

**Maharashtra CET to Be Conducted Twice a Year from 2026 (page-01)****UGC NET December 2025 – Last Day for Registration (page-04)****IIT Delhi University of Queensland Joint PhD Registration Begin (page- 10)**

Over 400 Medical Seats Still Vacant in Maharashtra After Third Round of Admissions

Mumbai: Nearly 400 medical seats remain vacant in Maharashtra after the completion of the third round of admissions, including 37 seats in government colleges. Additionally, more than 500 dental seats are available, with over 95% of them in private colleges. At the all-India level, around 1,200 seats are open for the stray vacancy round conducted by the Medical Counselling Committee (MCC) for the all-India quota, central institutes, and deemed universities.

According to parent representative Sudha Shenoy, many students have already secured seats through the all-India and state rounds, leading to the remaining vacancies. She added that if the state CET cell introduces new seats in the upcoming fourth round, students should be given a chance to upgrade their options, especially those currently admitted to dental colleges.

Vacancies also exist in government medical and dental colleges in Maharashtra, including Grant Medical College and Nair Hospital Dental College.

IIM Ahmedabad Introduces Blended MBA in Business Analytics and AI

The Indian Institute of Management Ahmedabad (IIMA) has launched a two-year blended MBA programme in Business Analytics and Artificial Intelligence for working professionals and entrepreneurs. The course aims to equip leaders with skills to integrate business strategy, data analytics, and AI-based decision-making to drive innovation and impact across industries.

Eligibility:

Applicants must hold a bachelor's degree or equivalent qualification (CA, CS, ICWA, CMA) with at least 50% marks from a recognised institution and have a minimum of three years of professional experience. The programme follows a blended model with live online sessions and three on-campus modules at IIM Ahmedabad. It includes case studies, capstone projects, and 20 elective subjects such as Predictive Analytics, Product Management, AI Ethics, and Generative AI. Participants may also exit after the first year to earn a Post Graduate Diploma in Business Analytics and AI.

The curriculum is divided into three terms per year, focusing on management, analytics, and AI integration. Designed to balance flexibility and academic rigour, the course enables professionals to upgrade their skills while continuing their careers.

Maharashtra CET to Be Conducted Twice a Year from 2026

The Maharashtra State Common Entrance Test (CET) Cell will now conduct CET examinations twice a year for three major courses — PCM (Physics, Chemistry, Mathematics), PCB (Physics, Chemistry, Biology), and MBA — starting from the upcoming academic year.

According to the new plan, the first CET exam will be held in April 2026, followed by the second in May 2026. This decision was announced during a review meeting chaired by Higher and Technical Education Minister Chandrakant Patil. The meeting was attended by Additional Chief Secretary B. Venugopal Reddy, CET Commissioner Dilip Sardesai, Director of Higher Education Dr. Shailendra Devlankar, Director of Technical Education Dr. Vinod Mohitkar, and other officials.

The move follows the model of the JEE Main exam, conducted twice a year by the National Testing Agency (NTA), offering students two opportunities for admission. Similarly, Maharashtra students will now get two chances to appear for entrance exams in engineering, pharmacy, and management.

While appearing for one exam will be mandatory, the second attempt will be optional. If a student takes both exams, the higher score will be considered for admission.

The detailed schedule for the examinations will be announced soon, according to the CET Cell.

The Medical Counselling Committee (MCC) has announced the start of the stray vacancy round for NEET UG 2025

-VidyarthiMitra News Desk

The Medical Counselling Committee (MCC) has announced the start of the stray vacancy round for NEET UG 2025, offering candidates a final chance to secure vacant MBBS, BDS, or B.Sc. Nursing seats under the All India Quota (AIQ), Deemed, and Central Universities.

Registration&feepayment: November 4 at 12 pm

Deadline: November 9 at 12 pm.

The choice filling and locking window

Open on November 5 and remain active until November 9 at 11:55 pm

Locking available from 4 pm to 11:55 pm on the final day.

Seat allotment:
November 10 and 11 2025

Results:
Results will be released on November 12.

Allotment:
Candidates must report to their allotted colleges between November 13 and 20.

The Central Government's initiative to offer free, certified AI courses on the SWAYAM and SWAYAM Plus platforms

-VidyarthiMitra News Desk

The Government Free AI Courses (AI for All) on the SWAYAM portal, often created in collaboration with institutions like the IIT Madras Pravartak Technologies Foundation, aim to provide accessible, certified AI education across various fields. These courses are free to enroll and learn and cover diverse applications It includes:-

- 1) **AI/ML Using Python** (focused on data science fundamentals and mathematical concepts like Linear Algebra),
- 2) **Cricket Analytics with AI** (using Python for sports performance metrics and predictive modeling)
- 3) **AI for Educators** (empowering teachers with Generative AI tools and prompt engineering for pedagogy and assessment),
- 4) **AI in Physics and Chemistry** (applying Machine Learning for data analysis, molecular modeling, and drug design),

5) **AI in Accounting** (leveraging no-code AI, NLP, and audit dashboards for finance modernization and fraud detection). The program's employability-focused content emphasizes hands-on skills, offers optional Government/IIT certification via a nominal fee and proctored exam, and is often aligned with the National Credit Framework (NCrF).

Key Features of the SWAYAM Program

Free to Enroll and Learn: All these courses are free to access and study online.

