UGC Greenlights Four-Year Undergraduate Programs with New Flexible Guidelines

-VidyarthiMitra News Desk

The University Grants Commission (UGC) has approved the framework for the new Four-Year Undergraduate Programs (FYUP), which will be implemented in universities across India from the 2025–26 academic session. The reform, aligned with the National Education Policy (NEP) 2020, is designed to provide students with greater flexibility and a holistic, multidisciplinary education. Under the new system, students can exit after one year with a certificate, two years with a diploma, or three years with a bachelor's degree. Completing the full four years will lead to a bachelor's degree with honours or research, offering students more career and academic opportunities.

Officials say the FYUP will make Indian degrees globally competitive, ensuring smoother credit transfers and better alignment with international education systems. The multiple entry and exit options are also expected to reduce dropout rates by allowing students to rejoin their studies if interrupted. Educationists have welcomed the move as a step toward improving employability and research skills, though some faculty groups have voiced concerns about infrastructure, teacher training, and readiness for such a large-scale reform. If implemented effectively, the FYUP could mark a transformative shift in India's higher education landscape.

Experts also highlight that the program could encourage more students to pursue research, entrepreneurship, and interdisciplinary studies, preparing them for both higher education abroad and future job markets. With the right implementation and support, the FYUP has the potential to reshape the academic journey of millions of Indian students.

IIT-Bombay Students Win Global Robotics Challenge

-VidyarthiMitra News Desk

A team of students from the Indian Institute of Technology, Bombay (IIT-B) has secured top honors at the Global Robotics Challenge 2025 held in Singapore, outshining competitors from more than 20 countries. Their award-winning project featured autonomous disaster management robots capable of detecting survivors in collapsed structures and delivering essential supplies to them. The judges praised the project for its real-world applicability, calling it a breakthrough in the use of robotics for emergency response and disaster relief.

The team's success highlights not only the technical expertise and innovation of IIT-Bombay students but also the institute's growing reputation as a hub for robotics and artificial intelligence research. Over the years, IIT-B has consistently demonstrated excellence in pushing the boundaries of technology, and this global recognition adds to its legacy of producing world-class innovators. The achievement also reflects India's rising profile in the international technology and research ecosystem.

Industry experts and academicians have hailed the victory as a significant milestone for Indian higher education, showing how student-led innovation can address critical global challenges. Many believe this success will inspire more students across the country to take up research-driven projects and interdisciplinary learning. It also underscores the importance of providing young engineers with the resources, mentorship, and platforms to showcase their talent on the global stage.

Looking ahead, the IIT-Bombay team plans to refine their robots further and explore collaborations with disaster management authorities to test the technology in real-life rescue missions. If scaled successfully, their innovation could not only strengthen India's disaster response capabilities but also serve as a model for other countries, proving how student-driven research can create solutions.

Mumbai Schools to Introduce AI-Integrated Learning Modules
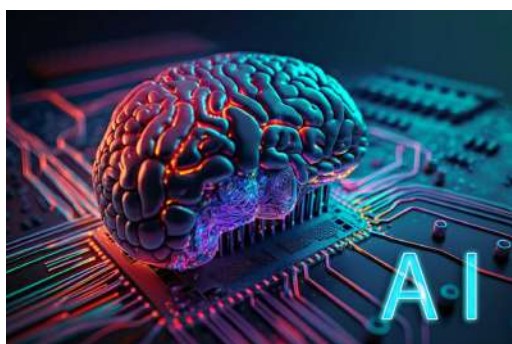

-VidyarthiMitra News Desk

Several Mumbai schools, both private and public, are preparing to pilot AI-integrated learning modules aimed at making education more personalized and adaptive. The initiative, starting this academic year, will use artificial intelligence to transform traditional teaching methods and bring classrooms closer to the vision of technology-driven education outlined in the National Education Policy (NEP) 2020.

The AI system will track and analyze each student's performance across subjects, identifying strengths and areas for improvement. Based on this data, the platform will recommend customized study paths, ensuring that every student can learn at their own pace. Teachers will also benefit from insights generated by the system, which can help them offer targeted support and design lesson plans that cater to diverse learning needs.

Educationists have welcomed the move, describing it as a paradigm shift in classroom learning. By focusing on individualized progress rather than a one-size-fits-all approach, the modules are expected to enhance student engagement, improve concept clarity, and encourage self-directed learning. Experts say this step could set a precedent for integrating advanced technologies in schools across India.However, parents and policymakers have raised concerns about data privacy, infrastructure gaps, and equitable access, especially in underfunded government schools. While many parents are excited about the potential benefits, they stress the importance of ensuring that student data is protected and that all children, regardless of their economic background, have access to the same quality of AI-driven tools. Teachers have also called for proper training to adapt effectively to these new systems.

If implemented successfully, the AI-integrated modules could mark the beginning of a new era in Indian education, blending human teaching with technological precision. The pilot project in Mumbai may serve as a model for other cities, potentially revolutionizing classrooms nationwide and preparing students with skills required for a digital-first future.

CBSE to Introduce Coding as Mandatory Subject in Class 6

-VidyarthiMitra News Desk

The Central Board of Secondary Education (CBSE) has announced a landmark curriculum reform under which coding will become a mandatory subject for students from Class 6 onwards, starting in the academic year 2026. The initiative aims to equip children with computational thinking, logical reasoning, and problem-solving skills from an early age. Coding will be taught using age-appropriate programming languages and interactive projects designed to connect classroom learning with real-world applications, preparing students for the demands of a rapidly advancing digital economy.

Education experts have welcomed the decision, noting that it will give Indian students a strong foundation in technology and a competitive edge in global careers linked to AI, robotics, and data science. However, teachers have stressed the need for proper training, digital infrastructure, and equitable access to ensure smooth implementation across urban and rural schools. If supported with the right resources, the reform could transform classrooms into hubs of creativity and innovation, aligning with the vision of the National Education Policy (NEP) 2020.

UP Board Compartment Exam Results Expected Soon

-VidyarthiMitra News Desk

The Uttar Pradesh Madhyamik Shiksha Parishad (UPMSP) is expected to release the results for the Class 10 and Class 12 compartment and improvement examinations in the coming days. Students who appeared for these exams are advised to regularly check the official website of the board for updates regarding the declaration. Once announced, the results will be accessible online, and candidates can log in using their roll numbers to view and download their mark sheets.

The compartment and improvement exams provide a crucial opportunity for students who either failed in one or more subjects or wished to enhance their overall scores. By clearing these examinations, students can avoid losing an entire academic year and continue with their higher studies or professional courses without interruption. For many candidates, this announcement holds significant importance as it can determine their eligibility for college admissions and competitive examinations. Board officials have assured that all necessary preparations for the result declaration are nearly complete. Alongside the online publication of results, arrangements are being made to provide digital mark sheets for students' convenience. Experts have

urged candidates to stay calm and avoid relying on unofficial websites or rumors circulating on social media. The upcoming results are expected to bring relief and a new sense of direction for thousands of students across the state. Education experts also highlighted that the UPMSP has been making efforts to improve transparency and efficiency in the result process, introducing stricter evaluation methods and better digital infrastructure. The board has also emphasized the importance of these exams as a second chance for students to prove their capabilities. Teachers and parents have been advised to support students during this anxious waiting period and encourage them to plan their next academic steps with confidence once the results are declared.

AP Inter Supplementary Exam Results Declared

-VidyarthiMitra News Desk

The Board of Intermediate Education, Andhra Pradesh (BIEAP) has officially declared the results for the Intermediate Supplementary Examinations for both first and second-year students. Candidates who appeared for these exams can now check their results on the official board website. By entering their hall ticket number and date of birth, students can easily access and download their provisional scorecards, which will be required until the final mark sheets are issued.

The supplementary exams serve as a crucial second chance for students who either failed to clear one or more subjects in the regular board exams or aimed to improve their scores. This opportunity ensures that students do not lose an entire academic year due to setbacks in a few subjects. Many students have now successfully qualified, opening the door for them to continue with higher studies, apply for professional courses, or sit for competitive entrance examinations without delay.

Education experts have noted that the timely declaration of results reflects the BIEAP's commitment to maintaining transparency and efficiency in the examination process. By providing this additional opportunity, the board has not only reduced academic stress but also instilled hope and motivation among thousands of students across the state. Parents and teachers have welcomed the results, describing them as a morale booster for students who had been anxious about their future.

Students are advised to carefully verify the details printed on their online scorecards and immediately report any discrepancies to their respective colleges or the board authorities. Counseling services are also being made available to guide students in making informed academic choices, whether it be pursuing undergraduate courses, vocational training, or preparing for upcoming entrance tests. Educational institutions have been urged to provide guidance and support to students transitioning to the next phase of their careers.

The BIEAP has also reminded students to be cautious of misinformation and avoid relying on unverified websites or social media links claiming to provide results. The board emphasized that all authentic updates will only be available on its official website. With the supplementary results now declared, thousands of students across Andhra Pradesh can move forward with clarity and confidence, marking a positive step in their academic journey.

Parents Warned Against Fraud Coaching Apps

-VidyarthiMitra News Desk

The Delhi Police Cyber Cell has issued an advisory warning parents and students against fraudulent mobile applications that falsely claim to offer online coaching and educational services. These fake apps often lure unsuspecting users with promises of discounted courses, free trial classes, and guaranteed results, only to cheat them of their money once payments are made. Authorities have highlighted that such scams are on the rise, targeting students preparing for competitive exams.

Police officials have urged parents and students to remain cautious and verify the authenticity of platforms before enrolling. They advised downloading coaching apps only from official app stores such as Google Play or the Apple App Store, while also double-checking payment details like UPI IDs and registered business names. In many reported cases, fraudsters used random UPI accounts, making it easier to dupe victims who did not cross-check transaction details. Cyber experts have stressed the importance of digital awareness in preventing such frauds. They recommend parents supervise online transactions, encourage students to rely on well-known coaching institutions, and immediately report any suspicious activity to cybercrime helplines. With the growing

demand for online learning, authorities have also called on students to remain vigilant and remember that genuine coaching platforms will always provide transparent details, secure payment options, and customer support. Parents' associations have welcomed the advisory, stating that such alerts are necessary at a time when students are increasingly dependent on online coaching for academic and competitive exam preparation. They have also appealed to the government to introduce stricter digital verification for education-related apps and websites, making it harder for fraudsters to operate undetected.

