IIT Releases Official JEE Advanced 2026 Syllabus

-VidyarthiMitra News Desk

- The JEE Advanced 2026 syllabus is now available for download on the official portal jeeadv.ac.in.
- The syllabus remains unchanged from JEE Advanced 2025, providing continuity for students who have already started preparation.
- It covers core topics from NCERT Classes 11 and 12 in all three subjects tested in the exam.

Subject-wise Coverage :

Physics -

- General concepts such as units, dimensions, and measurement
- Mechanics
- Thermal Physics
- Electricity and Magnetism
- Electromagnetic Waves
- Optics
- Modern Physics

Chemistry -

- Physical Chemistry: Thermodynamics, Equilibrium, Kinetics, Electrochemistry, Solutions, Solid State, Surface Chemistry
- Inorganic Chemistry: Periodic Table, s/p/d/f-Block Elements, Coordination Compounds, Metallurgy, Qualitative Analysis
- Organic Chemistry: Fundamental principles, Hydrocarbons, Functional Groups (alcohols, aldehydes, ketones, acids, amines), Biomolecules, Polymers, Everyday Chemistry

Mathematics -

- Sets, Relations, and Functions
- Algebra (Complex Numbers, Quadratics, Progressions, Matrices)
- Probability and Statistics
- Trigonometry
- Analytical Geometry (2D and 3D)
- Calculus (Limits, Derivatives, Integrals, Differential Equations)
- Vectors

How to Download the Syllabus :

- Visit the official website at jeeadv.ac.in.
- Find the link for "JEE Advanced 2026 Syllabus PDF" on the homepage.
- Click the link to open and download the PDF.
- Save the PDF for offline study and preparation.

Notification :

The release of the detailed syllabus helps aspirants plan their preparation strategy and align their study focus with the official curriculum for the competitive exam.

New Rules Issued for Maharashtra School Admissions

-VidyarthiMitra News Desk

Mumbai:

The Maharashtra State School Education Department has issued a fresh circular outlining revised rules for nursery and Class 1 admissions for the 2026–27 academic year. The circular clearly defines age eligibility norms and reiterates restrictions on admission procedures at the primary level.

Revised Age Criteria

- As per the new guidelines, a child seeking admission to Class 1 must have completed six years of age on or before December 31, 2026
- The age criteria will apply uniformly across schools following the state board norms

Restrictions on Admission Process

- Schools have been strictly prohibited from conducting:
 - Entrance tests
 - Interviews of children
 - Interviews of parents
- These restrictions apply specifically to the primary admission process, including nursery and Class 1

Objective of the Circular

- To ensure a uniform and child-friendly admission process
- To prevent academic pressure and unfair screening practices at the entry level
- To bring clarity and consistency in admissions for the 2026–27 academic session

Implementation

- All schools are expected to comply with the revised norms
- The rules will be applicable during the upcoming admission cycle as per the academic calendar

CBSE Curriculum Pattern to Be Introduced in Maharashtra Government Schools

-VidyarthiMitra News Desk

The Maharashtra government will implement the CBSE curriculum pattern in government schools across the state beginning with the 2025–26 academic year, marking a major shift in school education policy.

Key Highlights

- The CBSE syllabus structure will be adopted in state-run schools
- CBSE textbooks will be made available in Marathi to ensure accessibility for all students
- Marathi-language textbooks are scheduled to be ready by April 1, 2026

Objective of the Move

- To align state school education with national academic standards
- To help students prepare more effectively for competitive examinations such as NEET and JEE

Education Minister Assures Free AI Tools for Students

-VidyarthiMitra News Desk

The Andhra Pradesh government has announced plans to introduce advanced Artificial Intelligence (AI) tools into the state's education system, with the aim of providing students free access to modern technology and improving skill development across disciplines.

Proposed Global Partnerships :

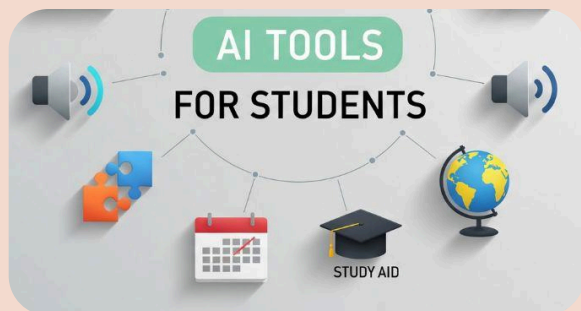

- Education and IT Minister Nara Lokesh stated that the state government plans to hold high-level discussions with global technology companies
- Talks are proposed with Google to enable access to the Gemini AI model and other digital tools
- The tools are intended to be made available to students free of cost

Focus on Skill Development :

- The initiative is designed to help students develop skills aligned with current industry trends
- Emphasis will be placed on modern and emerging fields, including:
 - Digital marketing
 - Data science
- The goal is to improve students' global competitiveness and employability

Government's Broader Vision :

- The plan is part of a wider strategy outlined by Chief Minister N. Chandrababu Naidu
- The state aims to leverage AI-driven solutions to strengthen education and learning outcomes
- The initiative seeks to ensure that students from all backgrounds have equal access to advanced technology

Divyang Candidates to Get Exam Centres of Their Choice

-VidyarthiMitra News Desk

The Union Public Service Commission (UPSC) has decided to mandatorily allot examination centres of choice to candidates with benchmark disabilities (PwBD) who have more than 40% disability. This step has been taken to ensure greater accessibility and fairness in the examination process.

According to the decision, such candidates will be allotted the exam centre they have given priority to while filling their application form. The move aims to reduce the practical difficulties faced by Divyang candidates, particularly issues related to transport, mobility, and communication, which often arise when centres are allotted far from their preferred locations.

By guaranteeing the preferred exam centre, the UPSC seeks to make the examination environment more inclusive and to remove barriers that may otherwise affect the performance and participation of candidates with disabilities.

Purpose of the Decision

The decision focuses on improving accessibility and easing logistical challenges for Divyang candidates by ensuring they can appear for exams at centres best suited to their needs, thereby promoting equal opportunity in competitive examinations.

UGC Introduces 'Professor of Practice' Scheme in Universities

-VidyarthiMitra News Desk

At a Glance:

- The University Grants Commission (UGC) has introduced the 'Professor of Practice' scheme in higher education institutions.
- Under the scheme, experts from industry and professional fields can be appointed as faculty members without a PhD.
- The objective is to bring practical industry experience into classrooms and strengthen skill-based and vocational education.
- Appointments will be for a fixed tenure and shall not exceed 10% of the sanctioned faculty strength of an institution.