Certification: Learners have the option to obtain a Government/IIT-certified certificate by paying a nominal fee and appearing for a proctored in-person exam at designated centers.

• **NCrF-Aligned:** The courses are often aligned with the National Credit Framework (NCrF) adding formal value to the learning outcomes.

• **Employability-Focused:** The content emphasizes hands-on activities, real datasets, and case studies to ensure practical, job-ready skills.

CTET 2026 Exam to Be Held on February 8 Across 132 Cities.

-VidyarthiMitra News Desk

The Central Teacher Eligibility Test (CTET) 2026 will be conducted by the Central Board of Secondary Education (CBSE) on February 8, 2026 (Sunday). The exam will be held in two sessions — Paper I and Paper II — across 132 cities in 20 different languages. Paper I is for candidates aspiring to teach Classes I–V, while Paper II is for Classes VI–VIII. The test will be conducted in offline mode (OMR-based) with 150 questions for 150 marks, and there will be no negative marking. The CTET certificate, once earned, will remain valid for a lifetime.

The detailed information bulletin, including eligibility criteria, syllabus, exam pattern, fees, important dates, and list of exam centres, will soon be released on the official website — ctet.nic.in. Interested candidates are advised to keep their documents ready and regularly visit the website for updates. The registration process, exam schedule, and admit card release dates will be announced soon.

IIT Bombay Launches Online Postgraduate Diploma in E-Mobility.

-VidyarthiMitra News Desk

The Indian Institute of Technology (IIT) Bombay has introduced an 18-month online Postgraduate Diploma in E-Mobility, starting in March 2025, to develop skilled professionals for India's growing electric vehicle (EV) sector.

Offered by IIT Bombay's C1973 EV Power Train Lab in collaboration with Great Learning, the programme is open to graduates and professionals in engineering and related fields.

The course includes core subjects like Battery Technology, Electrical Drives, Power Electronics, and EV Grid Integration, along with hands-on projects on EV modelling, design, and battery analysis.

Students will earn 36 credits under India's Academic Bank of Credits and gain IIT Bombay alumni status after completion.

The flexible ers to study while working, making it ideal for engineers, researchers, and entrepreneurs aiming to specialise in sustainable mobility and electric vehicle innovation.

MNLU Mumbai to Begin Construction of Permanent Goregaon Campus

-VidyarthiMitra News Desk

Nearly a decade after its establishment, Maharashtra National Law University (MNLU) Mumbai is set to begin work on its permanent 35-acre campus in Pahadi, Goregaon, near Versova metro station. Since 2015, the university has operated from a rented government building in Powai. The foundation ceremony, to be held this week, will be presided over by Chief Justice of India and University Chancellor, Justice B.R. Gavai. The new greenfield campus will be built only on land outside the Coastal Regulation Zone (CRZ) and is expected to be completed in three to four years. Officials shifted the project from Gorai to a site closer to the Bombay High Court for convenience. However, activist Zoru Bhathena has opposed the plan, claiming the land is part of a protected wetland and urging authorities to preserve it. The Maharashtra Chief Minister and Deputy Chief Ministers will also attend the ceremony.

Globis University to Open First India Campus in Mumbai by 2026

-VidyarthiMitra News Desk

Japan's Globis University will open its first Indian campus at Bandra Kurla Complex (BKC), Mumbai, in 2026, marking its seventh global centre. The university will offer management courses such as pre-MBA, nano-MBA, part-time, and full-time English MBA from Tokyo. Founder Yoshito Hori said the institution's model focuses on people, capital, and knowledge. It also offers a two-year online part-time MBA for professionals with scholarships and financial aid. Globis will be registered in India as a company and has no plans to repatriate funds to Japan.

Meanwhile, over half of Maharashtra's private unaided colleges offering professional courses missed the October 31 deadline to submit fee revision proposals to the Fee Regulatory Authority (FRA). Many cited exams and Diwali holidays as reasons. Despite receiving over 3,000 applications annually, the FRA maintained its deadline but may consider a brief extension, possibly with a fine.

BCI May Hold AIBE Twice a Year; NLUSA Seeks Clarity

-VidyarthiMitra News Desk

The National Law Universities Students' Association (NLUSA) has requested the Bar Council of India (BCI) to amend the eligibility criteria for the All India Bar Examination (AIBE) 2025. Currently, only final-semester students are eligible, which prevents many graduates from applying immediately after completing their law degrees. NLUSA highlighted that this delay disrupts their career timelines and creates uncertainty, especially since different universities follow varied academic or trimester systems.

In its representation, NLUSA urged BCI to clearly state that enrolment for practice with State Bar Councils should not depend on passing AIBE. The association also stressed that the exam schedule should align with academic timelines to ensure fair access for all students.

The BCI is reportedly considering holding the AIBE twice a year — a move that could significantly reduce waiting periods for graduates seeking to begin legal practice and improve the efficiency of the certification process. The new policy, if implemented, will bring greater flexibility and consistency for aspiring advocates across India.

IIM Mumbai Launches Two-Year Blended MBA for Working Professionals

-VidyarthiMitra News Desk

The Indian Institute of Management (IIM) Mumbai has launched a two-year Blended Post Graduate Programme in Management – MBA (MBA-BPGP) designed for working professionals. Interested candidates can apply through the official website — www.iim-mumbai.jaroeducation.com.