Meanwhile, Delhi Police has announced that its cybercrime unit is working on tracking the sources of such fraudulent apps. Officials have urged victims to come forward and file complaints without hesitation, assuring that necessary action will be taken against offenders. The advisory concluded by reminding both parents and students that digital safety is as important as academic preparation, especially in today's online-driven education system.

Final Opportunity for Former Delhi University Students to Complete Degrees

-VidyarthiMitra News Desk

Delhi University (DU) has announced a special one-time chance for its former students to complete their pending degrees, calling it the "final opportunity" of its kind. This move is aimed at helping those who, for various reasons, could not clear their examinations or finish their coursework in the allotted time. The opportunity covers students who had enrolled in undergraduate programs between 2012 and 2019, as well as postgraduate and professional courses between 2012 and 2020.

According to the official notification, eligible students will be permitted to reappear for a maximum of four papers in order to complete their degrees. This provision offers a vital lifeline to many students whose academic and professional journeys have been stalled due to incomplete qualifications. DU authorities have clarified that after this, no further special chances will be provided, making this the last and decisive opportunity for such students to regularize their academic status.

The application process has already begun, with the deadline set for September 1. Interested candidates are required to submit their applications along with a fee of ₹5,000 per paper, which will cover the examination and administrative costs. The university has stressed the importance of adhering to deadlines and ensuring that all required documents are submitted correctly to avoid disqualification. University officials have highlighted that this initiative not only provides a long-pending solution for students but also helps uphold the academic integrity of DU. Over the years, several students had approached the university with requests to allow them to complete their degrees, citing personal, financial, or health-related reasons for their academic gaps.

The administration hopes that this final window will bring closure to such pending cases while ensuring accountability and fairness.

Education experts have welcomed the move, noting that completing a DU degree holds significant value in both national and international job markets. They have urged eligible students not to miss this chance, as it may open up new career opportunities and allow them to pursue higher studies without obstacles. At the same time, teachers and counselors are advising students to prepare diligently for their re-appear exams, as this will be their last opportunity to secure a Delhi University degree. Meanwhile, several student associations have praised the university for taking this step but have also demanded that the examination fees be reconsidered, arguing that ₹5,000 per paper may be unaffordable for many students. They have suggested a subsidized rate or financial assistance for economically weaker candidates to ensure that deserving students are not left behind. The administration has yet to respond to these appeals, but the debate has added another dimension to the ongoing discussion around accessibility and inclusivity in higher education.

NEET UG 2025 Counselling Registration Begins

-VidyarthiMitra News Desk

The Medical Counselling Committee (MCC) has officially commenced the registration process for the first round of NEET UG 2025 counselling, marking a crucial step for lakhs of aspiring medical students across the country. Students who successfully cleared the NEET UG exam can now apply to participate in the national-level seat allotment process for admission into MBBS, BDS, and other undergraduate medical and dental courses.

The registration window is open till August 25, 2025, which is also the deadline for the payment of counselling fees. After registration, candidates must carefully complete the choice filling and choice locking process, where they select their preferred colleges and courses. MCC has emphasized that candidates must review their choices thoroughly before locking, as no further changes will be permitted once the window closes.

Following this stage, the MCC will carry out the seat allotment process based on the candidate's NEET rank, reservation category, and the availability of seats across participating colleges. The results of the first round of seat allotment will be declared online on the official MCC portal. Students who are allotted a seat will then need to report to their respective colleges within the given timeframe to confirm their admission by submitting documents and paying the required fees. Authorities have advised candidates to keep track of all important dates and official notifications on the MCC website to avoid missing deadlines. Since NEET counselling is conducted in multiple rounds, those who do not secure a seat in the first round will still have opportunities in subsequent rounds. However, MCC has urged

students to register early, double-check their documents, and make informed decisions during choice filling to improve their chances of securing admission to their desired institution. This year, counselling is being conducted for over 1 lakh MBBS seats and nearly 27,000 BDS seats across government, private, deemed, and central universities in India. In addition, seats under the All India Quota (AIQ), AIIMS, JIPMER, ESIC, and AFMC will also be allocated through this centralized process. The inclusion of such a wide variety of institutions makes MCC counselling one of the most significant admission exercises in the country.

Experts recommend that students carefully study the previous year's cut-offs, seat matrix, and college reputations before locking their choices. A well-planned choice-filling strategy can help candidates maximize their chances of securing admission to a top medical college. Several coaching institutes have also released guidance material and counselling sessions to assist students in making informed decisions during this crucial stage.

With the counselling process now underway, the focus has shifted to ensuring a transparent and smooth admission procedure for all candidates.

AP NEET UG 2025 Round 1 Seat Allotment Result Released

-VidyarthiMitra News Desk

The Andhra Pradesh NEET UG 2025 counselling authority has officially released the Round 1 seat allotment results, bringing relief and excitement to thousands of medical aspirants in the state. Candidates who registered for the counselling process can now log in to the official portal to check their allotment status and download the provisional allotment letter. This marks a crucial milestone for students who are vying for admission into MBBS and BDS courses across government and private medical colleges in Andhra Pradesh.

Students who have been allotted seats are required to confirm their admission by completing the next steps within the stipulated deadline. This includes downloading the allotment letter, paying the admission fee, and reporting to the allotted college with all necessary original documents for verification. Authorities have made it clear that failing to report on time may lead to cancellation of the seat, which will then be offered in the subsequent rounds of counselling.

The seat allotment has been carried out based on candidates' NEET UG 2025 rank, reservation category, preferences filled during counselling, and seat availability across medical and dental colleges in the state. With limited seats available in top government institutions, the competition has been intense, and candidates are advised to carefully evaluate their options before proceeding with admission.

Officials have also highlighted that students who were not allotted a seat in Round 1 should not be disheartened, as further opportunities will be available in Round 2 and mop-up rounds. Candidates can participate in these upcoming rounds by re-filling choices or modifying their existing preferences. For accurate updates, aspirants are encouraged to frequently visit the official counselling website and keep their documents ready for the next stages of the admission process.

This year, Andhra Pradesh is offering more than 5,000 MBBS seats and around 1,200 BDS seats across various colleges, both government and private. The inclusion of new medical colleges has also slightly expanded the seat matrix, giving aspirants more choices compared to previous years. However, competition for government seats remains extremely high, especially for those in urban medical colleges.

Education experts have advised candidates to prepare well in advance by arranging their documents such as mark sheets, category certificates, NEET scorecards, and ID proofs. Any discrepancies during verification can delay admission or even lead to cancellation. Aspirants are also encouraged to keep track of Round 2 dates, as many students opt for upgradation, thereby releasing additional seats for the next phase.

Delhi University Announces Final Phase of Undergraduate Admissions

-VidyarthiMitra News Desk

Delhi University (DU) has officially launched the final phase of undergraduate admissions for the academic session 2025–26, offering one last chance to students who were unable to secure seats in the earlier rounds. This move comes as part of DU's efforts to ensure that all available seats are filled before the academic year begins.

According to the DU admission committee, this phase is being conducted under the Common Seat Allocation System (CSAS), which relies on candidates' CUET-UG 2025 scores. The process will focus primarily on filling the remaining vacant seats across DU's affiliated colleges. Officials highlighted that while most seats have been taken, some popular programs still have openings due to withdrawals, cancellations, and students failing to confirm admissions in earlier rounds.

The admission portal has reopened for fresh registrations as well as preference reordering, and it will remain active until August 25. During this period, applicants can rearrange their college and course preferences to improve their chances of securing a seat. DU officials have urged students to carefully check the updated seat matrix before locking in their final preferences. The results for this round of seat allotment will be declared on August 28,after which selected candidates will

have until August 30 to confirm their admissions by paying the required fee and uploading documents. The university has made it clear that this will be the final admission cycle for the current academic session, and no further spot rounds will be organized after this stage.

So far, DU has admitted over 70,000 students across its prestigious colleges, but a few vacancies remain in sought-after programs in the fields of Humanities, Commerce, and Science. Education experts suggest that the closing ranks in this round are likely to rise sharply, as students make a last-minute push to secure a seat in top colleges like Hindu College, Miranda House, and SRCC.

The university has advised applicants to act promptly and avoid last-minute delays, as the competition in this phase is expected to be intense. Candidates are also reminded to keep all necessary documents ready for verification to ensure a smooth admission process. With this final round, DU aims to wrap up its UG admissions cycle for 2025–26, marking the end of an extended admission season.

West Bengal NEET UG 2025 Round 1 Seat Allotment Result Out

-VidyarthiMitra News Desk

The West Bengal Medical Counselling Committee (WBMCC) has published the Round 1 seat allotment result for the NEET UG 2025 counselling process. Candidates who registered and filled in their preferences can now log in to the official WBMCC website to check their allotment status and download the provisional allotment letter. This announcement marks a significant step in the state's admission cycle for MBBS and BDS courses.

Students who have been allotted seats are required to complete the admission formalities within the given timeline. This includes payment of the admission fee, downloading of the allotment letter, and reporting to the allotted college with all necessary original documents for verification. Authorities have warned that failure to report on time or incomplete verification may lead to cancellation of the allotted seat.

The seat allotment has been carried out on the basis of NEET UG 2025 scores, reservation norms, candidate category, and preferences submitted during choice filling. With thousands of students competing for a limited number of government and private medical seats in West Bengal, the counselling process remains highly competitive.

Officials have emphasized that this is only the first round of counselling, and students who did not receive a seat should not lose hope.

They will be eligible to participate in Round 2 or the mop-up round, where additional opportunities may open up due to withdrawals, upgradations, or unconfirmed admissions from Round 1. This year, more than 4,000 MBBS seats and around 1,000 BDS seats are being offered in West Bengal across government, private, and minority institutions. Colleges in Kolkata and other urban centers are in particularly high demand, with cut-offs expected to be higher than in rural areas. Students are advised to plan their next preferences strategically, taking into account last year's cut-off trends.

The WBMCC has urged candidates to remain updated through the official counselling website and not to rely on unofficial sources for information. Students are also advised to keep all required documents, including their NEET UG admit card, scorecard, identity proof, and caste/category certificates, ready for the verification process. With Round 1 completed, the focus now shifts to the upcoming rounds that will finalize admissions for the 2025–26 academic session in West Bengal.

NEET PG 2025 Results Declared: Cut-Offs, Counselling, and Key Updates
-VidyarthiMitra News Desk

The National Board of Examinations in Medical Sciences (NBEMS) has declared the NEET PG 2025 results on August 19, following the exam held on **August 3, 2025**, in a single shift across India. Over 2.42 lakh medical graduates appeared for the exam. Along with results, NBEMS released the category-wise cut-off scores and initiated the counselling process through the Medical Counselling Committee (MCC).