The UGC stated that the scheme is aimed at bridging the gap between academic learning and industry requirements by allowing experienced professionals to contribute directly to teaching and mentoring. The appointments are meant to supplement existing faculty, ensuring that students gain exposure to real-world practices alongside theoretical education.

Purpose of the Initiative:

The initiative focuses on enhancing employability and practical skills in higher education through industry participation.

UNESCO, Dior Open Applications for Women@Dior Mentorship Programme 2026-27

-VidyarthiMitra News Desk

UNESCO, in partnership with luxury fashion house Dior, has invited applications for the Women@Dior & UNESCO Mentorship Programme for the 2026-2027 cycle. Applications are currently open and will close on December 31, 2025, with eligible candidates required to apply through the official UNESCO website.

Overview:

- A year-long global mentorship and education programme for young women
- Focus on leadership, creativity, inclusion, and social responsibility
- One-on-one mentorship by professionals from Dior
- Access to online courses developed by UNESCO, Dior, and partners
- Includes a collaborative "Dream for Change" community project

Launched in 2017, the Women@Dior & UNESCO initiative aims to empower young women by equipping them with skills necessary for leadership and professional growth. Over the years, the programme has supported more than 2,800 women from over 60 countries. Selected participants receive personalised mentoring from Dior professionals, focusing on career development, confidence-building, and long-term growth.

In addition to mentorship, participants gain access to an online learning platform offering over 16 expert-led courses covering themes such as women's empowerment, leadership, diversity, and innovation. As part of the programme, mentees also work in teams to design and present a "Dream for Change" project, a practical initiative aimed at supporting girls and young women in their communities.

Initiative to be taken:

The programme seeks to nurture the next generation of women leaders globally by combining mentorship, education, and community-driven action.

State Government Announces Pre-Matric Scholarship for Minority Students

-VidyarthiMitra News Desk

The State government has announced the pre-matric scholarship scheme for students belonging to minority communities, inviting applications from those studying in Classes 1 to 10. The scholarship is aimed at supporting students from minority backgrounds in continuing their school education.

Highlights:

- The scholarship is open to students from Class 1 to Class 10 belonging to notified minority communities.
- Applicants must have secured at least 50% marks in their previous final examination to be eligible.
- Applications must be submitted online through the National Scholarship Portal (NSP).
- The last date for submission of applications is January 15.

Note:

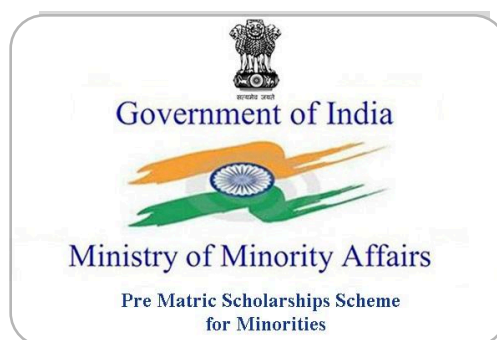

Students cannot hold two scholarships simultaneously. If you are applying for a minority scholarship, you cannot apply for the SC/ST/OBC scholarship in the same academic year.

The government stated that the scheme is intended to reduce financial barriers and encourage academic continuity among minority students at the school level.

Eligible students are advised to complete the application process within the stipulated timeline to avail the benefits of the scholarship.

Reason for the Scheme:

The initiative seeks to promote access to education and improve retention of minority students in schools by providing financial assistance at the pre-matric stage.

10th and 12th Students to Receive Hall Tickets in January

-VidyarthiMitra News Desk

The Maharashtra State Board of Secondary and Higher Secondary Education (MSBSHSE) has announced that hall tickets for 10th and 12th board examinations will be available in January.

Highlights:

- Hall tickets can be downloaded online by schools and junior colleges.
- The tickets are for students appearing in the Class 10 and Class 12 board examinations conducted by the state board.

The board has advised educational institutions to ensure timely downloading and distribution of hall tickets to students so that they can appear for the examinations without any issues.

Reason for the Move:

The initiative aims to facilitate smooth examination preparation and attendance by making hall tickets easily accessible to students through digital means.

NCERT Opens Registration for Online Science Teaching Diploma for Classes 6-8

-VidyarthiMitra News Desk

The National Council of Educational Research and Training (NCERT) has opened registrations for its Online Diploma Course in Teaching of Science at the Middle Stage, specifically designed for teachers of Classes 6 to 8.

Highlights:

- NCERT has invited applications for a 40-week online diploma programme to strengthen science teaching skills.
- The registration deadline is December 28, 2025, and the course will begin on December 29, 2025.
- Participants will be charged a fee of ₹2,000 and can access course materials online with flexible study hours.
- Upon successful completion of all modules and the final exam, participants will receive an NCERT e-certificate.

The programme, offered by NCERT's Department of Education in Science and Mathematics (DESM), is aimed at in-service science teachers across India who teach at the middle school level. It is structured to help teachers enhance their subject understanding, classroom pedagogy, and instructional techniques through a series of online modules delivered over 40 weeks.

Underlying objective:

The initiative seeks to upgrade the teaching capabilities of middle school science educators by providing continuing professional development that emphasizes concept clarity, methodology, and modern teaching practices.

APAAR ID Made Mandatory for SSC and HSC Board Examinees

-VidyarthiMitra News Desk

Pune:

Students appearing for the Secondary School Certificate (SSC – Class 10) and Higher Secondary Certificate (HSC – Class 12) board examinations scheduled for February–March next year must obtain an APAAR ID, the Maharashtra State Board of Secondary and Higher Secondary Education has announced.

Key Points

- An APAAR ID is mandatory for all SSC and HSC students.
- The ID will be required to:
 - Check examination results on DigiLocker
 - Access official digital mark sheets

Instructions to Institutions

- The board has directed divisional boards, schools, and junior colleges to complete APAAR ID registration immediately for eligible students.
- Officials have stressed that delays in registration may lead to last-minute difficulties during examinations and result declaration.

Purpose of the Directive

The move aims to ensure smooth access to digital results and mark sheets and to avoid procedural issues during the board examination process.