According to the institute, the MBA-BPGP combines management knowledge with strong technical expertise to develop future-ready leaders. The programme covers major areas such as operations, supply chain, marketing, finance, data science, environment, and human resources. In the second year, students can choose to specialise in their preferred field.

The course follows a blended learning model with live online classes and campus immersion sessions. It offers practical learning through case studies, seminars, and group discussions. IIM Mumbai stated that the programme aims to help professionals reskill, upskill, and innovate to thrive in India's fast-changing economy and explore global career opportunities.

Advantage Private Varsities: Policy (Karnataka Engineering Seats)

-VidyarthiMitra News Desk

The article discusses how a change in policy regarding engineering seats favors private universities over government and private affiliated colleges in Karnataka.

Key Policy Changes & Impact:

Mandatory AICTE Permission: AICTE permission is now mandatory for government, aided, and private engineering colleges, but not for private universities. This policy disparity is creating an advantage for private universities.

Expansion of Seats: Private universities can start new courses and increase seats without the stringent regulatory hurdles faced by other institutions.

Course Structure: Affiliated colleges must follow the VTU syllabus, while private universities have the flexibility to design their own syllabus, making them more adaptable to industry needs (e.g., incorporating AI/ML).

Total Seats:The total number of engineering seats is 1,33,510.

Private Affiliated Colleges hold the largest share with 65,300 seats.

Private Universities offer 32,500 seats.

Seat Allocation & Fees:

CET/COMED-K Quota:

Only 50% of seats in private affiliated colleges are filled through the Government (CET) and COMED-K quota.

However, private universities allocate only 40% of their seats to the CET/COMED-K pool.

Fee Structure: The fees for seats under the Government (CET) quota are lower than those for private colleges, creating a significant financial incentive for private universities to maximize their management quota seats (the remaining 60% after the 40% CET/COMED-K pool).

Foreign/NRI Seats: The policy is expected to allow a significant increase in the percentage of NRI/Foreign student seats in private universities.

When Less Is More: The Need for Curated Teaching

-VidyarthiMitra News Desk

The article argues that students today are overwhelmed by an excess of uncurated digital content, leading to cognitive overload and ineffective learning. The solution is the adoption of curated teaching.

The Problem: Digital Overload

- Today's students are inundated with vast, unstructured information from sources like YouTube and social media, often presented in bite-sized, short attention-span formats.
- This abundance leads to cognitive overload, fragmentation, and reduced retention of information.
- The challenge is no longer accessing content, but capturing and sustaining attention.

The Solution: Curated Teaching

- **Definition:** Curation in education involves cutting through the noise and sequencing content logically and strategically to clarify complex topics.
- **The Goal:** Ensure students get the right material, at the right time, and in the right manner, moving beyond simply following a syllabus.
- **Curriculum Focus:** Educational institutions should evaluate every piece of content to ensure it supports the intended learning outcomes and avoids duplication, confusion, and cognitive load. A smart strategy involves integrating high-quality platforms and seamlessly weaving them into existing learning plans.

The Role of Educators

- **From Teacher to Mentor:** The educator's role is shifting from simply dispensing information to mentoring.
- Mentors must provide guided support, enhancing self-directed study and connecting learning across various contexts.
- **Subject Examples:**
 - **Language:** Curated content should focus on high-frequency words and confidence in communication.
 - **Maths/Science:** Curation should move students from basic concepts to complex problems by linking theory to applications, using simulations, and visualizing complex phenomena to make learning concrete and engaging.

Benefits of Curation

- **Improved Outcomes:** Curated models have shown a significant rise in student retention, improved conceptual grasp, and superior performance in exams and practical assessments.
- **Personalization:** Curated teaching enables educators to provide individualized, adaptive learning environments.
- **Increased Engagement:** It helps institutions foster student motivation and reduce burnout by presenting information in manageable, engaging chunks, making students feel supported rather than overwhelmed.

The Unspoken in the Classroom

-VidyarthiMitra News Desk

This article, written by Pommythilli Muralidharan, argues that education must go beyond grades and discipline to teach students about the responsible use of power and privilege.

The Problem:

- **Focus on Grades Only:** Students are primarily taught about exams, grades, and discipline, which creates a very narrow view of success.
- **Neglect of Power Dynamics:** Students, especially in colleges, often step into positions of privilege (e.g., student bodies, associations) without understanding the responsibilities that come with power.
- **Lack of Empathy:** When the focus is solely on individual achievement (grades/CGPAs), students struggle to understand interdependence, resources, and accountability to others, leading to a lack of empathy and humility.

The Solution: Teaching Responsible Power & Empathy:

- **What Power Is:** Power is not about hurting the less powerful; it is based on dependence, resources, and knowledge. We earn power through what we hold or what others value.
- **Responsible Power:** Awareness of power is the first step. Students must be taught to use their power (their knowledge, access, and resources) not just for themselves, but for the community and for the common good.
- **The Goal:** If children are taught that power comes with privilege and duty, and they are given something other than exams to measure success, they will learn to handle power with empathy and grace.
- **Empathetic Leadership:** The image illustrates the qualities of an empathetic leader: Leadership, Supportive, Visionary, Empowering, and Empathetic.