Exam Overview:
- Mode: Computer-based test (CBT)
- Duration: 3 hours 30 minutes
- Sections: 200 multiple-choice questions
- Marking: +4 for correct, -1 for incorrect response

Cut-Offs (2025):
- General / EWS: 280 marks
- SC / ST / OBC (including PwD): 245 marks
- UR-PwD: 260 marks

Counselling Process:
The MCC will conduct four rounds of online counselling for MD, MS, and PG Diploma seats in government, deemed, and central universities. State counselling authorities will manage state quota seats. Candidates must register online and provide preferences for colleges and courses.

New Features (2025):
- For the first time, official answer keys were released by NBEMS, complying with a Supreme Court directive.
- A normalization method was introduced to ensure fairness due to varied difficulty levels across exam centers.

Eligibility for Counselling:
- Candidates must have qualified NEET PG 2025 with valid cut-off scores.
- Completion of MBBS degree with internship by July 31, 2025, is mandatory.
- Registration with the Medical Council of India (MCI) or respective State Medical Council is required.

Important Dates:
- Results Declared: August 19, 2025
- Round 1 Counselling Registration: Ongoing (August 25 – September 2, 2025)
- Round 1 Seat Allotment Result: September 5, 2025
- Subsequent Rounds: As per MCC schedule on official website

Key Advice:
Experts recommend students prepare documents early, track MCC announcements closely, and participate in all rounds to maximize seat allotment chances.

Conclusion:
The declaration of NEET PG 2025 results marks the beginning of a crucial phase for medical graduates aspiring to specialize.
With structured counselling, clear eligibility rules, and new measures ensuring fairness, the process aims to bring more transparency and efficiency.
Candidates are advised to remain proactive, keep documents ready, and make informed choices during counselling to secure the best possible seat for their postgraduate journey.

AP NEET UG 2025: Round 1 Seat Allotment Results Declared for MBBS & BDS Admissions
-VidyarthiMitra News Desk

The **Dr. NTR University of Health Sciences (NTRUHS),** Andhra Pradesh, has officially released the Round 1 seat allotment results for NEET UG 2025 aspirants seeking admission into MBBS and BDS programs across state medical and dental colleges.

Exam & Admission Process:
- The National Testing Agency (NTA) conducted NEET UG 2025 on May 4, 2025.
- Results were declared on June 14, 2025, followed by state-level counselling procedures under NTRUHS.
- Round 1 counselling has now concluded with seat allotments published on the official website: drntruhs.ap.nic.in.

Key Details:
- Candidates can download the college-wise allotment PDF to check their results.
- The allotment is based on All India NEET ranks, state merit lists, reservation norms, and candidate preferences submitted during the choice-filling window.
- Selected candidates must report to their allotted colleges by the notified deadline with all original certificates, admission fee, and other required documents.

Next Steps:
- Round 2 counselling will open soon after the completion of reporting for Round 1.
- The official schedule for Round 2 and mop-up rounds will be updated on the NTRUHS website.
- Candidates who did not secure a seat in Round 1 can participate in subsequent rounds without re-registration.

Merit List & Allotment Process
- The provisional merit list, featuring over 14,000 candidates, was published on August 18, 2025, with corrections accepted until 4 PM on the same day.
- Choice filling was conducted online between August 19 and 22, 2025, enabling students to select their preferred colleges and courses.
- The Round 1 allotment was formally released on August 26, 2025, accessible as downloadable PDF containing roll number, rank, allotted institution, and course details.

Seat Matrix & Allocation Highlights
- Andhra Pradesh offers approximately 5,335 MBBS seats and 1,440 BDS seats under the state quota through NTRUHS counselling, while the remaining 15% is filled via the All India Quota (AIQ) under MCC.
- The PDF allotment also includes the Meritorious Reserved Category (MRC) list, recognizing Reserve category candidates upgraded to open category seats post-allotment.

Reporting & Documentation Requirements
Selected candidates are required to report at their allotment institutions within the stipulated timeline, furnished with essential documents including:
- NEET UG scorecard and admit card
- Allotment order and provisional merit list
- Class 10 and 12 marksheets
- Transfer and study certificates
- Proof of identity and category certificates, if applicable
 Failing to report may annul the seat and shift candidate to subsequent counselling rounds.

JEE Advanced 2025: Kota's Rajit Gupta Tops with Historic Score; IIT Kanpur Declares Results
-VidyarthiMitra News Desk

The **Joint Entrance Examination (JEE)** Advanced 2025, organized by IIT Kanpur on May 18, 2025, concluded with the official results being released on June 2, 2025. Out of nearly 1.8 lakh registered candidates, 54,378 successfully qualified for admissions to the prestigious Indian Institutes of Technology (IITs). The examination continues to stand as one of the world's toughest undergraduate entrance tests, determining the academic futures of India's brightest engineering aspirants.

Top Performer: Historic Achievement
- All India Rank (AIR) 1: **Rajit Gupta** from Kota emerged as the national topper with a record-breaking score of 332 out of 360 marks.
- Rajit is the first-ever local student from Kota, the city globally renowned as India's coaching hub, to clinch the top rank. Despite Kota's reputation for producing toppers through its competitive coaching culture, no student from within the city had previously held AIR 1 in JEE Advanced.
- Rajit also achieved a 100 percentile in both JEE Main 2025 sessions, showcasing consistency across national-level exams.
- He credited his success to strong fundamentals, strategic problem-solving, guidance from Allen Career Institute, and personal inspiration from his mother's perseverance.

Top Female Ranker
- **Devdutta Majhi,** from the IIT Kharagpur zone, secured CRL 16 with 312 marks, making her the highest-ranked female candidate in JEE Advanced 2025.
- Her achievement highlights the increasing representation and success of women in STEM fields.

Exam Pattern & Noteworthy Trends
- The paper was marked by elevated difficulty, particularly due to the 47% share of numerical answer-type questions, demanding high precision.
- Experts noted a dip in cut-off scores: candidates scoring as low as 74/360 managed to secure a Common Rank List (CRL) position — one of the lowest in recent years.
- Subject-wise analysis revealed Mathematics was the toughest section, while Chemistry was moderately easier, and Physics balanced conceptual and application-based questions.
- This reinforced the exam's shift toward conceptual depth over speed-solving, testing analytical reasoning more than rote memorization.

Conclusion
The JEE Advanced 2025 results highlighted a Kota topper, a female in top ranks, and a tougher exam shaping future engineers. As JoSAA counselling begins, this cohort reflects resilience and evolving competition

NEET PG 2025: Unprecedented Transparency with Answer Key, Score & Normalization Released
-VidyarthiMitra News Desk

In a landmark development for medical entrance exams, the **National Board of Examinations in Medical Sciences (NBEMS)** has released the NEET PG 2025 answer key, along with raw scores and the normalization methodology —
a first-time initiative driven by a Supreme Court directive aimed at ensuring fair assessment in multi-shift examinations.

Exam and Result Overview:
- The exam was conducted on **August 3, 2025,** in a single shift across 233 cities, following a court-mandated change to enhance uniformity.
- Results, including category-wise cut-off scores, were declared on August 19, 2025.

Answer Key & Portal Access:
An online portal on natboard.edu.in will now allow candidates to log in and view:
- Their marked responses, alongside the master answer set
- The exact score awarded per question, based on the official marking scheme
- Though the sequence and options were randomized for each candidate, results will be presented according to the master question set for consistency.

Impacts & Next Steps:
- This release offers unprecedented clarity, enabling candidates to objectively assess where they excelled or fell short.
- NBEMS emphasizes that the answer key is final and not open to challenge.
- Candidates can now anticipate MCC counselling updates, including schedules, seat matrix details, and choice-filling instructions, expected soon.

Additional Context:
- Admit cards were made available on July 31, 2025, and exam logistics across the country were smoothly managed.

Conclusion:
By granting access to detailed performance data for the very first time, NEET PG 2025 sets a new standard in transparency. Candidates are empowered to evaluate their performance ahead of counselling, igniting a more informed and equitable admissions process.

IIT Bombay Establishes Joint Institute of Excellence with Tohoku University, Japan

-VidyarthiMitra News Desk
-VidyarthiMitra News Desk

What Happened?

On April 15, 2025, the **Indian Institute of Technology Bombay (IIT-B)** and **Tohoku University,** Japan signed an MoU in Sendai to establish the Joint Institute of Excellence (JIE). This marks a new chapter in Indo-Japanese higher education collaboration.

Why it Matters?

This initiative strengthens India–Japan academic ties and expands IIT-B's global footprint. It is also India's first IIT presence abroad, placing IIT-B alongside IIT Delhi (Abu Dhabi) and IIT Madras (Zanzibar) in terms of international expansion.

How it Works:
• Dual-Doctoral Degree Program (Cotutelle):
Starting from the 2025–26 academic year, PhD candidates can pursue joint research, co-supervised by faculty from both institutions. Cotutelle means a single PhD thesis defended jointly at two universities.
• Shared Research:
Focus areas include sustainable energy, artificial intelligence, advanced materials, and disaster resilience—fields where India and Japan already have strong expertise.
• Global Immersion:
Earlier in March 2025, IIT-B hosted a Global Immersion Program for Tohoku students, which set the foundation for this collaboration.

Strategic Importance:
• Japan is a global leader in cutting-edge technology and disaster management research, while IIT Bombay brings

TOHOKU UNIVERSITY
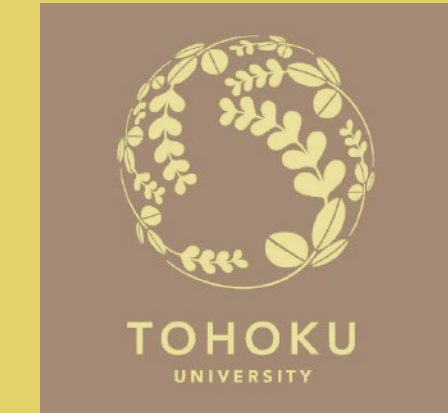

strengths in engineering, applied sciences, and innovation ecosystems.
• The JIE will provide students access to labs, joint supervision, and exchange opportunities in both countries.

Conclusion:

By blending Indian academic excellence with Japanese innovation, the JIE is expected to become a model of international higher education partnerships, enhancing research quality and student opportunities.