Expanded 'Ananddayi Shanivar' Programme for Schools

-VidyarthiMitra News Desk

The School Education Department has issued detailed guidelines for the implementation of the 'Ananddayi Shanivar' (Joyful Saturday) initiative in schools. The programme focuses on experiential and activity-based learning and is to be conducted on Saturdays.

Objective of the Programme :

- To promote joyful, experiential learning beyond routine classroom teaching
- To support students' holistic development through academic, physical, and cultural activities

Key Activities Outlined :

- **Parent-Teacher Interactions**
 - Engagement between parents and teachers to discuss students' progress and well-being
- **Cultural Programmes**
 - Activities encouraging students' participation in arts and cultural expression
- **Yoga and Physical Training**
 - Sessions aimed at improving physical fitness and mental well-being
- **NCC / Scout-Guide Activities**
 - Training and activities focused on discipline, leadership, and teamwork
- **Science Exhibitions**
 - Platforms for students to showcase scientific learning and innovation
- **Career Guidance Sessions**
 - Activities to help students gain awareness about career options and future planning
- **Educational Visits**
 - Learning visits to historical and educational sites such as forts and museums

Implementation :

- The activities are to be conducted as per the guidelines issued by the School Education Department
- Schools are expected to organise and facilitate these activities on Saturdays

Important Guidelines for Schools

1. **Mandatory Compliance:** While individual student participation in specific sub-activities may be optional, the implementation of the framework is compulsory for all state board schools.
2. **No-Bag Day:** Many schools observe this as a "Bag-less Day" to emphasize the shift from rote learning to activity-based learning.
3. **Reporting:** Schools are required to prepare an Annual Implementation Plan and submit regular compliance reports to the District Education Officer.
4. **Inclusivity:** Activities are designed to be inclusive, ensuring students from all backgrounds and abilities can participate.

Major Reforms Planned in Higher Education from Next Academic Year

-VidyarthiMitra News Desk

State higher education authorities are preparing to introduce significant reforms in the higher education system from the next academic year, with the objective of aligning academic standards with international benchmarks.

A crucial meeting of all University Vice-Chancellors (VCs) has been scheduled for December 29, during which the proposed reforms are expected to be finalized.

Meeting of Vice-Chancellors

- The meeting has been convened to discuss and approve key academic and structural changes in higher education
- Prof. V. Balakishtha Reddy, Chairman of the Council of Higher Education, has already circulated the agenda to all Vice-Chancellors
- Vice-Chancellors have been instructed to attend the meeting with complete institutional data and preparedness related to the proposed reforms

Syllabus Revision and Academic Changes

- Expert committees have been working for several months on revising degree and postgraduate (PG) syllabi
- The focus of the revision is to modernize and streamline course content
- The final syllabus has been prepared based on expert committee reports
- Official approval for implementation of the revised syllabus is expected during the December 29 meeting

Objective of the Reforms

- To improve the overall quality of higher education
- To make academic programmes more skill-oriented and industry-relevant
- To enhance students' employability at the international level
- To ensure graduates are better equipped for global job opportunities

Technology-Focused Courses to Be Introduced in Degree and PG Programmes

-VidyarthiMitra News Desk

The government is planning to revamp degree and postgraduate (PG) education by shifting focus from conventional programmes to technology-driven and industry-oriented courses, in line with current and future job market requirements.

Key Academic Changes

- New specialisations will be introduced or integrated into existing programmes, including Computer Science, Data Science, and Artificial Intelligence
- Mandatory technology integration will require at least 20% of the syllabus in every course, including non-technical degrees, to be computer-based

Industry and Global Collaboration

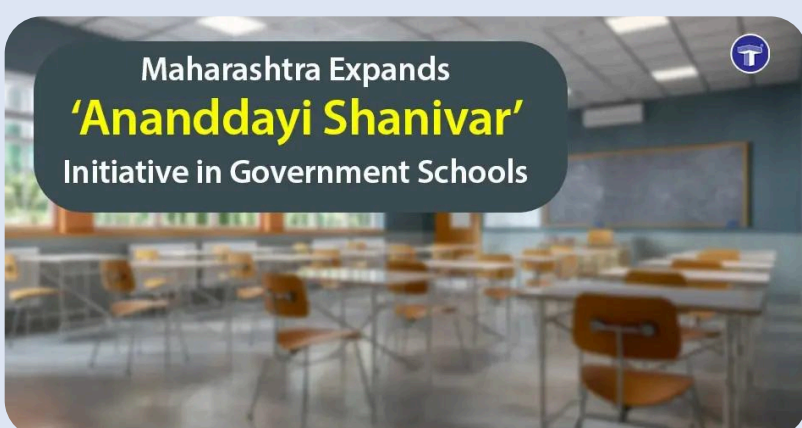

- Colleges offering emerging courses will be required to partner with relevant industries to provide practical, hands-on training
- Postgraduate courses will be upgraded through collaboration with international universities to meet global standards for Ph.D. and professional pathways

Entrance Examination Reforms

- Discussions will include measures to prevent delays in joint entrance examinations for UG and PG admissions

Sector-Specific Focus

- Special emphasis will be placed on Aerospace and Defence sectors
- New courses will be designed based on international data, with focus on cybersecurity and data analytics

CUET PG 2026 Registration Begins; Key Dates, Pattern and Syllabus Out

-VidyarthiMitra News Desk

The National Testing Agency (NTA) has officially opened the online registration for the Common University Entrance Test for Postgraduate (CUET PG) 2026, which is the national-level entrance examination for admission to postgraduate programmes at Central, State, private and deemed universities for the 2026-27 academic session.