UGC NET December 2025 – Last Day for Registration

-VidyarthiMitra News Desk

The National Testing Agency (NTA) will close the registration window for the UGC NET December 2025 exam today. The exam, conducted to determine eligibility for Junior Research Fellowship (JRF), Assistant Professor, and PhD admissions, will be held in computer-based mode from December 31, 2025, to January 7, 2026, across multiple cities

Candidates can register on the official website — ugcnet.nta.ac.in — before 11:50 pm. The correction window will be open from November 10 to 12, 2025, allowing candidates to edit specific details.

Fee Payment:

The application fee is ₹1,150 for General, ₹600 for EWS/OBC-NCL, and ₹325 for SC/ST/PwD candidates.

The UGC NET will be conducted for 85 subjects, following the pattern of two papers

Paper I (General Teaching and Research Aptitude).

The paper includes 50 multiple-choice questions, carrying 2 marks each, for a total of 100 marks. The duration is 3 hours (combined with Paper 2), and there is no negative marking.

- Paper 1 aims to evaluate candidates' analytical, problem-solving, and communication skills essential for academic and teaching roles.

Paper II (subject-specific).

The exam aims to identify qualified researchers and teachers for higher education institutions across India, ensuring quality academic standards nationwide.

It consists of 100 multiple-choice questions, worth 2 marks each, totaling 200 marks. Candidates must select their subject at the time of registration from 85 available subjects, such as English, Commerce, History, Political Science, Education, Management, Computer Science, and more.

CBSE Releases Final Date Sheet for Class 10 and 12 Board Exams 2026

-VidyarthiMitra News Desk

The Central Board of Secondary Education (CBSE) has officially announced the final date sheet for the Class 10 and 12 board exams 2026. Both exams will begin on February 17, 2026, and continue until April 2, 2026. The detailed timetable is available on the official CBSE website — **cbse.gov.in**.

The board has ensured that the exam schedule avoids overlapping with major entrance tests like JEE Main and NEET, providing students sufficient preparation time. Practical exams for both classes are expected to be held in January 2026 at respective schools.

CBSE has urged students to prepare systematically, revise regularly, and maintain a balanced routine to reduce exam stress. Schools have also been instructed to complete the syllabus by December 2025 and focus on mock tests and doubt-clearing sessions. The board will soon release sample papers and marking schemes to help students familiarize themselves with the latest exam pattern.

NCERT Launches Online Diploma Course for Middle School Science Teachers

-VidyarthiMitra News Desk

The National Council of Educational Research and Training (NCERT) has introduced an Online Diploma Course in the Teaching of Science at the Middle Stage (Classes 6–8). Offered by the Department of Education in Science and Mathematics (DESM), NCERT, New Delhi, the 40-week course is designed to strengthen teachers' conceptual understanding, pedagogical skills, and classroom practices in science education.

The programme begins on December 15, 2025, with enrolment open until December 14, 2025. The course fee is ₹2,000, and participants can access the learning material anytime through a flexible online platform. It includes 40 interactive modules, released weekly, and a final assessment, requiring 6–8 hours of study per module.

The course aims to enhance teachers' scientific knowledge, lesson planning, inquiry-based teaching, and use of multimedia tools while promoting critical thinking and curiosity among students. It also encourages activity-based and reasoning-oriented learning to make science engaging and meaningful. of science pedagogy. Interested candidates can register on the official NCERT platform.

NCERT Offers Free Online Business Studies Course for Class 12 Students

-VidyarthiMitra News Desk

The National Council of Educational Research and Training (NCERT) has launched a free online Business Studies course for Class 12 students on the SWAYAM platform. The 24-week programme aims to enhance understanding of business operations and management concepts in a practical context.

The course will run from September 22, 2025, to March 6, 2026, with enrolments open till February 20, 2026. An online exam is scheduled for March 3, 2026 (subject to change). It follows the Class 12 NCERT curriculum and includes 30 modules on themes like management principles, business environment, planning, organising, staffing, directing, and controlling. Content will be delivered through videos, documents, web links, and self-assessments, with discussion forum support.

Offered in English as a core course, it is ideal for board exam preparation. NCERT, the national MOOC coordinator, provides such free courses on SWAYAM to promote quality education and certification nationwide.

"Cloud Computing Revolution: Transforming Careers and Digital Services Worldwide"

-VidyarthiMitra News Desk

Cloud computing is transforming the digital world by providing online services such as storage, servers, networking, and software over the Internet. It reduces costs, improves efficiency, and helps organisations expand without large infrastructure.

The technology is now used across sectors like IT, healthcare, BFSI, and education. Cloud computing offers three main models — IaaS (Infrastructure as a Service), PaaS (Platform as a Service), and SaaS (Software as a Service). These models allow users to access, build, and manage applications easily.

Many institutes now offer cloud courses and certifications from providers like IBM, VMware, and EMC. Popular job roles include cloud architect, data analyst, and cloud engineer.

Technical skills such as Devops, Programming, and Database Management, along with soft skills like teamwork and problem-solving, are essential. Cloud computing continues to grow rapidly, creating strong global demand for professionals skilled in this technology.

The Institute of Cost Accountants of India (ICMAI) recently announced the establishment of a new Examination Centre at Haldwani, Uttarakhand.