Germany Becomes Leading Destination for Indian Students — Enrollment Hits Nearly 60,000

-VidyarthiMitra News Desk

WhatHappened?

Germany has emerged as the top European destination for Indian students, with enrollment numbers reaching 60,000 in 2025, surpassing even the U.S. in popularity. This marks a 20% year-on-year increase.

Why Germany is Attractive?

1. Cost Advantage:
Public universities in Germany typically charge no tuition fees—students only pay nominal semester contributions (approx. €250–350).

2. STEM Excellence:
Around 60% of Indian students in Germany pursue STEM (Science, Technology, Engineering, Mathematics) programs, benefiting from industry-linked learning.

3. Employment Pathways:
Germany allows graduates 18 months to seek jobs after studies, and highly skilled workers can secure long-term residence.

4. High-Quality Infrastructure:
German universities of applied sciences provide hands-on experience, integrating classroom learning with industry projects.

Growth Trend:
• In 2008, only 3,500 Indian students were in Germany.
• By 2025, the number reached nearly 60,000.
• Experts forecast enrollment could double to 114,000 by 2030 if growth continues.
Definition:
Universities of Applied Sciences (Fachhochschulen) in Germany emphasize practical skills and industry application, making them especially popular among Indian engineering students.

Conclusion:

Germany is steadily becoming a preferred destination over traditional English-speaking countries, thanks to affordability, career opportunities, and strong research culture, positioning it as a global higher education hub for Indian students.

Canada Caps 2025 Study Permits at 437,000 Amid Rising Pressures

-VidyarthiMitra News Desk

.
What Happened?
Immigration, Refugees and Citizenship Canada (IRCC) has announced a cap of 437,000 study permits for 2025, reflecting a 10% reduction from 2024's target of 485,000. This marks the second consecutive year of reductions aimed at managing international student intake.

Why the Change?
Canada's surge in international students—over 650,000 permits issued in 2023, creating a population exceeding 1 million during the COVID-era—led to pressures on housing, healthcare, education, and public infrastructure. The new cap seeks to stabilize these systems and ensure sustainable student growth.

How It's Being Implemented:
1. PAL/TAL Requirement Expanded:
Applicants for Master's and PhD programs must now submit a Provincial Attestation Letter (PAL) or Territorial Attestation Letter (TAL)—a document confirming an allotted study permit slot in that specific province or territory.

2. Permit Allocation by Category:
From the 437,000 permits:
• 73,282 are designated for postgraduate (Master's/PhD) students,

• 72,200 for K–12 students (PAL/TAL exempt),
• 48,524 for other exempt groups,
• 242,994 for all other PAL/TAL-required applicants.
3. Provincial Breakdown:
Permit allocations differ significantly by region:
• Ontario leads with 116,740 slots,
• Quebec: 72,977,
• British Columbia: 53,589,
• Smaller regions like Nunavut and Northwest Territories receive just 220 slots.
These allocations aim to distribute student permits effectively and prevent overcrowding in high-demand provinces.

Impact on Students:
• Increased Competition: More constrained cap, especially for postgraduate applicants, means tougher entry requirements.
• Longer Processing & Stricter Vetting: PAL/TAL now required and must align with approved provincial quotas.
• Route Diversification Needed: Students might first apply to lower-cap provinces (like Saskatchewan or NB) or alternative destinations (UK, Germany).

University of Southampton Opens First Foreign On-Campus Program in Gurgaon Under New UGC Rules

-VidyarthiMitra News Desk

WhatHappened?
The **University of Southampton**, a renowned UK institution and founding member of the Russell Group, officially inaugurated its first overseas campus in Gurugram, within the International Tech Park, Sector 59. This is the first foreign university campus in India under the UGC's 2023 regulations, marking a pivotal moment in higher education globalization.

Why It Matters?
This launch symbolizes a major step in the internationalization of Indian education under NEP 2020 and opens doors to "study abroad at home." It strengthens India–UK academic ties and positions Gurugram as a global education hub.

How It Works?
• Programs Offered:
Starting August/September 2025, the campus will offer **4 BSc courses** (Business Management; Accounting & Finance; Computer Science; Economics) and **2 MSc degrees** (Finance; International Management), all aligned with UK academic standards.

• Global Mobility:
Students can spend up to one year at Southampton's UK or Malaysia campuses, ensuring cross-border exposure.

• Faculty recruitment:
Over 75 full-time faculty members with international experience (UK, US, Germany, Japan, Singapore, Australia) will be hired. All must complete the University's Postgraduate Certificate in Academic Practice.

• Facilities & Design:
The campus features multi-functional

teaching spaces, research labs, collaborative zones, and designs blending Southampton's heritage with Indian architectural motifs. Built under the "Triple Helix" model, it encourages academia–industry–government collaboration.

• Admissions & Fees:
Applicants need to submit personal statements, recommendation letters, and academic transcripts; selections include interviews. While fees aren't formally announced, they are estimated between ₹13.2 lakh (BSc) and ₹15.4–19.8 lakh (MSc), lower than UK campus rates (£18,000–33,000). English proficiency test scores (IELTS/TOEFL) are not mandatory.

Regulatory Info:
The campus was approved following issuance of a Letter of Intent (LoI) in August 2024 under UGC's new regulations for foreign campuses, signed off in 2023. The formal Standing Committee fast-tracked approval within just seven months.

Conclusion:
This launch marks a historic milestone—Southampton Delhi paves the way for world-class foreign university education within India itself. With robust infrastructure, global faculty, and student mobility, it signals India's emergence as a global knowledge destination, aligning with NEP 2020 and reshaping the landscape of higher education.

UK Immigration Overhaul: Graduate Route Reduced Amid Tougher Student Visa Rules

-VidyarthiMitra News Desk

What Changed?
- The UK's Graduate Route visa, which allows international students to stay and work after graduation, is being **reduced from 2 years to 18 months** for undergraduate and master's students, effective from programs starting in January 2026.
- PhD holders will continue to be eligible for a 3-year visa, pending Home Office confirmation.
- The government also introduced a 6% levy on international student tuition to fund domestic skill and education programs, part of a wider strategy to reduce net immigration.

Why It Matters?
- The Graduate Route previously served as a major draw for international students by offering two years of unsponsored work flexibility—an attractive alternative to tightly timed work visas like the U.S. OPT or Australia's post-study work visas.
- Curtailing this duration may deter prospective students who weigh job flexibility heavily, potentially impacting UK universities' international enrolment and revenue, especially for costly programs like medicine.

How It Works?
- Graduate Route Duration:
Dropped to 18 months (Bachelor's/Master's), with PhDs retaining 3 years. Aimed to accelerate transition to skilled work or return home.
- Compliance Standards for Institutions:
Student sponsors must now ensure 95% enrolment, 90% course completion, and keep visa refusal rates under 5%. Non-compliance risks losing sponsor status. A new Red-Amber-Green rating system will publicly display performance.
- Mandatory Agent Quality Framework (AQF):
Institutions must use certified agents when recruiting students, enhancing transparency and limiting unethical practices.
- Tuition Levy Proposal:
A modeled 6% levy on international student fees, to be legislated in the Autumn Budget, will be reinvested into domestic education.
- Restricted Dependants:
Only PhD students (and above) can bring dependants; all others face limitations—mirroring dependency growth from ~20K in 2019 to over 150K in 2023.

Conclusion:
The UK has kept its post-study immigration route, but with shorter stay durations, new fee levies, and stricter compliance rules. This marks a shift toward more controlled international education policies, meaning students will face fewer advantages, tighter timelines, and greater scrutiny—making strategic planning more important than ever.

Japan–Anna University: India–Japan Talent Bridge at Anna University

-VidyarthiMitra News Desk

What happened?
A delegation of six Japanese companies held a career seminar at Anna University (CEG & MIT campuses) under Japan's India–Japan Talent Bridge programme (METI). More than 300 students attended. At the event Japanese speakers said Japan plans to scale hiring of Indian graduates through this initiative.

Key facts:
- Event organised under METI's India–Japan Talent Bridge framework; delegation visited Anna University (and scheduled visits to IISc Bengaluru and IIT Gandhinagar).
- Media reports at the event quoted organisers saying Japan plans to hire up to 50,000 Indian students over the next five years (figure quoted by company/organiser speakers).
- Companies flagged internships, placement drives and sponsorship for Japanese-language training for successful candidates; earlier rounds of Japan–India placements have resulted in campus offers to Indian students (example: Anna University placements to Japanese firms earlier in 2025).

Why it matters?
Japan is actively building talent pipelines to address domestic skill gaps (ageing population + tech needs). The Talent Bridge programme is the diplomatic/industry route to create internships, direct hires and academic

partnerships connecting Indian engineering graduates with Japanese employers.

Things discussed at India–Japan Talent Bridge seminar at Anna University:

1. Seminar Attendance and Organizers
Held under METI's India–Japan Talent Bridge Programme, the event was attended by representatives from six Japanese companies and more than 300 students from Anna University (CEG and MIT campuses).

2. Job Prospects Communicated
Japanese company representatives announced plans to recruit up to 50,000 Indian students over the next five years, highlighting sectors like IT and product development.

3. Emphasis on Japanese-Language Training
Multiple companies expressly encouraged students to learn Japanese language and culture, indicating that language skills would be considered in future recruitment pipelines.

4. Strategic University Outreach
Anna University officials confirmed plans to pursue dual-degree programs with Japanese universities, as part of its ongoing collaboration with the Talent Bridge initiative.

India–UK Critical Minerals Collaboration: TEXMiN to Open Satellite Campus at IIT(ISM) Dhanbad

-VidyarthiMitra News Desk

What happened?
Under the India–UK Technology Security Initiative (TSI), the UK and India announced new projects to secure critical-minerals supply chains. As part of this, the **Technology Innovation in Exploration & Mining Foundation (TEXMiN)** will host a satellite campus at IIT(ISM) Dhanbad to expand R&D, training and innovation capacity. A complementary Rare-Earths–focused UK–India Critical Minerals Supply Chain Observatory is being set up at GMDC's iCEM in Ahmedabad.

Why it matters?
Critical minerals (lithium, cobalt, rare earths, graphite, nickel, etc.) are essential for batteries, EVs, wind turbines and electronics. The satellite campus creates a pipeline of Indian researchers and industry professionals trained on secure, responsible mining and processing, while deepening UK–India tech and security cooperation.