Registration Details

- Online registration began on December 14, 2025
- Last date to apply: January 14, 2026 (till 11:50 pm)
- Applications can be submitted through exams.nta.nic.in/cuet-pg or nta.ac.in

Application Correction Window:

- Correction facility will be available from January 18 to January 20, 2026
- Candidates can edit permitted fields in the application form during this period

Examination Schedule

- CUET PG 2026 will be conducted in March 2026
- The exam will be held in Computer-Based Test (CBT) mode

Exam Pattern

- Duration: 90 minutes per paper
- Total questions: 75
- Marking scheme:
 - +4 marks for each correct answer
 - 1 mark for each incorrect answer
 - No marks deducted for unanswered questions
- Candidates may choose up to four question paper codes

Eligibility Criteria

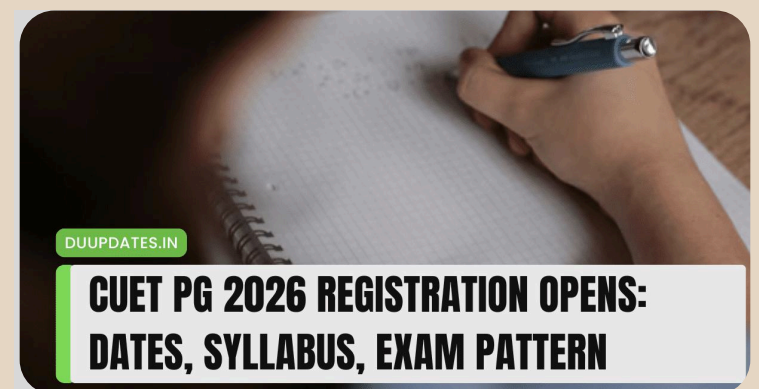

- Candidates must have passed or be appearing in the final year of a Bachelor's degree or equivalent in 2026
- No age limit has been prescribed
- Final admission will be subject to eligibility rules of participating universities

Application Fee

- The application fee varies according to category
- Reduced fees are applicable for reserved category and PwD candidates

Intent of the Notice

- CUET PG is a common entrance test for admission to postgraduate programmes in Central, State, private, and deemed universities across India

NDA, NA and CDS Exam Notifications Released

-VidyarthiMitra News Desk

The Union Public Service Commission (UPSC) has released the notifications for the National Defence Academy (NDA), Naval Academy (NA), and Combined Defence Services (CDS) examinations, inviting applications for recruitment into various defence services.

CDS Examination Notification

- UPSC has issued the notification for the Combined Defence Services (CDS) Examination 2036.
- The examination is conducted for recruitment to multiple defence academies.

Vacancy Details (CDS):

A total of 451 vacancies have been notified. Vacancies are for admission into:

- Indian Military Academy (IMA)
- Naval Academy (NA)
- Air Force Academy (AFA)
- Officers' Training Academy (OTA)

The recruitment includes women candidates (non-technical).

NDA and NA Vacancy Details :

The recruitment drive covers 1,076 courses.

Breakdown of vacancies:

- 801 posts for men
- 16 posts for women

Naval Academy Entry:

- Vacancies include positions under the Naval Academy Cadet Entry Scheme.

Selection Process :

Selection of candidates will be carried out through:

- A written examination
- Followed by an interview

Application Deadline :

For the CDS examination, the last date to submit applications is December 11.

Rationale Behind the Notification :

The notification aims to fill vacancies across key defence training institutions through a standardised selection process involving written tests and interview

Registration for JEE Main 2026 Session 1 to End Soon

-VidyarthiMitra News Desk

The National Testing Agency (NTA) has issued a reminder to candidates regarding the closing of the registration window for JEE Main 2026 Session 1, urging aspirants to complete the application process within the prescribed time.

Registration Status :

- The registration window for JEE Main 2026 Session 1 is scheduled to close this week.
- Candidates who wish to appear for the examination must submit their application forms before the deadline.

Application and Fee Payment :

- Applicants are required to complete the online application process on the official website.
- The application form will be considered valid only after successful fee payment.
- NTA has advised candidates to avoid last-minute submissions to prevent technical issues.

Deadline Reminder :

- The registration process, including application submission and fee payment, must be completed before midnight on the closing date.
- Applications submitted after the deadline will not be accepted.

Correction Window :

- NTA has informed that the application correction window dates will be announced after the registration process concludes.
- Candidates will be given an opportunity to edit permitted details in their submitted forms during this period.

Purpose of the Notice :

The reminder is intended to ensure that eligible candidates complete the registration process on time and to facilitate the smooth conduct of JEE Main 2026 Session 1.

Registrations Open for NIFT 2026 Entrance Examination

-VidyarthiMitra News Desk

The National Testing Agency (NTA) has commenced the online registration process for the NIFT 2026 Entrance Examination, which will be conducted for admission to undergraduate programmes offered by the National Institute of Fashion Technology (NIFT) for the 2026 academic session.

The entrance examination is a national-level test and will serve as the basis for selection into undergraduate fashion and design programmes offered by NIFT.

Courses Covered :

- **Bachelor of Fashion Technology (B.F.Tech)**
 - **Duration:** 4 years
- **Bachelor in Design (B.Des)**
 - **Duration:** 4 years

Important Dates :

- **Last date to apply:** 6 January 2026
- **Extended deadline with late fee:** 10 January 2026
- **Entrance examination date:** 8 February 2026

Candidates who miss the regular deadline may submit their applications within the extended period by paying a late fee, as specified by the authorities.

Application Process :

- The application process is being conducted online
- Candidates seeking admission to NIFT undergraduate programmes must complete the registration within the stipulated timelines
- Admission will be based on performance in the NIFT 2026 national-level entrance examination

Status :

- Online registrations are open
- Candidates are advised to apply within the deadline to avoid late submission

Canada Shifts Immigration Strategy to Prioritise High-Skill Talent

-VidyarthiMitra News Desk

Canada has announced significant changes to its international student and immigration framework, marking a strategic shift towards attracting highly skilled and research-focused talent, particularly at the postgraduate level.

Study Permit Cap and Provincial Attestation Letter (PAL) :

- The Canadian government has capped the total number of new study permits for 2025 at approximately 4.37 lakh (437,000), a reduction compared to the previous year.
- The cap mainly applies to undergraduate and college-level programmes.

Impact on Undergraduate and Taught Master's Programmes :

- Students applying to these programmes will face increased competition.
- Approval rates will depend heavily on the quota allotted to individual provinces and institutions.

Impact on Master's and PhD Programmes :

- **2025 Intake:**
 - Master's and PhD students were initially included under the cap, though separate spaces were reserved for them.
- **From 2026 Onwards:**
 - Master's and PhD students enrolled in public Designated Learning Institutions (DLIs) will be exempt from the study permit cap.
- **PAL Requirement (2026):**
 - From January 1, 2026, Provincial Attestation Letters (PALs) will no longer be required for Master's and PhD students at public DLIs.
- **PhD Processing:**
 - PhD applicants will receive priority study permit processing within 14 days.

Changes to Dependent and Work Permit Rules :

Undergraduate and Taught Master's Students:

- Spouses and dependents are not eligible for Open Work Permits (OWP).