Objectives of the Institute

- To develop the Cost and Management Accountancy function as a powerful tool of management control in all spheres of economic activities.
- To promote and develop the adoption of scientific methods in cost and management accountancy.
- To develop the professional body of members and equip them fully to discharge their functions and fulfill the objectives of the Institute in the context of the developing economy.
- To keep abreast of the latest developments in the cost and management accounting principles and practices, to incorporate such changes are essential for sustained vitality of the industry and other economic activities.
- To exercise supervision for the entrants to the profession and to ensure strict adherence to the best ethical standards by the profession.
- To organise seminars and conferences on subjects of professional interest in different parts of the country for cross-fertilisation of ideas for professional growth.
- To carry out research and publication activities covering various economic spheres and the publishing of books and booklets for spreading information of professional interest to members in industrial, education and commercial units in India and abroad.

Impact on CMA Students

The establishment of the Haldwani centre is considered a major development for students residing in Uttarakhand and the surrounding Northern region.

Reduction in Travel Distance:

Previously, candidates from regions like Haldwani and its surrounding districts had to travel long distances (often hundreds of kilometers) to established centers in cities like Dehradun, Haridwar, or Delhi to appear for their professional examinations. The new centre eliminates this significant travel burden.

Cost and Time Saving: By having an examination center closer to home, students save considerably on travel expenses, accommodation costs, and study time lost due to long-distance commuting.

Accessibility and Growth: The move is expected to enhance the accessibility of the CMA course and boost the enrollment and growth of the Cost and Management Accounting profession in Uttarakhand and the wider Northern India Regional Council (NIRC) area.

-VidyarthiMitra News Desk

Muzaffarpur	Bihar	337
Kurnool	Andhra Pradesh	278
Sivaganga	Tamil Nadu	279
Jeypore	Odisha	338

The inclusion of these centres increases the total number of examination centres in India to over 130, plus three overseas centres in Bahrain, Dubai, and Muscat.

Important Note for Candidates

If you are appearing for the December 2025 term examination, you must check the official notification on the ICMAI website (icmai.in) and select the appropriate centre code when filling out your examination application form. Examination centres are liable to change, and the final list is always published on the official website.

University-level examinations

-VidyarthiMitra News Desk

University-level examinations operate on a consistent, cyclical schedule governed by the academic calendar, with the Odd Semester (1st, 3rd, 5th, 7th, etc.) exams typically being conducted between October and December of any given year.

The latest wave of announcements in November 2025 confirms this cycle and focuses on four main areas of student activity: Time Tables, Practical Exams, Results, and Remedial Forms (Supplementary/Revaluation).

Key Activity Areas in University Examination Notices

1. Time Tables and Exam Schedules

The primary focus of recent notifications is the release and revision of datesheets for the ongoing Odd Semester session (typically November/December exams).

- **Odd Semesters (UG/PG):** Universities like Calicut University, Panjab University (PU), and Dibrugarh University have released comprehensive or revised Time Tables for 1st, 3rd, 5th, 7th, and 9th semesters across UG (BA, BSc, BCom, BBA) and PG (MA, MSc, MCom, MBA) courses.
- **Special/Supplementary Exams:** Datesheets often include schedules for Supplementary/Backlog papers for students who failed an earlier attempt, and sometimes "Improvement" or "Mercy Chance" exams (e.g., Calicut University's revised dates for regular, supplementary, and improvement exams).
- **New Education Policy (NEP):** Many universities, including Panjab University, are issuing separate or specific datesheets for courses being conducted under the new Four-Year Undergraduate Programme (FYUGP) or NEP structure.

2. Practical and Viva-Voce Examinations

Practical exams often begin before or run concurrently with the main theory exams, and special notices are always released for their scheduling.

- **UG/PG Practical Schedule:** Panjab University, for instance, released the schedule for Practical Examinations for both UG and PG courses (Odd Semester) in November 2025.
- **Viva-Voce:** For PG courses and specialized programs (like Law, B.Arch, and Ph.D. coursework), separate schedules are released for Viva-Voce or dissertation submissions (e.g., Calicut University notices for Viva-Voce of fourth-semester PG programs).

3. Result Declarations and Marksheets

Results for examinations held in the previous cycle (usually the Even Semester exams of May/June) are continuously being declared.

- **Result Portal Updates:** Universities maintain dedicated examination result portals (e.g., Panjab University's result site) where results are uploaded on an ongoing basis for various courses.
- **DMCS (Detailed Marks Cards):** Separate notices are issued regarding the issuance and collection of Detailed Marks Cards (DMCs) for students whose results have recently been announced, such as the notice for B.Ed. DMCs seen at Gurugram University.

4. Revaluation and Examination Forms

This category focuses on the administrative process for the current and future exam cycles.

- **Exam Registration/Form Fill-up:** Universities consistently issue notifications extending the deadline for students to fill out their online examination forms (including late fees) for the current odd semester (November/December 2025), a common theme across universities like Dibrugarh and Himachal Pradesh University (HPU).
- **Re-appear/Improvement Forms:** Deadlines are frequently extended for filling up Offline/Online Re-appear/Improvement forms for the Odd Semester exams for students who wish to re-attempt specific papers.
- **Revaluation:** Notifications are released regarding the opening and closing of windows for Revaluation/Re-checking for students dissatisfied with their recently declared results.

Students are consistently advised to rely solely on the official examination website of their respective university uoc.ac.in for Calicut, exams.puchd.ac.in for Panjab) to download the definitive time tables and notifications.

