving aid. Stanford: Unique scholarships like the Engineers in the Arts Scholarship for needy engineering students.

Admissions Process: Both MIT and Stanford have a 4% acceptance rate, focusing on holistic evaluations.

Extracurricular Activities: MIT: Over 450 student organizations, encouraging creativity. Stanford: Numerous student organizations, with 25% of students in Greek life.

Both universities offer global impact programs. Choosing between MIT's urban setting and Stanford's suburban campus depends on personal preference, with both providing enriching experiences for future engineers.

## University of Manchester announces scholarships for Indian students

-VidarthiMitra News Desk

The University of Manchester has introduced scholarships for Indian students starting from September 2024. These scholarships, such as the Humanities International Excellence Scholarships and the Global Futures Scholarships, are aimed at supporting exceptional Indian students pursuing undergraduate and postgraduate studies at the university. Scholarships are awarded based on academic merit and offer tuition fee reductions.

The Global Futures Scholarship provides £21,000 for undergraduate students and £8,000 for postgraduate students, with eligibility based on academic qualifications like A Levels, IB Diploma, Indian Class 12, or Advanced Placement. Meanwhile, the Humanities Bicentenary Scholarships offer £2,000 annually for undergraduates and £10,000 for postgraduates

in specific departments.

Additionally, the Humanities International Excellence Scholarship targets outstanding international students in humanities disciplines at the postgraduate level, requiring a score of 60-70% in undergraduate studies. Applicants should refer to the university's scholarship web pages for detailed eligibility criteria and application procedures. Applicants must have the offer to study with the university on an approved programme with an overall score of 60 – 70 per cent (varies by Indian institution) in their undergraduate studies. Students interested in University of Manchester's scholarship opportunities are encouraged to visit the respective scholarship web pages for detailed eligibility criteria and application procedures.

## IIM Raipur, Birmingham City University to offer an elective in EMBA programme

-VidarthiMitra News Desk

The Indian Institute of Management Raipur (IIM Raipur) and Birmingham City University (BCU) will jointly deliver a special lecture by Dr Sara Gracy, Senior Lecturer in Leadership and HRM at BCU, as part of the EPGP Batch B3 elective course "Bringing Humanities and Innovation Management and Creative Entrepreneurial Leadership."

This course will be offered jointly by professor Mrunal Chavda, assistant professor Humanities and Liberal Arts, IIM Raipur, and prof Shishank, BCU, marking a significant collaboration between the two institutions.

This course is a joint research grant funded by the British Council (India) to both institutions. This aims to support industry-academic collaboration for a more joined-up approach, leading to excellence in higher education, a work-ready workforce, and quality research outputs for the benefit of both industry and academia, an official statement said.

Dr Gracy's lectures will explore the dynamic relationship between leadership and organisational behaviour, emphasising the importance of diversity, equality, and inclusion in the public sector.

The course aims to bridge the gap between traditional management education and the creative, human-centric approach needed to lead in the modern, innovation-driven business environment. It is designed to equip participants with the skills necessary to navigate the complexities of international management while fostering an environment that encourages creativity and innovation.

Both institutions will aim to catalyze industry-academia partnerships that will allow academia and industry to work in sync, prepare a work-ready workforce, reduce on-the-job training costs, and make learners more employable.

## PRINCIPAL'S DESK

## Your Platform for Educational Insights and Opportunities

Welcome to the Principal's Desk, a dedicated space in [epaper.VidyarthiMitra.org](http://epaper.VidyarthiMitra.org) where educators, academic leaders, and administrators have the opportunity to share valuable insights, announcements, and opportunities with our esteemed readership. As a trusted platform committed to fostering collaboration and sharing knowledge within the educational community, we invite principals from colleges, universities, and educational institutions to contribute articles, announcements, and updates that are of relevance to students, parents, and fellow educators.

Are you a principal looking to showcase the unique offerings and achievements of your institution?

Then [epaper.VidyarthiMitra.org](http://epaper.VidyarthiMitra.org) is the right place for you to publish articles, opinion pieces and announcements that resonate with our audience and contribute to the ongoing dialogue on education.

Whether you are seeking to reach prospective students, announce new courses or programs, or highlight the achievements of your faculty and students, the Principal's Desk provides a platform to showcase the strengths and offerings of your college or university. Share information about admission procedures, scholarship opportunities, campus events, and more to engage with our readers and promote your institution.

Do you have job openings, faculty vacancies, or internship opportunities available at your institution? Then the perfect avenue to reach out to our diverse readership and connect with talented individuals seeking career opportunities in the field of education. Share details about job openings, eligibility criteria, application procedures, and deadlines to attract ideal and qualified candidates to your institution.

Submitting your article or announcement to the Principal's Desk is simple. Just send your content along with relevant images or graphics to our editorial team at [info@vidyarthimitra.org](mailto:info@vidyarthimitra.org) and we'll review it for publication in our next edition. Please ensure that your submission adheres to our editorial guidelines and is free from factual, grammatical errors and plagiarism.

If any college or institution wishes to conduct educational fair or career guidance seminars feel free to contact us. Join us at the Principal's Desk and be a part of the conversation that shapes the future of learning and academic excellence. We look forward to hearing from you and sharing your valuable insights with our readership.

Sincerely,  
Mr. Ravindra Kamtam  
Editor-in-Chief

## STUDENT CORNER

## Your Voice Matters!

Dear Students,

Welcome to the Student Corner of [epaper.VidyarthiMitra.org](http://epaper.VidyarthiMitra.org), where your queries, doubts, and voices find a platform to be heard and addressed. We understand that navigating the educational landscape can sometimes be daunting, but worry not, for we are here to assist you every step of the way.

If you find yourself grappling with questions about college admissions, entrance exams, reservations, government documents, syllabus for entrance exams, or anything related to education both in India and abroad, this is the space for you. Feel free to ask your queries here, and our team of experts will endeavor to provide you with accurate and insightful answers.

Moreover, we value your thoughts, views, and opinions on the education system. Whether you have suggestions for improvement, insights to share, or experiences to narrate, we encourage you to express yourself here in a professional and articulate manner.

Your participation matters! The most frequently asked questions will be featured in the upcoming edition of our newspaper, with acknowledgment and credits will be granted to the students who posed them. This way, not only do you get your queries resolved, but you also contribute to enriching the knowledge of your fellow students.

Submitting your work to the Student Corner is easy. Simply send your doubts and queries to our editorial team at [info@vidyarthimitra.org](mailto:info@vidyarthimitra.org), and we'll review them for publication in our next edition.

Engage with your fellow students and readers by participating in discussions, sharing feedback. The Student Corner is more than just a platform—it's a community where students come together to connect, collaborate and learn at the same time. Remember, your education journey is unique, and we are here to support you every step of the way. So, don't hesitate to reach out, engage, and make your voice heard.

Best Regards,  
Mr. Ravindra Kamtam