Master's by Research and PhD Students:

- Spouses and dependents remain eligible for Open Work Permits, retaining a key benefit for advanced research candidates.

US Proposes Fixed Visa Duration and Stricter Rules for International Students

-VidyarthiMitra News Desk

The United States has proposed changes to its student visa framework aimed at increasing oversight and accountability. The proposals are currently under consideration by the Department of Homeland Security (DHS).

End of Duration of Status (D/S):

F-1 visas may shift from open-ended stay to a fixed period (around four years). Extensions would require USCIS approval.

Grace Period:

Post-study grace period may be reduced from 60 days to 30 days.

Transfer Limits:

Proposed restrictions on changing study level and transferring institutions within the first academic year for non-graduate students.

Purpose:

To increase monitoring and accountability in the student visa system.

UK Tightens Rules on Student Dependents to Curb Immigration Numbers

-VidyarthiMitra News Desk

The United Kingdom has introduced policy changes aimed at reducing immigration numbers, with a particular focus on restricting dependents accompanying international students.

Dependent Visa Restrictions :

- For students starting courses on or after January 1, 2024, the UK has removed the right to bring dependents for most study programmes.
- Dependents include spouses or civil partners and children.

Impact on Undergraduate and Taught Postgraduate Courses :

- Students enrolled in undergraduate and taught postgraduate programmes — including MBA, MA, MSc, and PG Certificate/Diploma courses — are not permitted to bring dependents.

Impact on Research and Doctoral Programmes :

- The exemption continues for students enrolled in PhD programmes, other doctoral qualifications, or research-based higher degrees such as MRes.
- These students remain eligible to bring dependents.

Graduate Visa (Post-Study Work Route) :

- For undergraduate and taught postgraduate students, the Graduate Visa currently allows a stay of two years.
- Based on recent reviews, there is a strong possibility that this duration may be reduced to 18 months starting in 2027.
- For research and PhD graduates, the Graduate Visa remains valid for three years.

Australia Tightens Student Visa Rules to Ensure Genuine Study Intent

-VidyarthiMitra News Desk

Australia has introduced stricter student visa checks to ensure international students pursue education with genuine academic intent.

Genuine Student (GS) Requirement :

- Introduced in early 2024, replacing the Genuine Temporary Entrant (GTE) statement.
- Applies to UG, PG, and PhD applicants.
- Candidates must answer targeted questions instead of submitting a long statement.
- Assessment is based on course relevance, ties to home country, knowledge of the course and Australia, and explanations for study or work gaps.
- PhD applicants generally find it easier to meet GS criteria due to structured research proposals.

Confirmation of Enrolment (CoE) :

- A mandatory CoE is required for all student visa applications.
- This usually means tuition fees or the first instalment must be paid before applying.

Rationale :

- The measures aim to protect the integrity of Australia's student visa system by filtering non-genuine applications.

Bharathidasan University Issues Admission Notification

Bharathidasan University has released an admission notification, inviting applications for eligible candidates. The admissions will be conducted based on the marks obtained in the UGC/CSIR examinations, as specified in the notification.

Highlights:

- Selection will be based on UGC/CSIR exam scores.
- The last date for submission of applications is January 12, 2026 (12-01-2026).
- Candidates can download detailed notifications and application-related documents from the official university website, www.bdu.ac.in.

The university has advised interested candidates to carefully review the eligibility criteria and other instructions provided in the notification before applying. Applications must be submitted within the stipulated deadline to be considered for admission.

Purpose of the Notification:

The announcement aims to inform prospective candidates about the admission process and timelines, ensuring transparency and timely participation in the university's selection procedure.

CAT 2025 Results to Be Announced Soon by IIM Kozhikode

The Indian Institute of Management (IIM) Kozhikode is expected to announce the CAT 2025 results shortly, along with the final answer key. Once declared, candidates will be able to download their scorecards from the official website, iimcat.ac.in. Candidates may also receive result notifications via SMS.

As per the CAT 2025 information bulletin, the results are likely to be released by the first week of January 2026. The CAT 2025 scorecard will remain valid till December 31, 2026 and will be available for download on the official website until that date.

CAT 2025 Exam Overview :

- **Exam Date:** November 30, 2025
- **Number of Candidates Appeared:** Around 2.58 lakh
- **Provisional Answer Key Released:** December 4, 2025
- **Objection Window:** December 8 to December 10, 2025

How to Download CAT 2025 Scorecard :

- Visit iimcat.ac.in
- Click on 'CAT 2025 Scorecard Download'
- Enter CAT ID and password
- Download the scorecard PDF

Acceptance of CAT 2025 Scores :

- **CAT 2025 scores are accepted by:**
 - Indian Institutes of Management (IIMs)
 - Indian Institutes of Technology (IITs)
 - Government institutions
 - Over 1,000 MBA colleges across India

Admission Process :

- Each IIM follows its own admission and selection criteria.
- Selection is based on CAT scores, academic performance, work experience, and interviews.
- Candidates are advised to check individual IIM admission policies for detailed requirements.

B.Tech Admissions Open at Symbiosis International University

Pune:

Symbiosis International (Deemed University) has invited online applications for B.Tech admissions for the 2026 academic year across its campuses in Pune, Nagpur, and Hyderabad.

Admission Routes :

- Candidates can apply with or without appearing for the Symbiosis Institute of Technology Engineering Entrance Exam (SITEEE) 2026
- Admissions will also be considered through scores obtained in:
 - JEE Main
 - MHT CET
 - Other state-level engineering entrance examinations

SITEEE 2026 Schedule :

- Last date to apply: 10 April 2026
- Examination dates: 2 May 2026 and 10 May 2026

Eligibility and Application :

- Applications must be submitted online
- Candidates may choose the admission route based on their available entrance examination scores

AICTE Post-doctoral Fellowship (PDF)

-VidyarthiMitra News Desk

About

AICTE Post-doctoral Fellowship (PDF) Scheme 2024-25 is a program launched by the All India Council for Technical Education (AICTE) to provide financial assistance to meritorious students to pursue research and studies in specified fields of study in AICTE-approved institutions. Every year, AICTE offers 200 fellowships to deserving students. The selected candidates will receive a monthly fellowship of ₹65,000 and other benefits.