**National Testing Agency (NTA) has released important notifications for four major exams,**

-VidyarthiMitra News Desk

1. UGC-NET December 2025 (Assistant Professor & JRF) 🎓

- **Exam Dates:** December 31, 2025, to January 7, 2026.
- **Mode:** Computer-Based Test (CBT), held in two shifts.
- **Application Correction Window:** The application correction window is currently open from November 10 to November 12, 2025 (until 11:50 PM).
- **Corrections Allowed:** Candidates can generally correct their Date of Birth, Category, Father's Name, and Mother's Name.
- **Corrections NOT Allowed (for Aadhaar verified candidates):** Changes are generally not permitted in Candidate's Name, Gender, Photo & Signature, Mobile Number, Email Address, Permanent & Correspondence Address, and Exam City.

2. JEE (Main) - 2026 Session 1 (Engineering Entrance) ⚙️

- **Exam Dates:** January 21 to January 30, 2026.
- **Registration Window:** The application window is open from October 31, 2025, to November 27, 2025 (until 9:00 PM). The last date for fee payment is also November 27, 2025 (until 11:50 PM).
- **Exam Mode:** Computer-Based Test (CBT) for B.E./B.Tech. (Paper 1).
- **Result:** Tentatively expected by February 12, 2026.
- **Eligibility Note:** There is no upper age limit. Candidates who passed Class 12th in 2024, 2025, or are appearing in 2026 are eligible.

3. CMAT-2026 (Management Admission Test) 🏢

- **Registration Window:** The application window is open from October 17, 2025, to November 17, 2025 (until 11:50 PM).
- **The last date** for fee payment is November 18, 2025.
- **Application Correction Window:** November 20 to November 21, 2025.
- **Exam Date (Tentative):** Expected to be held on January 25, 2026.
- **Purpose:** Entrance for admission to MBA/PGDM programs in over 1,300 AICTE-approved institutions.
- **Eligibility Note:** Requires a Bachelor's Degree (final year students are also eligible), and there is no age limit.

4. Joint CSIR UGC NET December 2025 (Science Stream JRF & LS) 📝

- **Exam Date:** December 18, 2025.
- **Exam Mode:** Computer-Based Test (CBT), held in two shifts (Morning: 9:00 AM–12:00 Noon; Evening: 3:00 PM–6:00 PM).
- **Application/Correction Status:** The online application and the correction window (October 30 to November 1, 2025) have already closed.
- **Subjects:** Includes Chemical Sciences, Earth, Atmospheric, Ocean & Planetary Sciences, Life Sciences, Mathematical Sciences, and Physical Sciences.

**Directorate General of Civil Aviation (DGCA) OLODE (Online On-Demand Examination)**

-VidyarthiMitra News Desk

The Directorate General of Civil Aviation (DGCA) OLODE (Online On-Demand Examination) is a key examination system for obtaining or extending various Flight Crew (FC) licenses and Aircraft Maintenance Engineer (AME) licenses. It allows candidates to book exam slots with more flexibility than the four regular sessions held annually.

Here are the details regarding the recent notices:

1. 📄 Result for Flight Crew OLODE Session 07 of 2025

- **Status:** The result for the Flight Crew OLODE Session 07 of 2025 was released on November 7, 2025.
- **Action:** Candidates who appeared for this on-demand session need to check the official DGCA Pariksha portal (pariksha.dgca.gov.in) for their individual results.
- The results indicate the candidate's pass/fail status in subjects like Aviation Meteorology, Air Regulations, and Technical exams specific to aircraft types.

2. 📢 Public Notice for OLODE Session 08 of 2025

- **Subject:** Online On-Demand Examination (OLODE) for AME and Flight Crew (FC) Session 08 of 2025.
- **Notice Date:** The public notice was issued on November 4, 2025.
- **Exam Centers:** The exams will be held at designated centers across major cities: New Delhi, Mumbai, Chennai, Kolkata, Hyderabad, and Bengaluru.
- **Application Window (FC):** The Pariksha Portal is typically open for Flight Crew candidates to apply from November 7 to November 11, 2025.
- **Exam Dates (FC):** Tentative exam dates for the Flight Crew session are around November 20-21, 2025.

Macquarie University India Early Acceptance Scholarship

-VidyarthiMitra News Desk

About

The Macquarie University India Early Acceptance Scholarship is a prestigious financial award designed to support outstanding students from India pursuing undergraduate or postgraduate coursework. Selected candidates will receive AUD 10,000 per year.

Eligibility Criteria

To be eligible, an applicant must:-

- be a citizen of India
- be a full-time international student commencing an undergraduate or postgraduate Coursework degree
- have accepted their Letter of Offer and paid the commencement fee by the acceptance deadline
- remain enrolled in each compulsory study period
- not be a recipient of any government sponsorship

Benefits

- The selected students will receive a scholarship of AUD 10,000 (approx. ₹8,85,940) per year for the duration of their Bachelor's or Master's coursework, with AUD 5,000 credited each session. This scholarship is valid for the full duration of the course

Required Documents

Candidates will be selected based on academic merit and their commitment to accepting their offer early and commencing studies at Macquarie University

How to Apply

Register: Click on the 'Register' button and fill in the required registration details (Note:- If already registered, log in using Gmail/Mobile number/Email ID). Eligible applicants will be automatically considered after applying for admission, and successful candidates will receive the scholarship along with their offer letter.