Key details:

- Investment/Scope:
TSI is a bilateral programme announced in 2024 and marked its first-year update on July 24, 2025; the new Dhanbad satellite campus and the Ahmedabad observatory are listed among concrete deliverables.

- Focus areas:
Exploration tech, sustainability, traceability, supply-chain analytics, and workforce skilling for mines & processing plants.

- Recency:
Indian business media confirmed the Dhanbad campus move on Aug 21, 2025

- Training & Skill Development:
Specialized workshops and training programs for students, researchers, and industry professionals in critical mineral exploration and sustainable mining practices.

- Joint Research:
Collaborative projects on sustainable extraction technologies, recycling, and mineral processing.

- Policy Exchange:
Sharing best practices in mining governance, ESG (Environmental, Social, Governance) frameworks, and circular economy approaches.

- Knowledge Hub: Creation of a platform for Indo-UK experts to work on global mineral security issues.

Strategic Importance:
- Strengthens India's ambitions to become a hub for electric mobility and renewable energy.
- Enhances UK–India educational and industrial collaboration in a high-demand technology area.
- Supports long-term sustainability goals by promoting responsible and eco-friendly mining.

Conclusion:
The IIT (ISM) Dhanbad–GMDC iCEM–CMA UK partnership strengthens India's critical minerals capacity by combining Indian expertise with UK supply chain insights, supporting clean energy, advanced manufacturing, and future technologies

Rajasthan's Swami Vivekananda Scholarship Abroad Stream Restructured for 2025–26

-VidyarthiMitra News Desk

The Rajasthan government has unveiled significant changes to the Swami Vivekananda Scholarship (SVS) – Study Abroad Stream for the academic year 2025–26. The scheme, which supports meritorious students pursuing higher education overseas, has been restructured with reduced seats, stricter monitoring, and new obligations for beneficiaries.

What Happened?

The number of scholarships for foreign studies has been reduced from 500 to 150, while **350 seats have been reserved** for higher studies in India. Selection for the foreign quota will now take place in three phases:

- Phase 1: August 21 – September 20, 2025
- Phase 2: October 21 – November 20, 2025
- Phase 3: January 1 – January 15, 2026 (only if seats remain unfilled)

Why the Change?

The government has stated that the reforms are intended to ensure that taxpayer-funded scholarships benefit the state of Rajasthan directly. With rising costs and limited public resources, the scheme now emphasizes retaining talent within the state after foreign education.

Key Updates & Rules for Students

- **Employment Obligation:** Students availing this scholarship must give first preference to jobs within Rajasthan after completing their studies abroad.
- **Government Assignments**: During their academic tenure, students may be asked to carry out comparative studies of foreign government schemes, prepare reports, or provide technical advice to the Rajasthan government.
- **Progress Monitoring:** Continuation of funding is contingent on annual or biennial progress reports, along with university performance assessments uploaded to the official portal.
- **Property & Guarantee Clause:** Applicants are required to submit property documents and surety guarantees. This clause has been criticized as a barrier for underprivileged students lacking assets.

Conclusion
The revamped Swami Vivekananda Scholarship scheme signals a shift towards accountability and local benefit in public funding for foreign education. While opportunities abroad remain, students must now navigate tighter regulations, reduced availability, and binding commitments to Rajasthan.

Delhi Govt Makes AI, Skill Development & Clubs Mandatory in Schools from 2025–26

-VidyarthiMitra News Desk

In a landmark reform aligned with the National Education Policy (NEP) 2020, the Delhi government has announced that from the academic session 2025–26, government schools will integrate Artificial Intelligence (AI), skill development modules, and mandatory student clubs into their curriculum. The move is aimed at equipping students with future-ready skills while ensuring their holistic development beyond academics.

New Curriculum Additions
From the upcoming session, AI will be introduced as a subject for Classes XI and XII. Students will learn the basics of machine learning, data analysis, and the ethical use of technology, with teachers undergoing specialized training workshops.
In addition, at least one student club in every government school will now be compulsory. Options include Literature, Arts, Theatre, Debating, Coding, Sports, and Leadership. Each club will receive direct funding of ₹20,000 from the Directorate of Education to set up activities and events.

Yoga, Arts & Leadership Development
The new framework also emphasizes student well-being and creativity. Schools are required to schedule weekly yoga and arts sessions, along with leadership-building activities such as debates, theatre, and community service. Teachers believe this shift will help reduce exam-centric pressure and build confidence among students. Parents too welcomed the reform, noting that modern education must combine skills, values, and innovation to prepare children for future challenges.

Digital & Skill-Based Learning
The CBSE's planned digital assessment model will be integrated with Delhi schools, ensuring faster, transparent evaluation. Skill development centers in select schools will provide training in robotics, renewable energy, entrepreneurship, and coding, with partnerships from corporates and startups for internships.

Monitoring & Implementation
To ensure compliance, the government has mandated quarterly activity reports from schools. District-level monitoring teams will review the effective functioning of AI courses, clubs, and extracurricular programs.

Holistic Vision
Education Minister Ashish Sood said:
"This initiative is not just about subjects—it's about shaping resilient, compassionate, and skilled citizens. With AI, skill training, and extracurriculars, Delhi schools will set a benchmark for holistic education."

Reactions from Schools & Parents
Teachers have welcomed the reforms, saying that weekly yoga sessions and cultural clubs will help reduce student stress and foster creativity. Parents expressed optimism that these initiatives would ensure their children are better prepared for higher studies and careers. Some parents, however, raised concerns about whether all schools will receive equal resources and trained staff to implement the changes.

Next Steps
By 2026, the Delhi government aims to cover all government schools, and later extend successful models to aided and private institutions as well.

Uttar Pradesh to Roll Out 19 Degree Colleges under PMJVK

-VidyarthiMitra News Desk

Lucknow, July 4, 2025 — In a major boost to higher education, the Uttar Pradesh government has announced the establishment of 19 new government degree colleges under the Pradhan Mantri Jan Vikas **Karyakram (PMJVK)**, a centrally sponsored scheme focused on empowering regions with significant minority populations. The move is aimed at addressing regional disparities in access to quality education and ensuring greater inclusivity in the state's academic landscape.

Expansion Across Districts
The newly sanctioned colleges will be distributed across 15 districts, including Meerut, Ghaziabad, Pratapgarh, Unnao, and Sant Kabir Nagar. Two additional institutions remain under construction and are expected to become operational by the 2026–27 academic session.
This announcement comes shortly after 69 degree colleges began academic operations on July 1, 2025, marking the start of the new academic year. In total, Uttar Pradesh has now brought 172 government colleges under its higher education umbrella.

Financial & Administrative Backing
The Ministry of Minority Affairs has extended financial support for the project in coordination with state education authorities. Discussions are ongoing on whether these colleges will function entirely under government control or adopt a Public-Private Partnership (PPP) model for greater operational flexibility.

Academic Alignment with NEP 2020
All new institutions will offer science, commerce, and arts streams, aligned with the National Education Policy (NEP) 2020. The focus will be on interdisciplinary education, flexible curriculum options, and employability-driven learning pathways.
To meet faculty requirements, the government has approved 1,562 new teaching posts, including 1,065 assistant professors. Until permanent recruitment is completed, teachers will be deputed from existing colleges to prevent disruptions in classroom teaching.

A Step Toward Social Inclusion
Officials emphasized that the colleges will primarily benefit students from underserved and minority-dominated districts, where higher education opportunities are limited.
A senior education official stated:
"This expansion is not just about new buildings—it's about creating pathways for youth empowerment and social equity. These colleges will provide affordable access to quality education, helping students build stronger futures and contributing to regional development."

Long-Term Impact
Alongside improving gross enrollment ratios, the expansion is expected to stimulate local economies, create new teaching and administrative jobs, and foster social mobility. With PMJVK support, Uttar Pradesh is positioning itself as a model state in using higher education as a tool for inclusive growth and community development.

Mumbai University Opens Online Admissions for MMS & MCA via CDOE

-VidyarthiMitra News Desk

Mumbai, July 2, 2025 — The University of Mumbai has officially opened admissions for its Master of Management Studies (MMS) and Master of Computer Applications (MCA) programmes under the Centre for Distance and Online Education (CDOE). The initiative is aimed at strengthening the university's digital education infrastructure and meeting the rising demand for flexible, career-oriented postgraduate courses.

Admission Timeline
The application window will remain open until July 17, 2025, with the online entrance examination scheduled for July 20, 2025. University officials have urged candidates to complete applications well before the deadline to avoid last-minute technical issues.

Course Details & Approvals
Both MMS and MCA programmes are recognized by the University Grants Commission (UGC) and the All India Council for Technical Education (AICTE), ensuring compliance with national academic and professional benchmarks.
- **MMS Programme (Equivalent to MBA):**
  - Specialisations: Human Resources, Finance, Marketing
  - Intake capacity: 720 students
  - Designed for leadership, managerial, and entrepreneurial skills
- **MCA Programme (Revamped 2-Year Format):**
  - Updated structure to align with industry demands in IT & software development
  - Intake capacity: 2,000 students
  - Focus on practical coding, systems design, and emerging technologies

Flexible Digital Learning
Delivered in a fully online mode, the programmes are tailored for working professionals and students who need flexible learning schedules. The academic model combines:

- **Live virtual lectures**
- **Interactive learning sessions**
- **Digital study materials**
- **Online assessments and projects**

According to university officials, this digital-first approach ensures that students from across India and abroad can access quality postgraduate education without geographical barriers.

University's Vision

A Mumbai University spokesperson stated:
"The launch of MMS and MCA through CDOE reflects our commitment to innovation in higher education. By offering world-class programmes in an online format, we aim to bridge the gap between academic learning and industry requirements, empowering students for future-ready careers."

Maharashtra CET Cell Starts July Admissions Amid Partial Course Delays

-VidyarthiMitra News Desk

Mumbai, July 5, 2025 — The Maharashtra CET Cell has officially begun the admission process for the 2025–26 academic session, covering nine major professional courses including MBA, engineering, law, and physical education. While the rollout has brought clarity for thousands of students, several key programmes are still awaiting their schedules, leaving many aspirants anxious.

Course-by-Course Update
- MBA, Engineering, Law & Physical Education – Registration and counselling are currently active and progressing.
- Postgraduate Dental (NEET MDS) – Registrations closed on July 3, provisional merit list released on July 4, with seat allotment scheduled for July 8.
- BCA, BBA, Pharmacy, Architecture, Nursing, and Design – Timetables have not yet been announced, prompting growing concern among students.