Eligibility

- Applicants must be under 35 years of age, unemployed, and have at least 55% marks (or equivalent) in UG/PG or a Ph.D. in a relevant discipline.
- They must be enrolled in an AICTE-approved institution and have a regular, approved Ph.D. supervisor from an AICTE-approved institute/university

Benefits

The selected candidates will receive a tuition discount of:-

- A monthly fellowship of ₹65,000
- An annual contingency grant of ₹50,000 for miscellaneous expenses
- House Rent Allowance (HRA) as per central government norms

Required Documents

- Age proof such as birth certificate/Aadhaar card etc
- Ph.D. degree certificate/provisional certificate
- Undergraduate and postgraduate degrees and marksheet
- No Objection Certificate signed by the supervisor, HOD and registrar/director of the university/institute
- Caste certificate (if applicable)
- Disability certificate (if applicable)

How can you apply?

Step 1: Start Application Click the 'Apply Now' button to begin.

Step 2: Account Setup Select 'Register' and enter your details. If you already have an account, simply log in using your registered Email, Mobile number, or Gmail.

Step 3: Portal Registration Locate the 'Register' button on the right side of the dashboard. Complete the form to finalize your registration on the portal.

Step 4: Form Submission Fill in all required information, upload any necessary documents, and click Submit.

Important Dates

Candidates are eligible to apply for the fellowship at any time throughout the year.

Selection Criteria

The AICTE committee will evaluate the research work of the applicants along with their accomplishments at the Ph.D. level and select candidates accordingly.

Terms & Conditions:

Exclusivity: Non-transferable. No other financial aid or outside employment is permitted.

Research Standard: Full-time commitment (8 hours daily) with a mandate of one Scopus paper or patent annually.

Onboarding: Join within one month (extensions up to three months require approval).

Leave & Monitoring: Medical leave pauses payments. Continuous funding depends on mandatory progress reports.

Termination: Immediate cancellation for poor progress, plagiarism, false data, or employment.

Anjum Chopra Sports Scholarship 2024

-VidyarthiMitra News Desk

About

Anjum Chopra Sports Scholarship 2024 is offered by PUSH Sports for women cricketers aged 14-25 who represent their state teams. Each year, 10 athletes are selected and awarded ₹1,00,000 annually to support training and match exposure through domestic and international tours. Scholars also receive 12 months of training at Push Sports Arenas, along with mentorship from Mr. Puru Singh, former coach of the Delhi Women's U-23 team.

Eligibility Criteria

- To be eligible, an applicant must:
 - be an Indian citizen
 - be a woman cricketer between the age of 14 and 25 years
 - be playing for state teams

Benefits

- The selected candidates will receive a financial support of ₹1,00,000 per annum towards high-quality training programs and match exposure through domestic and international tours.
- Additionally, the selected athletes will have the opportunity to train with top coaches at Push Sports Arenas in India for a 12-month period, as well as receive mentorship from Mr. Puru Singh, the former coach of the Delhi Women's U-23 Team.

How can you apply?

Eligible candidates can apply for the opportunity by following the below-mentioned steps:

Step 1: Click on the 'Apply Now' button.
Step 2: Click the 'Register' button and fill in the required registration details. (Note - If already registered, log in using Gmail/Mobile number/Email Id)
Step 3: Fill in the required details and submit to 'Register' for the scholarship.

Important Dates

Interested candidates can apply for the scholarship at any time of the year.

Selection Criteria

- The applicants will be shortlisted based on the fulfilment of the eligibility criteria.
- The shortlisted candidates will be invited for a trial and interview at one of Push Sports' facilities in the Delhi NCR region. They will be notified of the decision within 15 days.
- Post-selection, the selected athletes will sign a contract with Push Sports Management to access the benefits of the scholarship. The management of Push Sports and the athlete are free to negotiate other areas of player management as part of this process.

PM CARES for Children Scheme

-VidyarthiMitra News Desk

About

PM CARES for Children Scheme is a sub-scheme of the PM CARES Fund for children who lost both parents due to the COVID-19 pandemic. Implemented by the Ministry of Women and Child Development in collaboration with states and UTs, the scheme aims to provide comprehensive care and protection, including financial support, health insurance, and education assistance, to help affected children grow into healthy and self-reliant individuals.

Eligibility

The applicant must fulfil the below-mentioned criteria:

- Applicants must be Indian citizens and residing in India at the time of application.
- Children must be under 18 years old at the time of application.
- Children who have lost both parents, a surviving parent, a legal guardian, adoptive parent(s), or a single adoptive parent due to COVID-19 since 11th March 2020, are eligible.

Benefits

- ₹10,00,000 financial assistance provided to the child/guardian
- ₹5,00,000 health insurance coverage for 5 years
- ₹20,000 annual scholarship for school education up to Class 12
- Boarding and lodging support till the child turns 18 years
- Financial assistance for higher education (scholarship or education loan)
- Rehabilitation support including counselling, training, and placement assistance

Documents

- Death certificates of the parents
- Proof of age of the child
- Proof of the relationship of the child with the deceased parents
- Proof of income of the family
- A statement from the Child Welfare Committee (CWC).

IIAS Fellowship Award 2023

-VidyarthiMitra News Desk

About

IIAS Fellowship Award 2023 is an opportunity offered by the Indian Institute of Advanced Study, Shimla to research applicants. The selected candidate will receive variable awards.

Source: [Indian Institute of Advanced Study, Shimla](#)

Eligibility

To be eligible, an applicant must:

- Be a researcher

Benefits

- The selected candidates will receive the following benefits:
 - The pay of fellows in government/allied services (not in the private sector) will be protected.
 - In addition, the fellows will receive 20 per cent of their basic pay in case they have not availed of government accommodation and can demonstrate that they are maintaining a separate home on rent.
 - The fellowship grant for fellows who are independent/retired scholars is ₹61,100 per month.

How can you apply?

Follow the below steps to apply for the fellowship:

Step 1: Click on the "Apply Now" button and read all details carefully.
Step 2: Download the application form.
Step 3: Send the application as prescribed to the below-mentioned address -
Secretary, Indian Institute of Advanced Study, Shimla - 171005

How can you apply?

Registration: Click 'Apply Now' and then 'Register' to enter your basic details. If you have an account, simply log in using your email or mobile number.

Access Portal: Go to the 'How To Apply Online' section, select 'click here to register', and click the 'Login' button at the top right corner.

Create Account: Select 'New User' and complete the form. Verify your account by clicking the link sent to your registered email address.