Selection Criteria

Selection is based on eligibility and document verification by officials.

Important Dates

The application is open throughout the year.

- have an income up to ₹4,00,000 (for salaried employees) and up to ₹2,50,000 (for others)
- (Note:- Scholarships are available for students in government, government-aided, and affordable private educational institutions.)

Benefits

- Financial support for covering tuition fees
- Assistance for the expenses of study materials
- Accommodation expenses for hostellers

Required Documents

- Academic certificates
- Class 10 examination result
- Income proof
- Proof of date of birth(if not included in the class 10 marksheet)
- Certificate regarding admission and annual fee
- Copy of the student's bank passbook
- Certificate of college hostellers signed by the hostel warden and the Principal/Lecturer
- Certificate of private hostellers signed by the private accommodation owner and the Principal/Lecturer

How to Apply

1. Register/Login: Click 'Register' (or log in if already registered).
2. Start Application: Click 'Apply Now' on the new portal section, then 'Register Now'.
3. Verify & Set Password: Fill in your name, mobile number, and email ID, verifying both with OTP. Create a password and register.
4. Apply: Log in, click 'Apply Scholarship', agree to the terms, and fill in the application details.

Selection Criteria

Applicants will be selected based on their fulfillment of the eligibility criteria.

Important Dates

- Application received round the year

Terms & Conditions

- The academic year for this scholarship is considered from 1st June to 31st May.
- Students can apply for this scholarship only once during the entire duration of this course.
- Any changes in the academic and personal details should be communicated to the Sitaram Jindal Foundation immediately.
- Failure to communicate or provide relevant documents may result in the discontinuation of the scholarship.

US News & World Report 2026: Princeton Tops Best Colleges in the United States

-VidyarthiMitra News Desk

The US News & World Report 2026 Best Colleges Rankings have placed Princeton University as the top institution in the US for the second year in a row, followed by MIT and Harvard University. The rankings evaluate universities based on graduation outcomes, faculty quality, research, and reputation.

Princeton University ranked first, with tuition fees of \$65,210 and an acceptance rate of 5%. MIT secured second place, charging \$64,730, while Harvard University ranked third with \$64,796 in fees and a 4% acceptance rate. Stanford University placed fourth, and Yale University fifth, with tuition of \$69,900.

The University of Chicago ranked sixth, followed by Duke University at seventh. Johns Hopkins University, Northwestern University, and the University of Pennsylvania tied for the seventh position, each maintaining high academic standards and global recognition.

University of Sheffield Opens Applications for MSc Financial Technology and Innovation 2026

-VidyarthiMitra News Desk

The University of Sheffield, United Kingdom, has opened applications for its MSc in Financial Technology and Innovation programme for the 2026 intake. This one-year full-time course aims to prepare students for careers in finance and accounting, with a strong emphasis on technology and innovation. Interested candidates can apply through the university's official website — **sheffield.ac.uk**.

Applicants do not need a prior background in finance or accounting. The programme focuses on developing advanced analytical and technological skills through modules on Bloomberg databases, generative AI, blockchain, Python for Accounting and Finance, governance and regulation, data analytics, portfolio management, global financial markets, and sustainable finance.

Students will also benefit from guest lectures by industry experts, gaining real-world insights into how technology is transforming the financial sector.

Australia Caps Foreign Student Enrolments: Impact on Indian Aspirants*

-VidyarthiMitra News Desk

The *Australian government has instructed universities to ensure that domestic students make up more than 50% of total enrolments, marking a significant shift in higher education policy. The move aims to rebalance student admissions amid a sharp rise in international intake, especially at top universities such as the University of Sydney, Murdoch University, and RMIT.

This policy is expected to affect global student mobility, particularly for Indian students, who represent nearly 17% of Australia's international enrolments. In 2024, the country hosted about 800,000 international students, contributing A\$51.5 billion to the economy and supporting over 250,000 jobs across education, housing, and hospitality.

Experts believe that while this step prioritizes domestic access, sustainable infrastructure, housing, and policy stability are essential to maintain Australia's reputation as a leading global education destination.

IIT Delhi–University of Queensland Joint PhD Registrations Begin

-VidyarthiMitra News Desk

Registrations are now open for the Joint PhD Programme offered by the Indian Institute of Technology Delhi (IITD) and the University of Queensland (UQ). Interested candidates can visit the institute's official website for detailed information.

The application deadline is January 7, 2026, and the shortlist of applicants will be announced between January 21 and March 4, 2026. Interviews are scheduled from April 7 to 16, 2026, with offers issued on May 18 and acceptance due by May 29, 2026.

Selected students will receive a four-year scholarship, covering a living stipend, UQ tuition fee, and a relocation grant for travel between UQ and IIT Delhi.