Aspirant Concerns
The uncertainty around delayed schedules has been a major source of stress. A BBA applicant expressed:
"It's really tricky not knowing when counselling will start or when choice filling will happen."
In response, CET Cell officials urged patience, assuring that the pending schedules will be published by mid-July on the official website.

Logistical Hurdles
Education experts note that the fragmented rollout underscores the challenge of coordinating between multiple regulatory agencies such as AICTE, PCI, BCI, and COA.

Broader Implications
Admission delays can affect not just student morale, but also hostel allotments, academic calendars, and family planning. Experts stress that adopting a stable, annualized admission calendar—as recommended under NEP 2020—would reduce stress and enhance system reliability.

What to Watch
- July 8 – NEET MDS first allotment and admissions confirmation.
- July 9–10 – MBA and MCA allotments with guidance rounds.
- Mid-July – Release of pending schedules for BBA, BCA, Pharmacy, Architecture, Nursing, and Design.

Final Take
While the CET Cell has made strides in beginning timely admissions for core courses, the delays in others highlight systemic gaps. A more synchronized, transparent admission framework is crucial for maintaining student trust and safeguarding the reputation of Maharashtra's higher education system.

Amity University Gurugram Announces Merit-Based Scholarships for 2025

-VidyarthiMitra News Desk

Amity University Gurugram is offering significant financial aid to high-achieving students for the 2025 academic session. The scholarships provide a waiver on tuition fees based solely on academic performance in previous qualifying exams.

Key Details:
- 100% Scholarship: For UG applicants with 93%+ in Class 12. For PG applicants, 93% in Class 12 and 80% in graduation.
- 50% Scholarship: For UG applicants scoring 88% - 92.9% in Class 12. For PG students, 88% in Class 12 and 75% in graduation.
- 25% Scholarship: For UG applicants scoring 80% - 87.9% in Class 12.

Eligibility: Based on aggregate percentage in the qualifying exam (Class 12 for UG, Graduation for PG).

Reliance Foundation and Aditya Birla Group Open Applications for 2025
Two of India's largest private sector foundations have announced their prestigious scholarship programs for the year.
1. Reliance Foundation Scholarships 2025
- Benefits: Up to ₹2 lakh for UG students and ₹6 lakh for PG students.
- Fields: Science, Engineering, and Social Sciences.
- Eligibility: High academic achievers with a family income below ₹6 lakh per annum.
- Deadline: October 5, 2025

2. Aditya Birla Scholarships 2025
- Benefits: Covers full tuition fees plus a monthly allowance.
- Eligibility: First-year students pursuing degrees at premier institutes like IIMs, IITs, and NLUs.
- Deadline: October 20, 2025

UK and Australia Launch New Scholarship Initiatives for Indian Students

1. Chevening–Atal Bihari Vajpayee Scholarship (UK)
The Uttar Pradesh government, in collaboration with the UK's Foreign Office (FCDO), will fully fund five students from UP each year for postgraduate studies in the UK.
- Coverage: Full tuition, living costs, travel, and fees (est. ₹45-48 lakh/student).
- Eligibility: Meritorious students domiciled in Uttar Pradesh.

2. Australia Expands STEM Scholarships
As part of the India-Australia Education Partnership, the Australian government has announced 200 new scholarships specifically for Indian students in STEM (Science, Technology, Engineering, and Mathematics) disciplines.

Other Top Fully-Funded International Scholarships:
- DAAD EPOS (Germany): For master's in development-related fields.
- Global Korea Scholarship (GKS): For UG, PG, and PhD programs in South Korea.

Future Leaders Scholarship 2025 by University of Hartford (USA)

-VidyarthiMitra News Desk

The University of Hartford, USA, has announced the Future Leaders Scholarship for the 2025 intake, aimed at international graduate students who demonstrate outstanding leadership potential and a commitment to positive global change.

About:
This merit-based scholarship recognizes and supports international students who embody the university's core values of integrity, curiosity, creativity, and responsibility. It is designed for those who aim to use their graduate education to become impactful leaders in their fields.

Benefits: Selected scholars will receive a financial award of $2,000 per year, which is renewable for one additional year, reducing the overall cost of their graduate studies in the United States.

Eligibility Criteria:
- Must be an international student.
- Must have received an acceptance letter into a graduate program at the University of Hartford.
- Must submit a complete scholarship application including a compelling 'Future Leaders Statement'.
Application Timeline:
- Application Deadline: July 15, 2025
- Scholarship Notification Date: August 8, 2025
Docs Required:
- Valid passport/visa
- Academic transcripts and certificates
- Future Leaders Statement (a document outlining the applicant's leadership vision, values, and potential for societal impact)
Selection Process: Candidates will be selected based on the quality of their Future Leaders Statement, their alignment with the university's values, and their demonstrated potential for leadership and positive impact.

Application Timeline:
- Application Deadline: July 15, 2025
- Scholarship Notification Date: August 8, 2025
Docs Required:
- Valid passport/visa
- Academic transcripts and certificates
- Future Leaders Statement (a document outlining the applicant's leadership vision, values, and potential for societal impact)

Selection Process:
Candidates will be selected based on the quality of their Future Leaders Statement, their alignment with the university's values, and their demonstrated potential for leadership and positive impact.

Contact: For more information and to apply, prospective students can visit the university's official website or contact: University of Hartford 200 Bloomfield Avenue, West Hartford, CT 06117, USA
Email: brilhart@hartford.edu | Phone: +1 860.768.4999

Conclusion: This initiative provides a valuable opportunity for high-achieving international students with leadership qualities to gain financial support and recognition at a renowned US university. It underscores a growing trend among international institutions to attract talented students who can contribute to global progress.

Pan-India Spotlight: Reliance Foundation & Aditya Birla Scholarships 2025

-VidyarthiMitra News Desk

Two of India's largest corporate foundations have opened applications for their flagship scholarship programs for the 2025 academic year. These schemes are highly sought-after for their substantial financial benefits and prestige.

1. Reliance Foundation Scholarships 2025
About:
The Reliance Foundation Scholarships are a cornerstone initiative aimed at empowering talented youth from across India. They focus on supporting students who demonstrate exceptional academic potential but face financial constraints, enabling them to pursue higher education without economic hardship.
Key Details:
- **Scholarship Value:**
  - Undergraduate (UG) Students: Up to ₹2,00,000 per student.
  - Postgraduate (PG) Students: Up to ₹6,00,000 per student.
  - The amount is intended to cover tuition fees, living expenses, and other academic costs.
- **Eligible Fields of Study:**
  - Science
  - Engineering
  - Social Sciences
- **Eligibility Criteria:**
  - Must be a Indian citizen.
  - Must have a strong academic record.
  - Family annual income must be below ₹6,00,000.
  - Must be applying for or already enrolled in a full-time UG or PG program at a recognized Indian university/institution.

Aditya Birla Scholarships 2025
About:
The Aditya Birla Group's scholarship is a premier merit-based award targeted at the brightest minds entering India's top-tier institutes. It recognizes and nurtures future leaders by providing comprehensive financial support during their studies.
Key Details:
- **Scholarship Value & Benefits:**
  - 100% Tuition Fee Waiver for the entire duration of the course.
  - A monthly allowance to cover ancillary expenses.
  - This combination makes it one of the most comprehensive corporate scholarships in India.
- **Eligible Institutes & Courses:**
  - Indian Institutes of Management (IIMs)
  - Indian Institutes of Technology (IITs)
  - National Law Universities (NLUs)
  - The scholarship is specifically for first-year students entering these institutes.
- **Eligibility Criteria:**
  - Open to Indian citizens.
  - Must have secured admission into the first year of a full-time program at one of the listed premier institutes (IIM, IIT, NLU).
  - Primarily based on academic merit and potential.
- Application Deadline: October 20, 2025
- **How to Apply:**
  - Applications are managed through the Aditya Birla Group's official scholarship website.
  - The process is highly competitive and involves an application form, submission of academic records, and often includes subsequent rounds like essays or interviews.

Indus Towers Scholarship Program 2024

-VidyarthiMitra News Desk

About
The Indus Towers Scholarship Program 2024, a CSR initiative by Indus Towers Ltd., is implemented by Shishu Sarothi to support youth with disabilities from North-East India. The program offers up to ₹70,000 per year for vocational or skill-building courses.

Eligibility Criteria
Applicants must:
- Be an Indian citizen from North-Eastern states (Assam, Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura)
- Be 18–35 years old as of 1st June 2024
- Have 40%+ benchmark disability (certified)
- Have passed Class 10/HSLC with 45%+ marks
- Belong to BPL or EWS category (income ≤ ₹6,00,000/year)
- Be enrolled in or willing to join a full-time vocational course (e.g., Tally, Cosmetology, Farming, Digital Skills, Hospitality, etc.)

Benefits
- Scholarship up to ₹70,000/year
- Covers course fees (paid directly to institution)
- 70 students will be selected

Documents Required
- Aadhaar & Govt. ID
- Disability certificate
- Class 10 marksheet
- Income proof / BPL card
- Admission receipt (if admitted)
- Course fee structure (if available)

Indus Towers Scholarship Program 2024
About the Program
The Indus Towers Scholarship Program 2024, a CSR initiative by Indus Towers Ltd. and implemented by Shishu Sarothi, aims to empower youth with disabilities from North-East India. The program provides financial support of up to ₹70,000 per year for vocational or skill-building courses, enabling candidates to pursue sustainable career opportunities.
Eligibility Criteria
Applicants must:
- Be an Indian citizen from North-Eastern states (Assam, Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura)
- Be 18–35 years old as of 1st June 2024
- Have 40% or more benchmark disability (with valid certificate)
- Have passed Class 10/HSLC with at least 45% marks
- Belong to BPL or EWS category (annual income ≤ ₹6,00,000)
- Be enrolled in / willing to join a full-time vocational course such as Tally, Cosmetology, Farming, Digital Skills, Hospitality, etc.
Benefits
- Scholarship up to ₹70,000 per year
- Course fees covered (paid directly to the institution)

Delhi Development Authority – Recruitment Updates

-VidyarthiMitra News Desk

1. Upcoming Recruitment Drive—1,383 Vacancies Across Junior & Mid-Level Posts

- **DDA has launched a major recruitment drive for 2025**, covering 1,383 vacancies across Group A, B, and C roles, including Junior Engineers, Assistant Section Officers, Patwaris, Stenographers, MTS staff, and more.
- **Application started on May 26**, 2025 (closing date to be announced), with detailed notification published under Advertisement
- Noteworthy posts include: Deputy Director (Public Relations) – 1 vacancy; Deputy Director (Architecture); Assistant Director roles; Junior Engineers (Civil / Electrical) and many more.