Complete Profile: Log in and navigate to 'User Profile'. Fill in all mandatory fields, including your biodata (using the provided template), photo, and institute address.

Submit: Review your information and click Submit to finalize your application.

Important Dates

The applicants can apply for the position at any time of the year.

Selection Criteria

The fellows will be selected based on their performance and fulfilment of the eligibility criteria.

Terms and Conditions

- Women Scientists cannot hold POWER Fellowship and POWER Grant at the same time.
- If the candidate has CO-PI in the proposal then ensure that all the copies are also registered into the system following the same procedure.

Japanese Government (MEXT) Scholarship

-VidyarthiMitra News Desk

About

The MEXT Scholarship is offered by the Ministry of Education, Culture, Sports, Science and Technology of Japan. It is a highly competitive, fully-funded scholarship for international students at the Undergraduate, Master's, and PhD levels.

Eligibility

- The requirements vary by program level, but general criteria apply to all:
 - Nationality: Must be a national of a country that has diplomatic relations with Japan.
 - Health: Must be in good physical and mental health.
 - Visa: Must be willing to acquire a "Student" visa and enter Japan on the designated arrival date.

Scholarship fully covers:

- Academic Costs: All tuition fees, matriculation fees, and entrance examination fees for the duration of the program are waived.
- Living Expenses: A monthly, tax-free stipend is provided, offering a generous living allowance. This amount is approximately ¥117,000 for Undergraduates and roughly ¥144,000 - ¥145,000 for Master's/PhD students.
- Travel: A round-trip economy class airfare is provided, covering travel from your home country to Japan and back upon completing your studies.
- Language Training: For most students lacking Japanese proficiency, a six-month to one-year preparatory course in Japanese language and culture is fully covered before the academic program begins.

Specific Requirements by Level:

- Undergraduate (UG): Applicants must be between 17 and 25 years old (usually born on or after April 2 of the relevant year) and have completed 12 years of schooling with a high academic score (often 80% or equivalent).
- Master's/Research (PG): Applicants must be under 35 years old (born on or after April 2 of the relevant year) and hold a Bachelor's degree (16 years of schooling, or equivalent, with minimum academic achievement, often 70% or equivalent).
- PhD (Doctoral): Applicants must be under 35 years old and hold a Master's degree (or equivalent).

Application Process:

Preparation (Apr/May 2026): Application guidelines and forms are released by your local Embassy/Consulate.

Submission (May 2026): Submit a complete packet, including the MEXT form, transcripts, recommendation letter, and a research plan (for graduate students).

First Screening (Jun/Jul 2026): This is the local elimination round. It consists of mandatory Written Subject Exams (based on your study level and field) followed by a crucial Interview for shortlisted candidates.

Second Screening & Placement (Aug 2026 – Mar 2027): Successful candidates must secure a Letter of Provisional Acceptance from a Japanese university. MEXT then makes the final scholarship and university assignment decisions.

Final Results & Departure (Jan – Oct 2027): Final confirmation is issued, followed by departure to Japan in either April or October 2027.

Joint Japan/World Bank Graduate Scholarship Program (JJ/WBGSP)

-VidyarthiMitra News Desk

About

The Joint Japan/World Bank Graduate Scholarship Program (JJ/WBGSP) is a prestigious, fully-funded scholarship aimed at developing future leaders and technical specialists from eligible developing countries. It is funded by the Government of Japan and managed by the World Bank

Core Purpose and Focus

This program is specifically designed for mid-career professionals who are committed to contributing to their country's development efforts upon completing their studies. It funds Master's degree programs in key development-related fields such as:

- Economic Policy Management
- Taxation and Public Policy
- Infrastructure Management
- Global Health Policy
- Sustainable Development

Application Process and Timeline

Window 1 (Jan 15 – Feb 27, 2026):

This window is typically for programs that start their academic year early.

Window 2 (Mar 30 – May 29, 2026):

This window is generally for programs with later start dates.

Scholarship Coverage

The scholarship provides a complete financial package for the Master's program (up to two years), including:

- Full Tuition and Fees: All mandatory academic costs are covered.
- Monthly Living Allowance: A generous stipend is provided to cover accommodation, food, and books, adjusted based on the host country's cost of living.
- Travel and Insurance: Costs include round-trip economy airfare between home and the host university, plus health and accident insurance coverage

Eligibility:

- Nationality: Must be a national of a World Bank developing country and cannot hold dual citizenship with any developed country.
- Experience (Mid-Career): Requires a Bachelor's degree earned 3+ years ago, plus 3+ years of recent, paid, full-time, development-related work experience.
- Admission: Must be currently employed in a development role and hold an unconditional acceptance to a specific JJ/WBGSP Master's Program outside your home country.

Queen Elizabeth Commonwealth Scholarships (QECS)

-VidyarthiMitra News Desk

About

The Queen Elizabeth Commonwealth Scholarships (QECS) offer a distinctive, fully-funded opportunity for students from Commonwealth countries to pursue a two-year Master's degree in another Commonwealth country. The programme is managed by the Association of Commonwealth Universities (ACU).

Eligibility Criteria

- Must be a citizen of a Commonwealth country, applying for a Master's program outside your home country, with strong academic results (typically 2:1 equivalent).
- Timeline: Applications typically open around November 24th and close around January 14th (e.g., Nov 24, 2025 – Jan 14, 2026).

Coverage: Fully funded, including:

- Full tuition fees (for the two-year Master's course).
- Monthly living allowance (stipend).
- Round-trip economy airfare.
- Arrival and research grants

Purpose and Scope

The core aim of QECS is to foster cross-cultural understanding and contribute to the development of the host and home countries. Unlike many other scholarships, QECS specifically targets study at leading universities located in low and middle-income Commonwealth countries. This means the scholarships are not tenable in high-income nations like the UK, Canada, Australia, or New Zealand. Scholars are expected to develop knowledge and skills to address global challenges and promote positive change.

Application Process and Timeline

The QECS typically operates with two application cycles per year. The period you mentioned is for one of the major cycles:

- Current Cycle:** Applications generally open around November 24 and close around January 14 of the following year (e.g., Nov 24, 2025, to Jan 14, 2026).