MAHARASHTRA STATE DENTAL COUNCIL
Govt. Dental College & Hospital, 3 floor, St. George Hospital Compound, Near CST Railway Station, Fort, Mumbai - 400001 Maharashtra
Tel: +91 8451072318 E-mail : msdcmumbaihelpdesk@gmail.com Website : www.msdcmbai.in

NOTICE FOR ALL DENTAL PRACTITIONERS

This is to inform all registered Dental Practitioners that the Maharashtra State Dental Council (MSDC) is introducing a "Know Your Dentist (KYD)" - a Scan-Based Verification System designed to enable citizens to verify whether a dentist is duly registered with the Council and to authenticate their recognized specialization. The Council has recently launched its new official website: www.msdcmbai.in

In this regard, all Dental Practitioners registered with the Maharashtra State Dental Council are hereby requested to update their complete address and other relevant details through the link provided in the User Profile section of the official website. The updated address is essential for the dispatch of the Aluminium Scan Sheet, which will contain a unique QR Code linked to each practitioner's verified registration record. This KYD QR Code shall serve as the official digital identity of the practitioner under the new verification system, which is mandatory for all Dental Practitioners practicing in the State of Maharashtra. Please note that the KYD Aluminium Sheet will be issued free of cost to the first 10,000 registered dentists as part of the initial implementation phase.

This initiative is being undertaken to promote professional transparency and safeguard public interest by ensuring that only duly qualified and registered dental practitioners are permitted to practice dentistry in the State of Maharashtra. In view of the increasing instances of quackery and unqualified individuals posing as dentists, the KYD system will act as a reliable and transparent mechanism to verify genuine practitioners and uphold the integrity of the dental profession.

All practitioners are therefore requested to complete the address update process at the earliest to facilitate smooth and timely implementation of this important initiative.

PRINCIPAL'S DESK – A PLATFORM FOR EDUCATIONAL INSIGHTS AND OPPORTUNITIES

The Principal's Desk at epaper.VidyarthiMitra.org is a dedicated space designed to serve as a hub of knowledge-sharing and collaboration for educators, academic leaders, and administrators. This platform provides an opportunity for institutions to share valuable insights, important announcements, and academic opportunities with a broad audience that includes students, parents, and fellow educators. By fostering a culture of collaboration, the Principal's Desk allows colleges, universities, and educational institutions to contribute articles and updates that are of relevance to the academic community.

For institutions looking to highlight their unique offerings, faculty achievements, new programs, or institutional milestones, this platform serves as the ideal avenue to showcase their strengths. Whether it is about reaching prospective students, announcing new courses, or sharing details about scholarships and internships, the Principal's Desk helps institutions effectively engage with the right audience. Additionally, institutions can provide information about admission procedures, campus events, faculty contributions, and other academic initiatives, thereby ensuring greater visibility and outreach.

For those seeking talented individuals to fill job vacancies, faculty positions, or internship opportunities, the Principal's Desk is an effective medium to connect with aspiring candidates looking for career growth in the education sector. By sharing details about job openings, eligibility criteria, application deadlines, and recruitment procedures, institutions can attract skilled and qualified professionals who align with their academic vision.

Submitting an article or announcement is a simple and straightforward process. Institutions need to send their content along with relevant images or graphics to the editorial team at info@vidyarthimitra.org, where it will be reviewed for publication in the next edition. The platform adheres to guidelines that ensure content is fact-based, grammatically accurate, and free from plagiarism, thus maintaining high editorial standards.

Sincerely,
Mr. Ravindra Kamtam
Editor-in-Chief
epaper.VidyarthiMitra.org

Riddles

I house young minds, eager to grow,
With lessons and knowledge, they soon will know.
Desks and chairs, a learning space,
Where am I? Find my place!
Answer: A Classroom

I hold knowledge, page by page,
With stories, facts, and wisdom of age.
Open me up, and you will see,
A world of learning inside of me.
Answer: A Book

I come in numbers, I come in words,
A test of knowledge, skill, and nerves.
You write me down, on paper so neat,
Who am I, where students compete?
Answer: An Exam

I guide you well, through right and wrong,
With lessons that help you grow up strong.
I stand before you, chalk in hand,
In this learning journey, by you I stand.
Answer: A Teacher

I have hands but do not clap,
I tell you time without a nap.
In schools, I help you keep in line,
Tick-tock, what's my sign?
Answer: A Clock

I have seats but I'm not a car,
I take students near and far.
Bright and yellow, I'm easy to see,
What am I, transporting thee?
Answer: A School Bus

STUDENT CORNER – YOUR VOICE MATTERS

Your Voice Matters!

Dear Students,

The Student Corner at epaper.VidyarthiMitra.org is an exclusive space designed to empower students by providing them with a voice to express their thoughts, share their concerns, and seek academic guidance. Navigating the educational landscape can often be challenging, especially with the vast amount of information available on college admissions, entrance exams, reservation policies, syllabus requirements, and studying abroad. This section is tailored to address such concerns, allowing students to ask queries related to education in India and overseas, with a team of experts striving to provide them with accurate, insightful, and well-researched responses.

Submitting queries, opinions, or experiences is simple—students can email their content to info@vidyarthimitra.org, where the editorial team will review it for potential publication. In addition to seeking answers, students are encouraged to engage with fellow readers by participating in discussions, exchanging feedback, and sharing their academic experiences. This space is not just an information hub but a community-driven platform where students can connect, collaborate, and grow together while navigating their unique educational journeys.

By fostering an interactive and supportive environment, the Student Corner ensures that students feel heard, valued, and motivated throughout their academic paths. Whether they seek guidance, wish to contribute insights, or simply want to engage in constructive discussions, this platform provides them with the opportunity to be active participants in shaping the academic discourse. Education is a journey, and through the Student Corner, students can feel assured that they have a dedicated space where their voices truly matter.

Best Regards,
Mr. Ravindra Kamtam
Editor-in-Chief