2. Direct Interview Opportunity for Young Professionals

- Recent media reports highlight an opportunity for Young Professionals to join DDA via direct interviews, with monthly compensation up to ₹65,000. This streamlined hiring process bypasses written exams.

3. Persistent Staff Shortages Highlighted

- Reports reveal ongoing severe staff shortages in both MCD and DDA, affecting daily operations, project execution, public service delivery, and increasing burden on existing employees. Faster recruitment is urged.

Delhi's Ayushman Arogya Mandir (AAM) Recruitment — Specialists Needed

- The Delhi government has introduced a **one-time age relaxation** of 10 years to facilitate recruitment for medical staff—primarily doctors—for **Ayushman Arogya Mandirs** (AAMs). This raises the upper age limit for doctors from 45 to 55 years.
- Appointments are contractual under the National Health Mission, with fixed monthly salaries—unlike Mohalla clinics, where pay depends on patient volume.
- Recruitment efforts are gearing up for approximately 1,139 AAMs across the city, aiming to strengthen preventive healthcare under the PM Ayushman Bharat Health Infrastructure Mission. These efforts carry urgency due to funding that runs until March 2026.

AS-CFMS Invites Applications for Macro-Economist Role

-VidyarthiMitra News Desk

About the Role

The Assam Society for Comprehensive Financial Management System (AS-CFMS), a Special Purpose Vehicle under the Assam Finance Department focused on public financial reforms and IT-driven financial management systems, is inviting applications for a key strategic role: Economist (Macroeconomy). The role supports implementation of the World Bank–backed ASPIRe project and other governance reforms.

Core Responsibilities

According to the detailed ToR, the Economist (Macroeconomy) will:

- Conduct annual and quarterly assessments of macroeconomic and developmental indicators, and public finance metrics (tax, non-tax revenues, deficits, debt) NorthEast Now.
- Assist in forecasting key socio-economic parameters, including GSDP, revenue, deficits, and interest outlays.
- Support preparation of the Medium Term Expenditure Framework (MTEF) and budget-related statements aligned with the FRBM Act

How to Apply

- Application Method: Interested individuals are required to submit their CV, age proof, educational qualifications, experience, and last drawn pay details via a Google Form North East.
- Application Period: Opened around February 21, 2025 and closed on 5 March 2025

Current Scenario & Context

- Recruitment Status: This position's application window has already closed as of 5 March 2025, and no extension has been reported so far.
- Project Environment: The Economist will contribute to state-level public finance reforms via the ASPIRe project, leveraging collaboration with knowledge partners like the IMF, NIPFP, and UNICEF.
- Future Opportunities: While this specific role has closed, AS-CFMS continues to post other specialist positions—monitor their official site for new openings in policy, IT, or finance domains.

Background

The Assam Society for Comprehensive Financial Management System (AS-CFMS) is a key initiative under the Finance Department, Government of Assam, set up to drive fiscal reforms, improve financial governance, and integrate advanced IT systems for real-time public finance monitoring.

As part of the Assam Public Financial Management Strengthening Project (ASPIRe)—supported by the World Bank.

Career Opportunities at ERNET India: Technical, Accounting, and Secretarial Roles Open

-VidyarthiMitra News Desk

Organization Snapshot

ERNET India, operating under the Ministry of Electronics & Information Technology (MeitY), is an autonomous scientific society dedicated to advancing India's educational and research networking. Formed in 1986, it pioneered the introduction of the internet in India and continues to deliver high-speed network services, host educational content, and foster research across academia.

Latest Job Openings (2025)

ERNET India has recently announced vacancies across several key roles at its headquarters in DMRC IT Park, Shastri Park, Delhi. Here's a detailed look at the current recruitment landscape:

1. Technical Assistant, Accountant, Personal Assistant

- Mode of Recruitment: Direct / Deputation (Regular/Transfer)
- Vacancies:
  - Technical Assistant – 1 post (UR)
  - Accountant – 1 post (UR)
  - Personal Assistant – 1 post (UR)
  - Reservation: 1 post is horizontally reserved for PwBD; if unfilled, it will follow vertical reservation norms.
- Eligibility:
  - **Technical Assistant:** Diploma in Engineering / B.Sc. (60%+) or DOEACC 'A' level certification.
  - **Accountant:** B.Com with 3 years of experience in commercial/ accounts and knowledge of computerized accounting software.
  - **Personal Assistant:** Graduate with 3 years of experience, shorthand speed of 120 wpm (English/Hindi), and computer proficiency .

Age Limit:

TA – up to 30 years; Accountant & PA – up to 27 years.
Pay Scale: Level-6 of the 7th CPC (₹35,400–₹1,12,400/month) for all posts.
Application Window: Opened 28 June 2025 and closed on 27 July 2025.

2. Project Engineer Positions

- **Vacancies:**
  - 2 posts of Project Engineer (Level 2)
  - 1 post of Senior Project Engineer (Contractual) open until 2 September 2025 via email application.
- Eligibility: Candidates with BE/B.Tech, MCA, or M.Sc degrees.
- Application Deadlines:
  - Project Engineer posts closed on 21 July 2025.
  - Senior Project Engineer role candidacy **ends on 2 September 2025**

Insights & Tips for Applicants

- If you're reviewing this after 27 July 2025, the TA, Accountant, and PA positions have closed.
- The Senior Project Engineer post is still open until 2 September 2025—this presents a current opportunity to apply.
- For future openings, monitor ERNET's official Careers or Recruitments page for updates on new roles.

NCRTC Launches Recruitment for Executive & Senior Roles (2025 Update)

-VidyarthiMitra News Desk

National Capital Region Transport Corporation (NCRTC) is a joint venture of the Government of India and the states of Delhi, Haryana, Rajasthan, and Uttar Pradesh, operating under the Ministry of Housing & Urban Affairs. It is spearheading India's RapidX — Regional Rapid Transit System (RRTS), India's high-capacity urban rail network aimed at transforming commuter travel across the NCR. The project is currently operational and managed by Deutsche Bahn.

Current Recruitment Drive Highlights (2025)

Group General Manager / General Manager Roles

- Total Positions: 4 senior-level posts including:
  - GGM – Design (Civil Structure) — 1
  - GM – Procurement — 2
  - GM – Strategic Planning — 1
- Pay Scale: ₹1,20,000–2,80,000/month (IDA) and ₹1,44,200–2,18,200 (CDA)
- Eligibility: Any Graduate or B.Tech/B.E in relevant disciplines
- Application Period: 17 June 2025 to 17 July 2025

Executive & Group General Manager Vacancies (Broader Listing)

- Total Vacancies: 11 positions across executive and senior roles, including:
  - GGM – Design (Civil Structure)
  - GGM – TOD & Value Capture Financing Expert
  - Executive – Transport Planner
  - Executive – Legal
  - Executive – Planning
  - GGMs: Shortlisting followed by direct interview

NCRTC's 2025 Recruitment Drive — Advanced-Level Opportunities

About the Employer

The National Capital Region Transport Corporation (NCRTC), a joint venture of the Government of India and the states of Delhi, Haryana, UP, and Rajasthan, is spearheading India's Namo Bharat – RapidX high-speed corridor initiative. Targeting urban transit transformation, NCRTC is expanding hiring for senior, managerial, and technical leadership roles to support these landmark infrastructure projects.

Additional Context & Current Scenario

- In March 2025, NCRTC launched earlier phases of recruitment for a broader set of 71 vacancies across categories, with applications closing in April.
- This wave of hiring bolsters key functional areas—especially those essential for RapidX corridor design, planning, operations, and stakeholder outreach.

Verdict & Moving Forward

NCRTC's latest hiring reflects its escalation toward operationalizing the RapidX corridors. High-calibre professionals in urban planning, legal, communications, and operations have recently closed application windows, while senior tactical roles like TOD Specialist and Systems Director are advancing to the selection phase.

SSC CGL TIER 1 EXAM 2025

SSC CGL TIER 1 EXAM 2024

The Staff Selection Commission Combined Graduate Level (SSC CGL) Tier 1 is the first stage of the selection process for Group B and C posts in various government departments. It is an objective computer-based exam (CBE).

IMPORTANT POINTS

- **Exam Mode**: Computer-Based (Online)
- **Type of Questions**: Multiple Choice Questions (MCQs)
- **Total Questions**: 100
- **Total Marks**: 200
- **Duration**: 60 minutes (80 minutes for PwD candidates)
- **Sections**:
    a. General Intelligence & Reasoning
    b. General Awareness
    c. Quantitative Aptitude
    d. English Comprehension
- **Negative Marking**: 0.50 marks for each wrong answer
- **Qualifying Nature**: Tier 1 is qualifying; final merit is based on Tier 2 performance

IMPORTANT DATES

- Notification Released: July 15, 2024
- Application Deadline: August 16, 2024
- Tier 1 Exam Date: September 12, 2024
- Tier 2 Exam: Expected in January 2025

20 Sample Questions

General Intelligence & Reasoning

1. How many letters in the word **BINDER** will remain in the same position if arranged in English alphabetical order?
2. Find the word on the face opposite to 'Eat' based on the three dice positions shown.
3. Complete the number series: 25, 30, 40, 55, 75, __?
4. If 'A + B' means 'A is the mother of B', 'A - B' means 'A is the brother of B', 'A x B' means 'A is the wife of B', and 'A ÷ B' means 'A is the father of B', how is 4 related to 2 in the expression 4+3÷2÷1−5?
5. How many triangles are there in the provided figure?

General Awareness

1. Who is the world-renowned exponent of the bamboo flute?
2. In which year did India win the ICC Men's Cricket World Cup for the first time?
3. In which state is the Hemis festival celebrated?
4. Which of the following plays was NOT written by Harshavardhana?
5. Article 63 of the Constitution of India provides for what position?

Quantitative Aptitude

1. Find the digits for * and $ if the number 72864*$ is divisible by both 8 and 5.
2. Simplify the expression: $15.5[37−(5−(14.5−13.5))]$.
3. If 28.9:x::x:36.1 and x>0, find the value of x.
4. The height of a cylinder is 20 cm and its lateral surface area is 1760 cm². What is its volume?
5. If $x+x1=15$, find the value of $x2−x+17x2−9x+7$.