Application Steps:

a. Identify Host Institutions: Review the official QECS website to see which low and middle-income Commonwealth universities are hosting the scholarship in the current cycle, along with the eligible courses.

b. Submit University Application: Applicants must simultaneously submit a separate application to their chosen host university for admission to the specific Master's course.

c. Submit QECS Application: Complete and submit the online QECS application via the ACU website, focusing on detailed statements that outline your academic plan, how your study aligns with global development goals (like the UN SDGs), and how you intend to use your networks.

Edith Cowan University (ECU) International Master's Scholarship

-VidyarthiMitra News Desk

About

The Edith Cowan University (ECU) International Master's Scholarship is a significant financial aid option for prospective international students aiming to pursue a Master's by Coursework degree in Western Australia.

Value and Benefit

The primary benefit of this scholarship is a 20% reduction in your tuition fees for the entire duration of your eligible Master's coursework program at ECU.

- Note on Full Tuition/Stipend: While some ECU scholarships (like the Higher Degree by Research Scholarships) offer full tuition waivers and monthly stipends (AUD \$35,000 per annum), the International Master's Scholarship for coursework students is typically a 20% tuition discount. It does not cover full tuition or provide a separate monthly stipend for living expenses.
- Offer: If successful, the scholarship offer (outlining the 20% fee reduction) will be issued alongside your Letter of Offer for the course.

Eligibility and Focus

This scholarship is designed to attract high-achieving international students to ECU.

- Applicant Status: You must be an international student (not an Australian or New Zealand citizen/permanent resident).
- Study Level: Applicable only to Master's by Coursework degrees.
- Academic Performance: While specifically named scholarships (like the International Excellence Scholarship) target high achievers, all ECU international scholarships are generally merit-based.
- Commencement: You must be a new commencing student enrolling in an eligible Master's course in either Semester 1 or Semester 2 of the 2026 academic year.
- Eligible Courses: The scholarship applies to a wide range of fields, including courses in Business and Law (e.g., MBA, Master of Business Analytics), Education, Engineering, Science, and Medical/Health Sciences.
- Exclusions: You cannot be a recipient of a government scholarship or industry sponsorship, or another ECU scholarship simultaneously.

Application Process and Timeline

The application process is simplified and automatic for eligible candidates.

- Automatic Consideration: No separate scholarship application is required. When you submit your application for an eligible Master's course at ECU, the Admissions team will automatically assess you for the scholarship based on your academic merit.
- Deadline: The official final closing date for the 2026 intake is typically around August 8, 2026, covering both Semester 1 and Semester 2 admissions. However, early application is highly recommended as places for both the course and the scholarship may be limited.

PRINCIPAL'S DESK – A PLATFORM FOR EDUCATIONAL INSIGHTS AND OPPORTUNITIES

The Principal's Desk at epaper.VidyarthiMitra.org is a dedicated space designed to serve as a hub of knowledge-sharing and collaboration for educators, academic leaders, and administrators. This platform provides an opportunity for institutions to share valuable insights, important announcements, and academic opportunities with a broad audience that includes students, parents, and fellow educators. By fostering a culture of collaboration, the Principal's Desk allows colleges, universities, and educational institutions to contribute articles and updates that are of relevance to the academic community.

For institutions looking to highlight their unique offerings, faculty achievements, new programs, or institutional milestones, this platform serves as the ideal avenue to showcase their strengths. Whether it is about reaching prospective students, announcing new courses, or sharing details about scholarships and internships, the Principal's Desk helps institutions effectively engage with the right audience. Additionally, institutions can provide information about admission procedures, campus events, faculty contributions, and other academic initiatives, thereby ensuring greater visibility and outreach.

For those seeking talented individuals to fill job vacancies, faculty positions, or internship opportunities, the Principal's Desk is an effective medium to connect with aspiring candidates looking for career growth in the education sector. By sharing details about job openings, eligibility criteria, application deadlines, and recruitment procedures, institutions can attract skilled and qualified professionals who align with their academic vision.

Submitting an article or announcement is a simple and straightforward process. Institutions need to send their content along with relevant images or graphics to the editorial team at info@vidyarthimitra.org, where it will be reviewed for publication in the next edition. The platform adheres to guidelines that ensure content is fact-based, grammatically accurate, and free from plagiarism, thus maintaining high editorial standards.

Sincerely,
Mr. Ravindra Kamtam
Editor-in-Chief
epaper.VidyarthiMitra.org

GK QUESTION

Q: I am an ocean of letters and numbers, but I have no shore. I contain all the facts of the world, but I am not a museum. What am I?

Answer: The internet or A library

Q: I am easy to get into, but hard to get out of. I cost a lot of money, but I promise a better job. What am I?

Answer: College or University

Q: The more you simplify me, the more complex my answer becomes. I begin with a gap and end with a bibliography. My true success is not finding the known, but defining the unknown. What am I?

Answer: A Thesis or Research Project

Q: I am a speed limit, but I have no sign. Nothing with mass can ever truly reach me, and everything without mass must travel at me. I am the cornerstone of two of Einstein's most famous theories. What am I?

Answer: The Speed of Light (c)

STUDENT CORNER – YOUR VOICE MATTERS

Your Voice Matters!

Dear Students,

The Student Corner at epaper.VidyarthiMitra.org is an exclusive space designed to empower students by providing them with a voice to express their thoughts, share their concerns, and seek academic guidance. Navigating the educational landscape can often be challenging, especially with the vast amount of information available on college admissions, entrance exams, reservation policies, syllabus requirements, and studying abroad. This section is tailored to address such concerns, allowing students to ask queries related to education in India and overseas, with a team of experts striving to provide them with accurate, insightful, and well-researched responses.

Submitting queries, opinions, or experiences is simple—students can email their content to info@vidyarthimitra.org, where the editorial team will review it for potential publication. In addition to seeking answers, students are encouraged to engage with fellow readers by participating in discussions, exchanging feedback, and sharing their academic experiences. This space is not just an information hub but a community-driven platform where students can connect, collaborate, and grow together while navigating their unique educational journeys.

By fostering an interactive and supportive environment, the Student Corner ensures that students feel heard, valued, and motivated throughout their academic paths. Whether they seek guidance, wish to contribute insights, or simply want to engage in constructive discussions, this platform provides them with the opportunity to be active participants in shaping the academic discourse. Education is a journey, and through the Student Corner, students can feel assured that they have a dedicated space where their voices truly matter.

Best Regards,
Mr. Ravindra Kamtam
Editor-in-Chief