English Comprehension

1. Provide a one-word substitute for "A false idea or belief".
2. What is the antonym of the word "Secure"?
3. Identify the error in the sentence: "He ran quick to catch the bus."
4. Change the following sentence to passive voice: "Sonam does not like bananas."
5. Identify the incorrectly spelled word among these options: Embarrass, Occurrence, Exhilerate, Accommodate.

SSC CPO (SI) Tier 1 Exam 2025

SSC CGL TIER 1 EXAM 2024

The Staff Selection Commission (SSC) conducts the Combined Graduate Level (CGL) examination to recruit for Group B and Group C posts in various ministries, departments, and organizations of the Government of India. The Tier 1 examination is the first crucial step for candidates aiming to secure a prestigious government job.

Exam Overview

SSC CGL Tier 1 is a Computer-Based Test (CBT) that assesses a candidate's abilities across four key subjects: General Intelligence and Reasoning, General Awareness, Quantitative Aptitude, and English Comprehension. Each section has 25 questions, with 2 marks awarded for each correct answer. The total paper consists of 100 questions for 200 marks, and the duration is 1 hour. There is a penalty of 0.50 marks for every incorrect answer, making accuracy very important. This exam serves as a qualifying stage; candidates who clear the cut-off are eligible to appear for the Tier 2 examination.

Important Dates for SSC CGL 2024

The official notification for SSC CGL 2024 was released on July 15, 2024. The application process began on the same date and remained open until August 16, 2024. The Tier 1 examination is scheduled to be held on September 12, 2024, across various centers in India. Admit cards are expected to be available in the last week of August. Key Points Candidates Must Remember

First, the exam is open to graduates, with the age limit typically between 18 and 32 years, varying by post and with relaxations for reserved categories. Second, since Tier 1 is qualifying, the main focus should be on clearing the sectional and overall cut-offs to advance to Tier 2. Third, understanding the exam pattern, analyzing the syllabus, and practicing a high number of mock tests is essential to manage time effectively and improve accuracy. Lastly, candidates should regularly monitor the official SSC website for all updates.

20 Sample Questions to Practice
General Intelligence and Reasoning

1. 'WISK' is related to 'DRHP' and 'LENT' is related to 'OVMG'. To which of the following is 'BANG' related?

2. Complete the series: 25, 30, 40, 55, 75, __?

3. Select the word-pair that best represents a similar relationship to Virus: Parasite.

4. Complete the series: IMHP, MPJQ, QSLR, UVNS, ?

5. How many triangles are there in the given figure?

General Knowledge and General Awareness

1. Who is the world-renowned exponent of the bamboo flute?

2. In which year did India win the ICC Men's Cricket World Cup for the first time?

3. Kathakali, a classical dance, is predominantly performed in which state?

4. In which state/UT is the Hemis festival celebrated?

5. The Purvanchal Himalayas does NOT comprise which of the following?

Quantitative Aptitude

1. Find the digits for * and $ if the number 72864*$ is divisible by both 8 and 5. Simplify: $15.5[37-(5-(14.5-13.5))]$.

2. Two pipes, A and B, fill a tank in 10 and 20 mins, while pipe C can empty it in 30 mins. If all are opened but C is closed 2 mins before the tank is filled, how long will it take to fill the tank?

3. A shopkeeper allows successive discounts of 20%, 15%, and 10% on an article marked at ₹5,000. What is the selling price?

4. Two circles with radii 16 cm and 8 cm touch each other externally. Find the length of their direct common tangent.

English Comprehension

1. Provide a one-word substitute for "A false idea or belief".

2. What is the antonym of the word "Secure"?

3. Change the following sentence to passive voice: "Sonam does not like bananas."

4. Identify the incorrectly spelled word: Embarrass, Occurrence, Exhilerate, Accommodate.

5. Improve the underlined part of the sentence: "If I was the queen, I would give a handsome sum..."

Final Thoughts
SSC CPO Tier 1 is a gateway to a respected career in law enforcement. With dedication, discipline, and a focused strategy, candidates can clear this hurdle and move closer to their goal. Ensure your preparation includes regular practice, revision of core subjects, and physical training. Stay updated with official announcements, and never underestimate the power of solving previous year papers and mock tests. The road may be tough, but the reward is well worth it.

REGISTRAR

The CAT 2025 advertisement has been published in several newspapers in multiple languages across the country, however the information contained in the CAT website shall be considered as final.

INDIAN INSTITUTES OF MANAGEMENT (IIMs)

Ahmedabad, Amritsar, Bangalore, Bodh Gaya, Calcutta, Indore, Jammu, Kashipur, Kozhikode, Lucknow, Mumbai, Nagpur, Raipur, Ranchi, Rohtak, Sambalpur, Shillong, Sirmaur, Tiruchirappalli, Udaipur, Visakhapatnam

COMMON ADMISSION TEST
CAT 2025

The Indian Institutes of Management will conduct a computer-based Common Admission Test 2025 (CAT 2025) on November 30, 2025 in three sessions. Detailed information on CAT 2025 may be obtained from the CAT website.

CAT website: https://iimcat.ac.in

CAT 2025 is a prerequisite for admission to various Post Graduate and Fellow/Doctorate programmes of IIMs. CAT 2025 scores are allowed to be used by listed non-IIM member institutions. A list of such institutions is provided on the CAT website. IIMs have no role in the selection process of non-IIM institutions.

CAT 2025 ELIGIBILITY

Please refer to the detailed notification on the CAT website. Applicants should note that mere fulfillment of the minimum eligibility criteria will not ensure consideration for shortlisting by IIMs.

RESERVATIONS

Refer to the CAT website for information regarding reservation of seats for various categories of applicants. **No change in the category will be entertained after CAT registration.**

REGISTRATION FEES

₹1300 for SC, ST and PwD category candidates.
₹2600 for all other categories of candidates.
Please note that a candidate needs to pay the registration fees only once, irrespective of the number of institutes he/she is applying for. Fees once paid cannot be refunded under any circumstances.

IMPORTANT DATES

Registration opens	: August 01, 2025 (10:00 am)
Registration closes	: September 13, 2025 (5:00 pm)
Admit card download	: November 05-November 30, 2025
Test date	: November 30, 2025
Result declaration	: First week of January, 2026 (Tentative)

TEST CENTRES

CAT will be conducted in test centres spread across around 170 test cities. Candidates will be given the option to select any five test cities in order of their preference. The list of cities may be subject to changes based on the discretion of the CAT authorities.

DISCLAIMER

This advertisement is only intended to be an announcement for CAT 2025. For detailed information, rules and procedures regarding CAT and the admission process of various IIMs and other updates, candidates should visit the CAT website.

Any dispute concerning CAT 2025 would be subject to the jurisdiction of the competent Courts within the territorial jurisdiction of the city of Kozhikode only.

IMPORTANT

Candidates must declare and maintain a valid and unique email account and a mobile phone number throughout the selection process.

PRINCIPAL'S DESK – A PLATFORM FOR EDUCATIONAL INSIGHTS AND OPPORTUNITIES

The Principal's Desk at epaper.VidyarthiMitra.org is a dedicated space designed to serve as a hub of knowledge-sharing and collaboration for educators, academic leaders, and administrators. This platform provides an opportunity for institutions to share valuable insights, important announcements, and academic opportunities with a broad audience that includes students, parents, and fellow educators. By fostering a culture of collaboration, the Principal's Desk allows colleges, universities, and educational institutions to contribute articles and updates that are of relevance to the academic community.

For institutions looking to highlight their unique offerings, faculty achievements, new programs, or institutional milestones, this platform serves as the ideal avenue to showcase their strengths. Whether it is about reaching prospective students, announcing new courses, or sharing details about scholarships and internships, the Principal's Desk helps institutions effectively engage with the right audience. Additionally, institutions can provide information about admission procedures, campus events, faculty contributions, and other academic initiatives, thereby ensuring greater visibility and outreach.

For those seeking talented individuals to fill job vacancies, faculty positions, or internship opportunities, the Principal's Desk is an effective medium to connect with aspiring candidates looking for career growth in the education sector. By sharing details about job openings, eligibility criteria, application deadlines, and recruitment procedures, institutions can attract skilled and qualified professionals who align with their academic vision.

Submitting an article or announcement is a simple and straightforward process. Institutions need to send their content along with relevant images or graphics to the editorial team at info@vidyarthimitra.org, where it will be reviewed for publication in the next edition. The platform adheres to guidelines that ensure content is fact-based, grammatically accurate, and free from plagiarism, thus maintaining high editorial standards.

Sincerely,
Mr. Ravindra Kamtam

STUDENT CORNER – YOUR VOICE MATTERS

Your Voice Matters!

Dear Students,

The Student Corner at epaper.VidyarthiMitra.org is an exclusive space designed to empower students by providing them with a voice to express their thoughts, share their concerns, and seek academic guidance. Navigating the educational landscape can often be challenging, especially with the vast amount of information available on college admissions, entrance exams, reservation policies, syllabus requirements, and studying abroad. This section is tailored to address such concerns, allowing students to ask queries related to education in India and overseas, with a team of experts striving to provide them with accurate, insightful, and well-researched responses.

Submitting queries, opinions, or experiences is simple—students can email their content to info@vidyarthimitra.org, where the editorial team will review it for potential publication. In addition to seeking answers, students are encouraged to engage with fellow readers by participating in discussions, exchanging feedback, and sharing their academic experiences. This space is not just an information hub but a community-driven platform where students can connect, collaborate, and grow together while navigating their unique educational journeys.

By fostering an interactive and supportive environment, the Student Corner ensures that students feel heard, valued, and motivated throughout their academic paths. Whether they seek guidance, wish to contribute insights, or simply want to engage in constructive discussions, this platform provides them with the opportunity to be active participants in shaping the academic discourse. Education is a journey, and through the Student Corner, students can feel assured that they have a dedicated space where their voices truly matter.

Best Regards,
Mr. Ravindra Kamtam

Riddles

I speak without a mouth and hear without ears. I have nobody, but I come alive with wind.
Answer: Echo

I have cities but no houses, mountains but no trees, and water but no fish. What am I?
Answer: A map

I have cities but no houses, mountains but no trees, and water but no fish. What am I?
Answer: A map

I have keys but no locks. I have space but no room. You can enter but can't go outside. What am I?
Answer: A keyboard

I have one eye but can't see. What am I?
Answer: A needle

What has hands but can't clap?
Answer: A clock
